The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All eligible employees of the Company upon reaching age 21 and one year of service, are eligible to contribute salary deferrals to the Plan, as well as receive Company Safe-Harbor matching contributions, and other Company profit sharing contributions. In addition, to receive a profit sharing contribution, an employee must be employed on the last day of the Plan year and have worked 1,000 hours during the Plan year.

Participant Contributions

Participants may contribute, through pre-tax deferral of compensation, an amount up to the maximum allowed by the IRS. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may also make after-tax Roth contributions to the Plan.

Employer Contributions

The Company may contribute a discretionary Safe-Harbor matching contribution each year. For the year ended December 31, 2020 the Safe-Harbor match was equal to 100% of an eligible participant's salary deferrals, up to the first 3% of Plan Compensation plus 50% of the amount the participant contributes between 3% and 5% of Plan Compensation. There were no employer profit sharing contributions for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of benefit payments and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Account Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant has the option of directing contributions into any of the investment account options selected by the Company and may change the allocation to the extent permitted by the individual agreements.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions and contributions representing rollovers from other qualified plans, plus earnings thereon. Participants are also always 100% vested in any Company Safe-Harbor matching contributions. Participants vest in the Company profit sharing and other contributions as follows:

Years of service	Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

For vesting purposes, one year of service is a year in which a participant has worked at least 1,000 hours during a plan year. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming disabled.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested interest. A participant may have one outstanding loan at any given time. Note terms for newly disbursed loans range from one to five years unless the loan is used to purchase the primary residence of the participant. The term of the loan is never to exceed the participant's normal retirement age. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing rate which would be charged by independent lenders for similar loans. Interest rates range from 5.25% - 7.00%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or any other reason, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account as a lump-sum distribution or a partial withdrawal of the account balance. If a terminated participant has an account balance of less than $5,000 and does not request the account balance be rolled into another qualifying plan will automatically have their account balance rolled into an Individual Retirement Account established for the benefit of the participant. Terminated participants with account balances greater then $5,000 may elect to leave their account in the Plan or roll their account balance into another qualified plan. Participants may also receive in-service distributions on account of hardship or after reaching normal retirement age (age 59 1/2). As of December 31, 2020 and 2019 there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Company may use forfeitures to pay Plan expenses, reduce Company contributions, or allocate forfeitures to the remaining participants in the Plan. As of December 31, 2020 and 2019, there were no forfeitures in the Plan. For the year ended December 31, 2020, there were no forfeitures used to pay Plan expenses or reduce employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements and a description of the method(s) and significant assumptions used to determine the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend dates. Net appreciation or depreciation includes Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through October 12, 2021, the date on which the financial statements were available to be issued.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Recently Adopted Accounting Pronouncements

In 2018, The Financial Accounting Standards Board (FASB) issued ASU 2018-13, *Fair Value Measurement* (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.

This ASU focuses on improving the effectiveness of disclosures in the notes to financial statements by facilitating clear communication of the information required by U.S. GAAP that is most important to users of each entity's financial statements. Specifically this ASU removes disclosure requirements related to (1) the amount of, and reasons for, transfers between Level 1 and Level 2 of the fair value hierarchy; (2) the policy for timing of transfers between levels; (3) the valuation processes for Level 3 fair value measurements; and (4) for non-public entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

In addition, this ASU also modifies disclosure requirements such that (1) in place of a rollforward for Level 3 fair value measurements, a non-public entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; (2) for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date that restrictions from redemption might lapse, only if the investee has communicated the timing to the entity or announced the timing publicly; and (3) it is clear that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

Adoption of this standard as of December 31, 2020 had no material effect on the Plan's current year financial statements.

NOTE 3: FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3: FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, resulting in a Level 1 valuation.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,951,055	$ -	$ -	$ 2,951,055
	$ 2,951,055	$ -	$ -	$ 2,951,055

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 (unaudited):

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,342,489	$ -	$ -	$ 2,342,489
	$ 2,342,489	$ -	$ -	$ 2,342,489

NOTE 4: UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the 2020 financial statements, including the associated investment income and interest income from notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A), the custodian of the Plan. This information has not been audited by independent accountants.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: TAX STATUS

On March 31, 2014, the Internal Revenue Service issued a favorable determination letter on the documents adopted by the Plan, noting that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan's administrator believes that the Plan's design and operations continue to comply with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: TRANSACTIONS WITH PARTIES-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns fifty percent or more of such an employer. Substantially all administrative expenses of the Plan are paid by the Plan Sponsor. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan holds mutual fund investments issued by affiliates of the custodian. Transactions with these investments reflect parties-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: CONTINGENCIES

The World Health Organization declared the worldwide coronavirus (COVID-19) outbreak a public health emergency on January 30, 2020 and officially declared it as a pandemic as of March 11, 2020. Management has performed an evaluation of certain financial statement line items such as investments, contributions, and investment income, to determine whether valuation or impairment adjustments should be made. Management has determined that the amounts reported on the financial statements are properly valued as of December 31, 2020. However, since the duration and full effects of the COVID-19 outbreak are yet unknown there could be future negative impacts to the financial condition of the Plan.
