NOTE A - DESCRIPTION OF PLAN

The following description of Schwebel Baking Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution pension plan covering substantially all employees of the Schwebel Baking Company and subsidiaries who: 1) are not covered by collective bargaining agreements and have completed 1,000 hours of service and 2) are represented by certain local unions regardless of length of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was $19,500 in 2020 and $19,000 in 2019, plus an additional $6,500 contribution in 2020 and $6,000 in 2019, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit-sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service.

Notes Receivable From Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions. A participant is allowed a maximum of one outstanding loan.

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested accounts.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled $134,832 at December 31, 2020 and $95,792 at December 31, 2019. Also, in 2020 and 2019, employer contributions were reduced by $114,796 and $45,814 from forfeited nonvested accounts, respectively.

CARES Act:

Effective March 27, 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. The CARES Act distribution provision allowed the Plan's participants to take a distribution up to $100,000 or 100% of their vested balance, whichever is less, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Eligible participants who receive a distribution under the CARES Act were not subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. The CARES Act loan provision allowed the Plan's participants to take a loan up to $100,000 or 100% of the participants vested balance, whichever is less, through September 22, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who had Plan loan repayments to suspend such repayments through December 31, 2020 and then reamortize the loan over the remaining period of the loan plus up to an additional 12 months. Pursuant to the CARES Act, the Plan also suspended all minimum required distributions for 2020 and allowed participants who had already taken their minimum required distributions to roll them back into the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2020, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2021 the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2020 and 2019, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets at December 31, 2020 are comprised of the following:

	Assets at Fair Value	
	(Level 1)	Total
Registered investment companies	**$ 28,716,195**	**$ 28,716,195**
Total assets in fair value hierarchy	**28,716,195**	**28,716,195**
Investments measured at net asset value	**0**	**4,723,981**
Total investments at fair value	**$ 28,716,195**	**$ 33,440,176**

Assets at December 31, 2019 are comprised of the following:

	Assets at Fair Value	
	(Level 1)	Total
Registered investment companies:	$ 27,556,646	$ 27,556,646
Total assets in fair value hierarchy	27,556,646	27,556,646
Investments measured at net asset value	0	4,754,335
Total investments at fair value	$ 27,556,646	$ 32,310,981

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 4,723,981	N/A	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 4,754,335	N/A	Daily	12 months

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.20%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2020 and 2019, Schwebel Baking Company made contributions to the Plan totaling $76,956 and $88,888, respectively, to cover certain plan administrative expenses.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Prudential Retirement Insurance and Annuity Company. Prudential is the third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

NOTE K - COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. Because the values of the Plan's individual investments may fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

NOTE A - DESCRIPTION OF PLAN

The following description of Schwebel Baking Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution pension plan covering substantially all employees of the Schwebel Baking Company and subsidiaries who: 1) are not covered by collective bargaining agreements and have completed 1,000 hours of service and 2) are represented by certain local unions regardless of length of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was $19,500 in 2020 and $19,000 in 2019, plus an additional $6,500 contribution in 2020 and $6,000 in 2019, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit-sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service.

Notes Receivable From Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions. A participant is allowed a maximum of one outstanding loan.

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested accounts.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled $134,832 at December 31, 2020 and $95,792 at December 31, 2019. Also, in 2020 and 2019, employer contributions were reduced by $114,796 and $45,814 from forfeited nonvested accounts, respectively.

CARES Act:

Effective March 27, 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. The CARES Act distribution provision allowed the Plan's participants to take a distribution up to $100,000 or 100% of their vested balance, whichever is less, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Eligible participants who receive a distribution under the CARES Act were not subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. The CARES Act loan provision allowed the Plan's participants to take a loan up to $100,000 or 100% of the participants vested balance, whichever is less, through September 22, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who had Plan loan repayments to suspend such repayments through December 31, 2020 and then reamortize the loan over the remaining period of the loan plus up to an additional 12 months. Pursuant to the CARES Act, the Plan also suspended all minimum required distributions for 2020 and allowed participants who had already taken their minimum required distributions to roll them back into the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2020, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2021 the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2020 and 2019, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets at December 31, 2020 are comprised of the following:

	Assets at Fair Value	
	(Level 1)	Total
Registered investment companies	**$ 28,716,195**	**$ 28,716,195**
Total assets in fair value hierarchy	**28,716,195**	**28,716,195**
Investments measured at net asset value	**0**	**4,723,981**
Total investments at fair value	**$ 28,716,195**	**$ 33,440,176**

Assets at December 31, 2019 are comprised of the following:

	Assets at Fair Value	
	(Level 1)	Total
Registered investment companies:	$ 27,556,646	$ 27,556,646
Total assets in fair value hierarchy	27,556,646	27,556,646
Investments measured at net asset value	0	4,754,335
Total investments at fair value	$ 27,556,646	$ 32,310,981

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 4,723,981	N/A	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 4,754,335	N/A	Daily	12 months

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.20%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2020 and 2019, Schwebel Baking Company made contributions to the Plan totaling $76,956 and $88,888, respectively, to cover certain plan administrative expenses.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Prudential Retirement Insurance and Annuity Company. Prudential is the third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

NOTE K - COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. Because the values of the Plan's individual investments may fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may make voluntary contributions from 2% to 15% of their annual base pay, as defined in the Plan agreement. The maximum voluntary contribution was $19,500 in 2020 and $19,000 in 2019, plus an additional $6,500 contribution in 2020 and $6,000 in 2019, for those employees that are age 50 and older. Depending on the division a participant is employed under, a Company matching contribution may be made up to 6% of compensation. Additional profit-sharing amounts may be contributed at the option of the Plan's board of directors and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain limitations.

Participants' voluntary contributions and employer's matching contributions are designated under a qualified deferred arrangement as allowed by Sections 401(k) and 401(m) of the Internal Revenue Code.

Participants' Accounts:

Each participant's account is credited with their voluntary contribution and employer's matching contribution and an allocation of the Plan's net earnings as defined by the Plan.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service.

Notes Receivable From Participants:

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions. A participant is allowed a maximum of one outstanding loan.

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump-sum amount equal to the value of his or her vested accounts.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures:

Upon termination of a participant, the employer's matching contribution to which the participant is not vested is segregated into a separate account until the participant incurs a five year break in service upon which time such nonvested amount will be forfeited and may be used by the employer to reduce future matching contributions. Forfeitures totaled $134,832 at December 31, 2020 and $95,792 at December 31, 2019. Also, in 2020 and 2019, employer contributions were reduced by $114,796 and $45,814 from forfeited nonvested accounts, respectively.

CARES Act:

Effective March 27, 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. The CARES Act distribution provision allowed the Plan's participants to take a distribution up to $100,000 or 100% of their vested balance, whichever is less, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Eligible participants who receive a distribution under the CARES Act were not subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. The CARES Act loan provision allowed the Plan's participants to take a loan up to $100,000 or 100% of the participants vested balance, whichever is less, through September 22, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who had Plan loan repayments to suspend such repayments through December 31, 2020 and then reamortize the loan over the remaining period of the loan plus up to an additional 12 months. Pursuant to the CARES Act, the Plan also suspended all minimum required distributions for 2020 and allowed participants who had already taken their minimum required distributions to roll them back into the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Plan investments are stated at estimated fair values. Estimated fair values of pooled separate accounts and the fixed income fund have been determined based on the fair values of the funds. Mutual funds are stated at fair value based on quoted market prices. At December 31, 2020, Prudential Retirement and Annuity Company is the Trustee and custodian of the Plan. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through October 4, 2021 the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The trustee, Prudential Retirement Insurance and Annuity Company (Prudential), has certified to the plan administrator that the annual account provided by the trustee, including the list of investments at fair value and contract value, notes receivable from participants, and investment income, as of and for the years ended December 31, 2020 and 2019, are complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year end.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets at December 31, 2020 are comprised of the following:

	Assets at Fair Value	
	(Level 1)	Total
Registered investment companies	**$ 28,716,195**	**$ 28,716,195**
Total assets in fair value hierarchy	**28,716,195**	**28,716,195**
Investments measured at net asset value	**0**	**4,723,981**
Total investments at fair value	**$ 28,716,195**	**$ 33,440,176**

Assets at December 31, 2019 are comprised of the following:

	Assets at Fair Value	
	(Level 1)	Total
Registered investment companies:	$ 27,556,646	$ 27,556,646
Total assets in fair value hierarchy	27,556,646	27,556,646
Investments measured at net asset value	0	4,754,335
Total investments at fair value	$ 27,556,646	$ 32,310,981

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 4,723,981	N/A	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 4,754,335	N/A	Daily	12 months

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a synthetic investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 1.20%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F - RELATED PARTY TRANSACTIONS

Certain investments of the Plan are managed by Prudential Retirement Insurance and Annuity Company. Prudential is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2020 and 2019, Schwebel Baking Company made contributions to the Plan totaling $76,956 and $88,888, respectively, to cover certain plan administrative expenses.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their individual account balances.

NOTE H - FEDERAL INCOME TAXES

In a letter dated November 3, 2003, the Internal Revenue Service has informed the Plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Prudential Retirement Insurance and Annuity Company. Prudential is the third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

NOTE K - COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. Because the values of the Plan's individual investments may fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
