Barri Financial Group 401(k) Plan

Notes to Financial Statements

December 31, 2020

Note 1 - Description of Plan

The following description of the Barri Financial Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2019 and became effective March 1, 2019, is a defined contribution plan covering generally all employees of Barri Financial Group, LLC (the "Company" or "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The trustee for the Plan is BOKF, NA ("Trustee").

Eligibility

All employees of the Company, except for union, leased, and nonresidential alien employees, are eligible to participate in the Plan. Employees are eligible after completion of six consecutive months of continuous service. Employees are credited with six months of service for eligibility purposes if they work 1,000 or more hours during the Plan year. Entry into the Plan is the first day of each calendar month upon meeting eligibility requirements.

Contributions

The Plan provides for voluntary pre-tax and post-tax ("Roth") contributions expressed as a percentage of the participant's eligible compensation, as defined, or a fixed dollar amount up to 100% of the participant's eligible compensation. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by a participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Plan provides for a mandatory Safe Harbor contribution on behalf of each participant in the amount equal to 100% of the participant's elective deferrals that do not exceed 3% of the participant's eligible compensation, as defined, for the Plan year, plus 50% of the participant's elective deferrals that exceed 3% of the participant's eligible compensation, but that do not exceed 5% of the participants compensation.

The Company may make an additional non-elective discretionary profit-sharing contribution to all eligible participants who are employed on the last day of the year. The Company did not make any additional profit-sharing contributions during 2020 or 2019.

Vesting

Participants are immediately vested in their pre-tax and Roth contributions, rollover contributions, and the Employer's Safe Harbor contributions made to the Plan and actual earnings theron.

Participants vest in the Company's non-elective discretionary profit-sharing contributions at 20% after two years of service, increasing 20% each year thereafter, with participants 100% vested after six years.

Note 1 - Description of Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, the Employer's Safe Harbor contribution, an allocation of Plan earnings/losses, the Employer's discretionary contribution, if any, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage allocation of future contributions.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance reduced by the highest outstanding note balance during the prior twelve-month period or $50,000. Note terms are not to exceed five years. The maximum number of loans that a participant may have outstanding at any time is one. All notes receivable are secured by the balance in the participant's account and shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

The Company made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Benefit payments

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, hardship, or the attainment of age 70 ½. In-service withdrawals are permitted on or after participants attain age 59 ½ in accordance with Plan provisions.

Distributions may be made in lump-sum payments or installments. If the participant's vested account balance is $5,000 or less, the Plan provides for a mandatory lump-sum distribution. The Plan administrator will direct the Trustee to distribute any participant's vested account balance between $1,000 and $5,000 to an Individual Retirement Account for the participant's benefit. If the participant's vested account balance is $1,000 or less, the Plan administrator will direct the Trustee to distribute it as a lump-sum without consent. A written consent from the participant is required for any distribution greater than $5,000. Active employees who suffer a financial hardship may withdraw all or part of their vested account balance upon meeting the hardship provisions of the Plan. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Note 1 - Description of Plan (Continued)

Benefit payments (continued)

Pursuant to the CARES Act that was signed into law on March 27, 2020, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act permitted Plan participants to take Coronavirus-related distributions ("CRDs"). CRDs were permitted to qualified individuals during 2020 not to exceed $100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Plans were permitted to adopt any CARES Act provisions immediately provided the *Plan Document* is retroactively amended on or before December 31, 2022.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make use of estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition (continued)

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are reclassified as distributions based upon terms of the *Plan Document*, upon liquidation of their account balance.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds and a money market fund. Investments, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Benefit payments

Benefit payments are recorded when paid.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 3 - Fair Value Measurements (Continued)

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market fund – this investment is valued at cost which approximates fair value. The money market fund is valued using Level 1 inputs.

- Mutual funds – these investments are valued daily based on the quoted market value of the fund assets. All mutual funds are valued using Level 1 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Tax Status

The Plan has adopted a prototype plan document, which obtained its latest opinion letter dated September 30, 2014, in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2020 and 2019. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by the Trustee (Unaudited)

For the Plan years 2020 and 2019, the financial information included in the Plan's financial statements and supplemental schedule, except for contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee of the Plan in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
