Independent Auditor's Report

To the Plan Administrator of
Ideal Clamp Products 401(k) Plan
Smyrna, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Ideal Clamp Products 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

The 2019 financial statements of Ideal Clamp Products 401(k) Plan were audited by ACM LLP, whose partners and professional staff joined BDO USA, LLP as of August 1, 2020, and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed ACM LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their audit report, dated September 29, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, they did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Ideal Clamp Products 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan was established May 1, 1979 and was most recently amended and restated effective January 1, 2015. The Plan is a defined contribution plan available for qualifying employees of Ideal Clamp Products, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Trustee and Administration of the Plan

The trustee of the Plan is Charles Schwab Bank (“Trustee”). The recordkeeper of the Plan is TRI-AD Actuaries, Inc. (“Recordkeeper”). The administrator of the Plan is the Company. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

CARES Act Provisions

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Securities Act (“CARES Act”) was passed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts up to \$100,000, increased the participant loan limit to \$100,000, and delayed loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act and will subsequently amend the Plan to incorporate these provisions. The Plan has elected not adopt the increased loan limits or the one-year delayed loan repayments.

Eligibility

Full time employees of the Company, as defined, are eligible to participate in the Plan after completing 30 consecutive days of employment. Temporary employees of the Company, as defined, are eligible to participate in the Plan after completing 12 consecutive months of service with at least 1,000 hours.

Union employees whose employment is governed by a collective bargaining agreement, leased employees, non-resident aliens, employees who participate in the Company’s work co-op or internship programs and temporary employees who fail to complete a period of service are not eligible to participate in the Plan.

Contributions

Participants may contribute on a pre-tax or after-tax Roth basis up to 100 percent of their eligible compensation, subject to certain IRC limitations. Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations. Participants may increase or decrease their deferral percentages throughout the year.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

The Plan includes an automatic-enrollment provision whereby eligible employees will be automatically enrolled in the Plan at a 3 percent pre-tax contribution. Participants may waive the automatic enrollment.

For the period January 1, 2020 to May 15, 2020, the Company made a safe harbor basic matching contribution equal to 100 percent of the first 3 percent of participant contributions, plus 50 percent of the next 2 percent of participant contributions. Catch-up contributions are matched. On May 15, 2020, the Plan was amended to terminate the safe harbor contributions for salaried employees beginning after May 15, 2020 and for hourly employees beginning after May 16, 2020. The amendment only applies to the plan year beginning January 1, 2020. For subsequent plan years, the Plan will operate as though the amendment had not been adopted.

The Company may also make an annual discretionary profit-sharing contribution. Participants are eligible to receive a discretionary profit-sharing contribution if they have completed a year of service (12 months of service with at least 1,000 hours) and are employed by the Company on the last day of the plan year. These discretionary contributions will be allocated in the ratio that a participant's annual total compensation bears to the compensation paid to all eligible participants for the plan year. The Company did not elect to make a discretionary profit-sharing contribution for the year ended December 31, 2020.

Rollover contributions transferred from other qualified retirement plans or Individual Retirement Accounts ("IRA") are accepted as permitted by the Plan Document.

Participants Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's safe harbor basic matching contribution and discretionary profit-sharing contribution; and (3) an allocation of plan earnings or losses thereon. Each participant's account is charged with withdrawals and expenses. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan, and may change their investment elections at any time. The Plan offers various registered investment companies and a collective investment trust as investment options for participants. If a participant does not affirmatively elect an investment allocation, a Target Date Fund appropriate for the participant's age will be selected for them. Participants may make investment election changes at any time. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are immediately 100 percent vested in their pre-tax, after-tax Roth, catch-up, rollover and employer safe harbor basic matching contributions. Participants are 100 percent vested in the discretionary profit-sharing contribution upon completion of three years of service. A participant's vesting percentage in discretionary contributions shall be 100 percent if the participant dies while employed, becomes disabled, or reaches normal retirement age (age 65).

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

In the event the Plan has forfeited balances, forfeitures may be applied to reduce future employer contributions or pay plan administrative expenses. The forfeitures account had a zero balance at December 31, 2020 and 2019. During the year ended December 31, 2020, there were no forfeitures used to reduce employer contributions or applied to administrative expenses.

Payment of Benefits

A participant's vested interest in the Plan is payable upon termination of employment for any reason or upon death. Upon termination of service, the participant may (1) elect to receive the distribution in a lump sum, (2) roll over their account balance to another qualified plan or IRA, or (3) leave the account in the Plan up to age 72, at which time one of the above distribution options must be selected if the participant is no longer employed.

If a participant dies before benefits have begun, the vested portion of the account is paid to the beneficiary in a lump sum.

Terminated participants whose account balance is less than \$1,000 will receive a lump-sum cash distribution if the participant does not elect another form of distribution. If the participants balance is over \$1,000 but no more than \$5,000 it will be rolled into an IRA in the name of the participant. Terminated participants may elect to withdraw any portion of their accounts at any time after they terminate, provided the minimum amount requested is at least \$1,000.

Actively employed participants can begin withdrawing their employer safe harbor basic matching contribution account along with their pre-tax, after-tax Roth and rollover balances without penalty at age 59½. In-service hardship distributions are allowed if certain criteria are met. A beneficiary may elect to rollover any portion of a distribution that would constitute an eligible rollover distribution, if it were made by a participant, surviving spouse or alternate payee.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to 50 percent of his or her non-forfeitable balance not to exceed \$50,000. Notes are secured by the balance in the participant's account and bears an interest rate based on the rates available for similar borrowings from commercial institutions and is fixed for the term of the note. Interest rates on outstanding notes at December 31, 2020 range from 5.25 percent to 7.50 percent. Notes are repaid ratably through payroll deductions over a period of five years or less, unless the note qualifies as a home loan. Only one note may be outstanding at a time, and a participant may not originate more than one new note in a twelve-month period.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. To the extent not already vested, participants would be fully vested upon termination of the Plan.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4, *Fair Value Measurements and Disclosures*, for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchase and sales are recorded on the trade-date basis. Interest and dividend income include interest on the collective investment trust funds and dividends on holdings in registered investment companies. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and capital gains reinvested.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimus. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions and the related safe harbor basic matching contributions are recognized in the Plan year during which the Company makes payroll deductions from the participant's compensation.

Payment of Benefits

Benefits paid to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2020 or 2019.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

Administrative Expenses

The Plan may pay for eligible Plan expenses as provided by the Plan Document. Fees, primarily loan origination, distribution fees, and asset-based fees, are charged directly to the participant's account and are included in administrative expenses. Administrative expenses of \$60,780 were paid by the Plan for the year ended December 31, 2020. Certain investment expenses charged within the registered investment companies and the collective investment trust are presented net of the net income or loss of each investment option in net appreciation (depreciation) in fair value of investments. All other expenses of the Plan incurred during 2020 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;
- Net investment income and interest earned on participant notes receivable as shown on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020;
- Investment balances and information included in the Notes to Financial Statements;
- All investment information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2020.

At the request of the Plan Administrator, the Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement of an asset or liability.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Registered investment companies (mutual funds): The shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund Collective Investment Group Trust: The Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the “Fund”) was formed as a collective investment group trust. The Fund is comprised of a group annuity contract which primarily consists of fully benefit responsive investment contracts. The Fund is valued daily at the NAV of the units of the collective investment trust. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months’ notification in order to ensure that security liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of:

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$26,772,884	\$ -	\$ -	\$ 26,772,884
Total assets in the fair value hierarchy	\$26,772,884	\$ -	\$ -	26,772,884
Investments measured at net asset value (a)				4,788,585
Total investments at fair value				\$ 31,561,469

<i>As of December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 25,252,001	\$ -	\$ -	\$ 25,252,001
Total assets in the fair value hierarchy	\$ 25,252,001	\$ -	\$ -	25,252,001
Investments measured at net asset value (a)				4,646,471
Total investments at fair value				\$ 29,898,472

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - December 31, 2020</i>	<i>Fair Value - December 31, 2019</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Group Trust (b)	\$4,788,585	\$ 4,646,471	None	Daily	May require up to 12 months for full liquidation

(b) The fund was created to establish a stable value fund investment strategy. The fund's objective is to provide safety of principal, adequate liquidity and a competitive yield with low return volatility.

5. Income Tax Status

The Company adopted a Volume Submitter plan document sponsored by SunGard Business Systems, LLC. The Internal Revenue Service ("IRS") has determined and informed SunGard Business Systems, LLC, by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with a Cash

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

or Deferred Arrangement (“CODA”) qualifies under Code Section 401. The plan administrator and Company management believe that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator and Company management believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date, therefore no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Exempt Party-In-Interest Transactions

The Plan has a service agreement with the Recordkeeper which shall continue indefinitely, unless cancelled by either party with prior written notice. Payments to the Recordkeeper by the Plan consisted of administrative fees totaling \$63,004 for the plan year ended December 31, 2020. Also, the Trustee receives indirect fees charged within the investment accounts. In addition, participants could borrow from their accounts (notes receivable from participants). The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investments in registered investment companies and a collective investment group investment trust. Investments securities are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market’s perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020 and 2019 there were two and one investment, respectively, held which individually accounted for more than 10 percent of net assets available for plan benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2020.

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization (“WHO”). The full impact of the COVID-19 outbreak continues to evolve as of the date the financial statements were available to be issued. This pandemic has adversely affected global economic activity and contributed to instability in the financial markets. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be reasonably estimated at this time.

9. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 5, 2021 which is the date the financial statements were available to be issued. Management determined there were no material subsequent events that required recognition or additional disclosure in these financial statements, other than the items mentioned below:

Effective January 1, 2021, the following employers became participating employers in the Plan: Campbell Fittings, Inc. (Plan sponsor of the Campbell Fittings, Inc. 401(k) Plan), ZSi-Foster, Inc (Plan sponsor of ZSi-Foster, Inc. 401(k) Plan), Wesanco, Inc. (does not sponsor a plan), and Hydraulics Products LLC (does not sponsor a plan).

Effective January 1, 2021, the Campbell Fittings, Inc. 401(k) Plan and the ZSi-Foster, Inc. 401(k) Plan were merged into the Plan through a direct trust-to-trust transfer. Approximately \$10,800,000 in assets, including notes receivable from participant loans, were merged into the Plan.
