1. Description of the Plan

The following description of the Leighton Group, Inc. 401(k) Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, with a cash or deferred arrangement (CODA), covering substantially all employees of Leighton Group, Inc. (the Company and Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance and reports.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law on March 27, 2020. The Plan adopted certain provisions of the CARES Act to provide temporary relief to qualified participants, as defined. Through September 22, 2020, qualified participants were allowed to borrow up to a maximum equal to the lesser of $100,000 or 100% of their vested account balance. Additionally, qualified participants with an existing loan with payments due between March 7, 2020 and December 31, 2020 were allowed to suspend loan payments for one year; interest continue to accrue during payment suspension. Through December 31, 2020, each qualified participant was allowed to withdraw up to $100,000 of his or her vested balance. The taxation of the distribution can be spread over a period of three years. If the distribution is repaid within three years, the participant may file an amended tax return to claim a refund for each year in which tax was paid. Although Plan Management is continuing to monitor and assess the effects of the pandemic on the Company's business and its Plan, the ultimate impact of COVID-19 is highly uncertain and subject to change.

Contributions

Employees are eligible to participate in the Plan on their date of hire and may enter the Plan on the first day of the month coinciding with or next following the date of hire. Each year, participants may contribute a minimum of 1% and maximum of 100% of eligible compensation, as defined in the Plan agreement, on a pre-tax basis, an after-tax basis (Roth 401(k)), or a combination of both. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, set at 3% of eligible compensation. Automatic deferred contributions are in a designated balance fund until changed by the participant. Each year, the Company may elect to make, solely at its own discretion, non-elective and/or matching contributions. The Company made no non-elective contributions for the years ended December 31, 2020 and 2019. For the years ended December 31, 2020 and 2019, the Company matched 25% of each participant's deferral, up to 4% of compensation. In December 2020 and November 2019, the Company elected to match, retroactively, an additional 25% of the deferral of participants who were currently employed by the Company, with the total matching contribution limited to 4% of compensation. Participants direct contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (Continued)

Vesting

Participants are vested immediately in participant and Company contributions plus actual earnings thereon.

Notes Receivable from Participants

With the exception of the borrowing limits allowed in terms of the CARES Act, active participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate, determined monthly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. For the years ended December 31, 2020 and 2019, interest rates on participant loans ranged from 4.25% to 6.50%.

Payment of Benefits

On termination of service due to death, disability, retirement or other severance of employment, a participant or beneficiary may elect to receive a lump-sum payment equal to the value of the participant's vested account balance. Participants may also elect to rollover their accounts to other tax deferred accounts or remain in the Plan until they are legally required to begin taking distributions. In-service distributions are permitted at age 59½ and financial hardship withdrawals are available to participants who meet the requirements, as defined, for such withdrawals. A participant who is required to receive lifetime required minimum distributions (RMD) may elect to receive installments payable in monthly, quarterly or annual installments equal to or exceeding the RMD amount. The Plan will make mandatory distributions to participants who have terminated employment and whose balance does not exceed $5,000.

Forfeited Accounts

At December 31, 2020 and 2019, the balance in forfeited accounts totaled $826 and $722, respectively. These accounts will first be used to pay administrative expenses and then to reduce future Company contributions. During 2020 and 2019, forfeited accounts were not used to pay administrative expenses or to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Nonpayment of loans is considered a default and treated as a deemed distribution.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan Management has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Asset Custodian and Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC (Great-West), the asset custodian and Trustee of the Plan, has certified to the completeness and accuracy of the following information, which is included in the financial statements as of and for the years ended December 31, 2020 and 2019, and the supplemental schedule at December 31, 2020:

	2020	2019
Investments at fair value	$ 28,709,164	$ 23,318,045
Notes receivable from participants	295,429	251,709
Net appreciation in fair value of investments	2,676,485	3,143,928
Dividends	1,227,845	1,101,468
Interest income on notes receivable from participants	14,021	11,466

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

5. Party-In-Interest Transactions

Certain Plan investments are managed by the asset custodian and Trustee of the Plan. Transactions with such investments qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Advised Assets Group, LLC received direct fee compensation for investment management services provided to the Plan. Ameriprise Financial Services, LLC received indirect compensation, fees charged as a percentage of assets and deducted from investment returns, for investment broker/adviser services provided to the Plan. Great-West Retirement Services received direct fee compensation for recordkeeper and third-party administrator services provided to the Plan. For the years ended December 31, 2020 and 2019, fee compensation were:

	2020	2019	Fee Type
Advised Assets Group, LLC	$ 6,294	$ 4,750	Direct
Ameriprise Financial Services, LLC	60,237	52,512	Indirect
Great-West Retirement Services	2,013	2,325	Direct

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The IRS has determined and informed Great-West by a letter dated March 31, 2014 that the Prototype Non-standardized Profit Sharing Plan with CODA offered by Great-West, and adopted by the Plan, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.
