Notes to Financial Statements

Note 1. Description of Plan

The following description of the Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Fin Feather Fur Outfitters, Inc. who are age twenty-one or older, and who have completed one year of service (1,000 hours). The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees along with investment advisors, determines the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute a percentage of their pre-tax compensation or make Roth contributions that are not more than the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a safe harbor 401(k) plan. As such, the employer mandatory safe harbor matching contribution amounted to 100% of the first 3% contributed and 50% of contributions between 3-5% of defined compensation. In addition, the Company may make a profit sharing contribution to the plan each year and in such amount, if any, that is determined by the Company. No profit sharing contributions were made for 2020 or 2019.

Participant Accounts
Each participant's account is credited with the participant's contributions and contributions by the Company, earnings or losses on those contributions, and an allocation of administrative expenses that are paid by the Plan.

Participant-Directed Investment Options
Upon enrollment in the Plan, participants may direct their contributions as well as any contributions made by the Company into any of the investment options with varying degrees of risk and reward. Participants may, at any time, change their investment options by a telephone voice response system or on-line.

Vesting
Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings is as follows:

Years of Service	Percentage Vested
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits
On qualified in-service distributions or termination of service due to death, disability, retirement, or termination for other reasons, for account balances greater than $5,000, a participant may elect to receive a lump sum distribution equal to the value of the participant's vested interest in their account. The Plan Administrator may authorize a lump-sum distribution for account balances less than $5,000. Participants are entitled to receive their benefits as soon as administratively feasible.

Note 1. Description of Plan (continued)

Forfeited Accounts
Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may first be used to pay for Plan administrative expenses. Forfeitures may also be used to reduce any employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $10,558 and $17,837 respectively. Forfeitures reallocated and used to pay fees totaled $4,150 and $1,848 for the years ended December 31, 2020 and 2019, respectively. Forfeitures reallocated and used to reduce employer contributions totaled $3,004 for the year ended December 31, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates**.**

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain plan administrative expenses are paid with forfeitures and by the sponsor. Investment fund management, recordkeeping and advisory fees are netted against investment fund earnings. Expenses that are paid by the Company are excluded from these financial statements.

Note 3. Information Certified By Custodian

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Custodian that such information is complete and accurate:

	2020	2019
Investments:		
Fair value	$ 3,403,910	$ 2,812,228
Contract value	59,919	34,329
For the period ended:		
Net appreciation in fair value of investments	314,421	430,663
Interest and dividend income	21,412	22,872

Information contained in the following supplemental schedules
Assets Held for Investment - 2020 Page 11

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of the fair value of an asset or liability as of the measurement date. The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 1 securities include highly liquid government bonds, treasury securities, and exchange traded equities.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 securities would include U.S. agency securities, mortgage-backed agency securities, obligations of states and political subdivisions, and certain corporate, asset backed securities, and swap agreements.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 securities would include hedge funds, private equity securities, and private investments in public entities.

Note 4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual/Money Market Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is based on the value of underling assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Guaranteed Interest Account: Valued at contract value which approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See note 5 for further details.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,372,113	$ -	$ -	$ 3,372,113
Money market	31,797	-	-	31,797
Total assets at fair value	$ 3,403,910	$ -	$ -	$ 3,403,910

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,794,391	$ -	$ -	$ 2,794,391
Money market	17,837	-	-	17,837
Total assets at fair value	$ 2,812,228	$ -	$ -	$ 2,812,228

Note 5. Guaranteed Interest Account

The Standard's Stable Asset Fund is a group annuity product available as an investment option to plan participants. The fixed annuity contact is issued by The Standard Insurance Company. The Standard Insurance Company maintains the contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed interest account approximates contract value at December 31, 2020 and 2019. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Interest rates are set on an annual effective basis. Such interest rates are reviewed on a quarterly basis for resetting. The average crediting interest rate was 1.22% and 2.40% for 2020 and 2019, respectively. The Standard's position is that the average yield earned by the entire fund and the actual interest rate credited to participants is the same.

Note 5. Guaranteed Interest Account (Continued)

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The guaranteed interest contract permits The Standard to terminate the contract with 30 days advance written notice for reasonable cause.

The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by July Business Servcies, Inc., which has received a favorable opinion letter from the IRS. Therefore, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of a company to evaluate tax positions taken by the company and recognize a tax liability if the company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reclassifications

Certain minor reclassifications have been made to 2019 to conform with 2020 presentation.

Note 10. Covid-19

In January 2020, the World Health Organization ("WHO") announced a global health emergency due to a new strain of coronavirus ("COVID-19") originating in Wuhan, China and the risk to the international community as the virus spread beyond its point of origin. In March 2020, the WHO classified COVID-19 as a pandemic, due to its rapid spread and severity.

Remaining impacts of the COVID-19 pandemic on market conditions are difficult to predict. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the ultimate impact of the pandemic on the Plan's net assets available for benefits, and changes in net assets available for benefits are uncertain.

In response to the COVID-19 pandemic, in March 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allow defined contribution plans to waive mandatory distributions otherwise required to be paid in calendar year 2020. The CARES Act also permits tax-advantaged withdrawals and the suspension of certain loan repayments by certain participants affected by COVID-19. The Plan has been administered to permit such withdrawals and loan repayment suspensions.

Note 11. Subsequent Events

Events subsequent to December 31, 2020 have been evaluated through September 28, 2021, the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading.
