Independent Auditor's Report

To the Participants and Administrative Committee of the
Strike, LLC 401(k) Plan
The Woodlands, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Strike, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2020 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 of the financial statement, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report;

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2020 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including it form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 22, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Strike, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted by Strike, LLC (the "Employer" and "Plan Sponsor"), was established on January 1, 2007 and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code ("IRC") and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and any subsequent amendments.

Administration of the Plan

The Plan's financial record keeper is Fidelity Workplace Services, LLC. The trustee of the Plan's assets is Fidelity Management Trust Company. The Plan Sponsor is the Plan Administrator and is responsible for oversight of the Plan.

Eligibility

All employees are eligible to participate in the Plan, except for members of a collective bargaining unit and non-resident aliens with no income from a United States source. Effective on January 1, 2019, eligible employees may begin participating 2 months after the date of employment for participant contributions and 12 months for employer matching contributions and can begin participating in the Plan on the first day of each month following the 2-month and 12-month period, respectively.

Contributions

All eligible participants may elect to defer a percentage of their eligible compensation, on a pre-tax basis, subject to a maximum imposed by the IRC. The Employer will make a safe harbor matching contribution equal to 100% of the first three percent (3%) of each eligible participant's compensation that is contributed to the Plan as a deferral contribution, plus an additional 50% of the next two percent (2%) of the participant's eligible compensation contributed to the Plan. On June 12, 2020, the Plan Sponsor suspended safe harbor matching contributions. The Employer may also choose to make a discretionary matching contribution. Employer discretionary contributions are allocated to participants' individual accounts, as defined in the plan agreement. No employer discretionary contributions were made during 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, including rollovers, and allocations of (a) employer safe harbor and discretionary matching contributions and (b) plan earnings, less an allocation of administrative expenses, if applicable. Allocations are based on participant compensation or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Vesting

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. Safe harbor contributions and related earnings are always 100% vested. For all employer discretionary matching contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after 6 years of service.

Notes Receivable from Participants

Participants may borrow from their account an amount equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Loan transactions are treated as a transfer between the investment funds and the loan fund. Only one loan may be outstanding at any given time. Loan terms range from one to five years, with the exception of the purchase of a primary residence which is up to 10 years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates at the time the funds are borrowed. Principal and interest are paid ratably through payroll deductions. The interest rates ranged from 4.25% to 6.50% at December 31, 2020 and from 4.75% to 6.50% at December 31, 2019. During 2020, the Company elected to enable the Coronavirus Aid, Relief, and Economic Security ("CARES") Act loan provisions which expanded the maximum borrowing from a participant's fund account. See Note 8 for additional information on the CARES Act.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Under the plan agreement, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Financial hardship withdrawals are permitted, as defined in the plan agreement. In-service distributions for participants who are at least age 59½ are permitted under the Plan. These participants shall be entitled to receive all or any portion of their vested accounts. During 2020, the Company elected to enable the CARES Act withdrawal provisions, which allows expanded hardship distributions related to COVID-19. See Note 8 for additional information on the CARES Act.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the employer discretionary match account. Forfeitures shall be used to reduce the Employer's contributions under the plan agreement. For the years ended December 31, 2020 and 2019, $0 and $31,654 of forfeitures were used to reduce employer contributions, respectively. The unapplied forfeiture balances were $82,501 and $29,147 at December 31, 2020 and 2019, respectively.

Fees and Expenses

To the extent not paid by the Plan, fees and expenses incurred in the administration of the Plan are paid by the Employer. Expenses that are paid directly by the Employer are excluded from these financial statements. Any participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of mutual funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan provides for self-directed investment programs for individual participants as provided by the trustee. The Plan records its investments at fair value (except for fully benefit-responsive investment contract, which is reported at contract value and approximates fair value). Fair value is defined as the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan classifies all participant loans with no payments received for 6 months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2020	2019
Mutual funds	$ 41,330,756	$ 38,211,132
Guaranteed investment fund	4,123,907	5,149,821
Notes receivable from participants	1,361,542	1,487,218

Year Ended December 31,	2020
Net appreciation in fair value of mutual funds	$ 4,744,761
Dividend income from mutual funds	915,640
Interest income from guaranteed investment fund	102,957
Interest income on notes receivable from participants	77,472

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets;

b. Quoted prices for identical or similar assets or liabilities in inactive markets;

c. Inputs other than quoted prices that are observable for the asset or liability; and

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

- *Mutual funds*: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There were no transfers between levels for the years ended December 31, 2020 and 2019.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of:

	December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 41,330,756	$ -	$ -	$ 41,330,756
Total investments measured at fair value	$ 41,330,756	$ -	$ -	$ 41,330,756

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 38,211,132	$ -	$ -	$ 38,211,132
Total investments measured at fair value	$ 38,211,132	$ -	$ -	$ 38,211,132

5. Investment in Fully Benefit-Responsive Investment

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard Life Insurance Company ("Standard Life") totaling $4,123,907 and $5,149,821, as of December 31, 2020 and 2019, respectively. Standard Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit Standard Life to terminate the agreement prior to the schedule maturity date.

As of December 31, 2020, the interest rate was 1.95%. The average actual earning approximates the previously listed interest rate for the year ended December 31, 2020.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract value approximates fair value. Contract value, as reported to the Plan by Standard Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

6. Plan Termination

Although the Employer has expressed no intent to do so, it may terminate the Plan at any time, subject to the terms of ERISA. In the event the Plan terminates, participants will become fully vested in their accounts.

7. Income Tax Status

The Employer has adopted a volume submitter cash or deferred profit-sharing plan (the "Volume Submitter Plan") sponsored by Fidelity Management and Research Company, which has received a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the form of the Volume Submitter Plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has since been amended, but the Employer believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

8. Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participants' account balances.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the CARES Act. The CARES Act includes several relief provisions available to the tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000;
- Extended the period for loan repayments; and
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance.

9. Party-in-Interest Transactions

Certain Plan investments are held by the trustee of the Plan's investments; therefore, certain transactions qualify as party-in-interest transactions. The plan administrator has approved these activities and transactions. Participant loans also qualify as parties-in-interest transactions. Fees paid by the Plan for the administrative services was $105,919 for the year ended December 31, 2020.

10. Subsequent Events

The Company has evaluated all subsequent events and transactions through October 7, 2021, which is the date the financial statements were available for issuance.

Effective January 1, 2021, the Plan Sponsor reinstate the safe harbor matching contributions and employer discretionary contributions no longer applies to the Plan.
