Notes to Financial Statements

1. Description of Plan

The following description of the Coastal Pacific Food Distributors 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Coastal Pacific Food Distributors (the "Company"). Employees are immediately eligible to make 401(k) contributions. Employer contributions require completion of 1,000 hours as defined in the Plan document. The Finance Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. SunTrust Bank serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and determined to adopt the Coronavirus hardship distribution, loan repayment, and required minimum distribution suspension provisions.

Contributions

Each year, participants may contribute 2% to 75% of their pretax annual compensation, as defined in the Plan document, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. Company profit sharing and matching contributions are determined at the discretion of the Company's board of directors. The profit-sharing contribution was $657,274 for the year ended December 31, 2020. Contributions are subject to certain limitations.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and an interest-bearing cash account as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, and transaction fees related to notes receivable from participants and distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2020, outstanding loans bore an interest rate of 4.25 to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution. Hardship distributions are available from fully vested balances upon demonstration of financial hardship, with limitations defined in the Plan. In-service distributions are available from fully vested balances after the participant reaches age 59½.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $19,039 and $18,802, respectively. These accounts will be used to pay plan administrative expenses, reduce future Company match contributions, or will be reallocated to remaining participants. During 2020, $18,802 in forfeiture funds were reallocated to eligible participants based on 2019 compensation.

ERISA account

During 2018, an ERISA account was established within the Plan to account for funds received under a revenue-sharing agreement with the trustee. This account will be used to reduce plan expenses or will be allocated to participants. At December 31, 2020 and 2019, the account totaled $59,220 and $38,959, respectively. During 2020, $71,128 in revenue-sharing funds were used to pay expenses.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's administrative expenses can be paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivables from participants and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Interest-bearing cash
Valued daily at its closing cash balance as reported by the trustee.

Mutual funds
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash account	**$ 5,256,209**	**$ -**	**$ -**	**$ 5,256,209**
Mutual funds	**28,363,323**	**-**	**-**	**28,363,323**
Total assets in the fair value hierarchy	**$ 33,619,532**	**$ -**	**$ -**	**$ 33,619,532**

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash account	$ 4,769,372	$ -	$ -	$ 4,769,372
Mutual funds	23,827,315	-	-	23,827,315
Total assets in the fair value hierarchy	$ 28,596,687	$ -	$ -	$ 28,596,687

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

	2020	2019
Investments at fair value	**$ 33,619,532**	$ 28,596,687
Notes receivable from participants	**$ 1,329,362**	$ 1,511,954
Net appreciation in fair value of investments	**$ 3,008,455**	
Interest and dividends	**$ 1,202,239**	
Interest income on notes receivable from participants	**$ 79,391**	

5. Exempt Party-In-Interest Transactions

Certain plan investments are funds managed by SunTrust Bank or its affiliates. SunTrust Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services and participant-initiated transactions were $81,565 for the year ended December 31, 2020. The Plan also paid $4,000 in professional services fees to an advisory group. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2020 financial statements to Schedule H of Form 5500 as of December 31:

	2020	2019
Net assets available for benefits per the financial statements	**$ 35,606,168**	$ 30,812,115
Contribution receivable not reflected on Form 5500	**(657,274)**	(703,474)
Net assets available for benefits per the Form 5500	**$ 34,948,894**	$ 30,108,641

The following is a reconciliation of the net change in net assets available for benefits per the financial statements for the year ended December 31, 2020 to Schedule H of Form 5500:

Net change in net assets available for benefits per the financial statements	$ 4,794,053
Change in employer contribution receivable	46,200
Net gain per Form 5500	$ 4,840,253

10. COVID-19

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company's customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions.
