NOTE 1 – DESCRIPTION OF PLAN

Improved Piping Products Inc. 401(k) Profit Sharing Plan (the Plan) is a defined contribution plan, which covers eligible employees of Improved Piping Products Inc. (the Sponsor), who are age 21 or older. The Plan was established effective December 30, 2014, amended and restated June 8, 2017 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Contributions – Participants may elect to reduce their compensation and make a contribution to the Plan on a pre-tax basis as an elective deferral contribution (up to 90% of compensation), not to exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). The Plan also allows for elective deferral contributions to be made as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Sponsor may make a discretionary matching contribution on a participant's behalf during the Plan year. Each year, the Sponsor will determine the amount of the discretionary percentage. For 2020, the Sponsor elected not to contribute to the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities. The Plan currently offers various mutual funds as investment options for participants. Participants may redirect the investment of future contributions or reallocate or transfer existing balances among available investment securities at any time.

Vesting – Participants are fully vested in their salary deferrals, including catchup contributions, rollover contributions, and discretionary matching contributions.

If employment is terminated prior to retirement for any reason other than death or permanent disability, participants will be limited to their vested balance for employer discretionary contributions. Participant vesting percentage grows with years of service.

The following table sets forth the vesting schedule for employer discretionary contributions:

Years of Service	Percent Vested
Less than 2	-0-%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures – When participants separate from service, any amounts that are not vested will be forfeited. For any Plan year, forfeitures occurring under the Plan may be allocated to other participants, used to pay administrative expenses of the Plan, or used to reduce employer contributions. Unallocated forfeitures included in net assets available for benefits for 2020 and 2019 were $960 and $959, respectively. There were no forfeitures used to reduce employer contributions for 2020 and 2019.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, or longer if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Participants are permitted to have one loan outstanding at any time.

Payment of Benefits – After a participant's termination of employment from the Sponsor, if the vested amount of their account does not exceed $1,000, their vested account balance will be distributed directly to them in cash. If the vested amount of a participant's account balance is more than $1,000 but less than $5,000, their vested account will be distributed from the Plan. A participant may either elect to receive this distribution in cash or to roll over the distribution to an IRA or the qualified plan of their new employer. If the vested amount of a participant's account exceeds $5,000, they must consent to any distribution of their account.

Participants who reach age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

CARES Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants who satisfy the eligibility requirements for a coronavirus-related loan to take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of calendar year 2022.

Forfeited Administrative Expenses – The Plan permits the payment of certain Plan administrative and recordkeeping services to be made from the Plan's assets. To the extent such expenses are not charged against forfeitures, or paid by the Sponsor, the expenses are charged to the participant's account for services described based on an allocation method identified by the Plan's administrative expense table.

The Plan may incur other expenses (e.g., legal, accounting, and audit services). The actual amount of these expenses may vary from year-to-year. To the extent such expenses are not charged against forfeitures, or paid by the Sponsor, these expenses may be paid from the Plan's assets and deducted from the participant's accounts on a pro-rata basis. The term pro-rata describes a fractional amount as determined by comparing the participant's account balance to the Plan's total balance. A fee charged pro-rata is allocated proportionately to the participants' account.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S GAAP requires management or the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses have been recorded as of December 31, 2020 and 2019.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 8, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Sponsor, the trustee of the Plan, has certified to the completeness and accuracy of all assets reflected on the statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 4,959,087**	$ -	$ -	**$ 4,959,087**
Total investments at fair value	**$ 4,959,087**	$ -	$ -	**$ 4,959,087**

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,100,985	$ -	$ -	$ 4,100,985
Total investments at fair value	$ 4,100,985	$ -	$ -	$ 4,100,985

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

UPDATNOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Sponsor adopted a volume submitter profit sharing plan with CODA, sponsored by Newport Trust Sponsor. The volume submitter plan obtained its latest opinion letter on April 2, 2012, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees.

The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 1 – DESCRIPTION OF PLAN

Improved Piping Products Inc. 401(k) Profit Sharing Plan (the Plan) is a defined contribution plan, which covers eligible employees of Improved Piping Products Inc. (the Sponsor), who are age 21 or older. The Plan was established effective December 30, 2014, amended and restated June 8, 2017 and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Contributions – Participants may elect to reduce their compensation and make a contribution to the Plan on a pre-tax basis as an elective deferral contribution (up to 90% of compensation), not to exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). The Plan also allows for elective deferral contributions to be made as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Sponsor may make a discretionary matching contribution on a participant's behalf during the Plan year. Each year, the Sponsor will determine the amount of the discretionary percentage. For 2020, the Sponsor elected not to contribute to the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities. The Plan currently offers various mutual funds as investment options for participants. Participants may redirect the investment of future contributions or reallocate or transfer existing balances among available investment securities at any time.

Vesting – Participants are fully vested in their salary deferrals, including catchup contributions, rollover contributions, and discretionary matching contributions.

If employment is terminated prior to retirement for any reason other than death or permanent disability, participants will be limited to their vested balance for employer discretionary contributions. Participant vesting percentage grows with years of service.

The following table sets forth the vesting schedule for employer discretionary contributions:

Years of Service	Percent Vested
Less than 2	-0-%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures – When participants separate from service, any amounts that are not vested will be forfeited. For any Plan year, forfeitures occurring under the Plan may be allocated to other participants, used to pay administrative expenses of the Plan, or used to reduce employer contributions. Unallocated forfeitures included in net assets available for benefits for 2020 and 2019 were $960 and $959, respectively. There were no forfeitures used to reduce employer contributions for 2020 and 2019.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, or longer if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Participants are permitted to have one loan outstanding at any time.

Payment of Benefits – After a participant's termination of employment from the Sponsor, if the vested amount of their account does not exceed $1,000, their vested account balance will be distributed directly to them in cash. If the vested amount of a participant's account balance is more than $1,000 but less than $5,000, their vested account will be distributed from the Plan. A participant may either elect to receive this distribution in cash or to roll over the distribution to an IRA or the qualified plan of their new employer. If the vested amount of a participant's account exceeds $5,000, they must consent to any distribution of their account.

Participants who reach age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

CARES Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants who satisfy the eligibility requirements for a coronavirus-related loan to take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of calendar year 2022.

Forfeited Administrative Expenses – The Plan permits the payment of certain Plan administrative and recordkeeping services to be made from the Plan's assets. To the extent such expenses are not charged against forfeitures, or paid by the Sponsor, the expenses are charged to the participant's account for services described based on an allocation method identified by the Plan's administrative expense table.

The Plan may incur other expenses (e.g., legal, accounting, and audit services). The actual amount of these expenses may vary from year-to-year. To the extent such expenses are not charged against forfeitures, or paid by the Sponsor, these expenses may be paid from the Plan's assets and deducted from the participant's accounts on a pro-rata basis. The term pro-rata describes a fractional amount as determined by comparing the participant's account balance to the Plan's total balance. A fee charged pro-rata is allocated proportionately to the participants' account.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S GAAP requires management or the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses have been recorded as of December 31, 2020 and 2019.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 8, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Sponsor, the trustee of the Plan, has certified to the completeness and accuracy of all assets reflected on the statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 4,959,087**	$ -	$ -	**$ 4,959,087**

Total investments at fair value	$ 4,100,985	$ -	$ -	$ 4,100,985

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

UPDATNOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Sponsor adopted a volume submitter profit sharing plan with CODA, sponsored by Newport Trust Sponsor. The volume submitter plan obtained its latest opinion letter on April 2, 2012, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees.

The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2017.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
