1. Plan Description

The following description of the Peckham Industries, Inc. Deferred Compensation Profit Sharing Thrift Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Peckham Industries, Inc. (the "Employer" or the "Company"). The Plan excludes those employees who are: covered by a collective bargaining agreement; leased employees; residents of Puerto Rico; and employees of the Shaftsbury, Vermont location working under temporary visas. There is no service or age requirement for an eligible participant to make elective contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provision:

- Eligible coronavirus distributions up to $100,000.

Contributions

Each year, eligible employees may contribute from 1% to 60% of their eligible compensation on a pre-tax, after-tax, or Roth basis, limited to annual dollar maximums as prescribed by the Internal Revenue Service ("IRS"). Upon meeting the eligibility requirements, an eligible employee will be automatically enrolled in the Plan at a rate of 3% of their eligible compensation on a pre-tax basis, unless they affirmatively opt out. There is an auto escalation feature in which a participant’s contributions will increase by 1% each year until reaching 7% of their eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts from other eligible retirement plans, as defined in the Plan document.

The Employer makes matching contributions in an amount equal to 50% of a participant’s contributions not to exceed 7% of eligible compensation, subject to IRS limitations. A participant must work at least 1,000 hours of service to be eligible for the Employer matching contribution. The Employer may also make a discretionary non-elective contribution. A participant must work 1,000 hours of service and also be employed on the last day of the Plan year to be eligible for the Employer discretionary non-elective contribution. During 2020, no discretionary non-elective contributions were made by the Employer.

1. Plan Description *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are at all times fully vested in their contributions plus unrealized earnings thereon. Participants vest in Employer contributions as follows:

Years of Vesting Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Forfeitures of employer contributions may be used to pay Plan expenses as determined by the plan administrator. Any remaining forfeitures will be used to reduce the Employer's contributions. During 2020 and 2019, forfeitures totaled $81,421 and $51,425. During 2020, no forfeitures were used to pay Plan expenses or to reduce Employer contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement (age 65) or separation from service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals from the Plan may also be granted based upon circumstances of financial hardship, in accordance with provisions specified in the Plan. The Plan also allows in-service withdrawals from vested accounts at age 59 1/2.

1. Plan Description *(continued)*

Revenue Credit Account

The Plan entered into an agreement with Fidelity Management Trust Company whereby the Plan receives participant revenue credits from Fidelity quarterly equal to the average quarterly balance in the Plan multiplied by an agreed upon rate. These participant revenue credits are allocated to eligible participant accounts as soon as administratively feasible after each quarter. Allocations for the participant revenue credit is made to eligible participants pro rata based on the ratio of each participant's average daily balance in a fund to the total average daily balances for all eligible participants in such fund during a quarter. Amounts allocated to eligible participant accounts are invested in the fund to which the participant revenue credit relates, and allocated proportionately to the source associated within such fund for each participant. The Revenue Credit Account balance was $6,946 and $4,250 at December 31, 2020 and 2019. During 2020, the Plan received revenue credits amounting to $108,026 that were netted against administrative expenses on the statement of changes in net assets available for benefits.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of $1,000 up to a maximum amount of 50% of his or her vested account balance or $50,000 (whichever is less). Loans are collateralized by the balance in the participant's account and bear interest as determined at the time of loan origination. Principal and interest are paid ratably through payroll deductions. The borrower also pays a loan origination and record-keeping fee. The loan must be repaid within a five-year period, unless the loan is used to acquire the principal residence of the borrower.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The mutual funds and money market fund are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded. These funds are required to publish their daily net asset value and to transact at that price.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2020 and 2019, all of the Plan's investments were valued using level 1 inputs.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 7, 2021.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

4. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

4. Party-In-Interest Transactions *(continued)*

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants on the statements of net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their Employer contributions.

6. Income Tax Status

The Company has adopted the Fidelity prototype plan, which received an IRS opinion letter dated March 31, 2014 which stated that the prototype plan is designed in accordance with the applicable provisions of the Internal Revenue Code (“IRC”). Although the Plan has been amended, the plan administrator believes that the Pan is designed and is currently being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
