Note 1: Description of Plan

The following description of the Chase Chevrolet Company, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan's Adoption Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Chase Chevrolet Company, Inc. ("the Company") except reclassified non-employees and drivers of trade cars, who have three months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Administration. Under the terms of the Plan, certain corporate officer's of the sponsor are designated as Plan Trustee. The Plan has contracted with Empower Retirement, a division of Great-West Life & Annuity Insurance Company ("Empower"), through various wholly owned subsidiary companies, to act as custodian, trustee, and record keeper for the Plan. The wholly owned subsidiary companies that interact with the plan are Great-West Trust Company, LLC as custodian and trustee, and FASCore Administrators, LLC as record keeper.

Contributions. Each year, participants may contribute from 1% to 100% of included compensation, as defined in the Plan, and subject to IRS annual limits. Participants may also contribute amounts representing distributions from other qualified plans and make Roth Contributions. The Company may match employee contributions at the discretion of the Board of Directors or contribute an amount which it designates as a qualified nonelective contribution. The Company did not make any contributions to the Plan for the year ending December 31, 2020.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of service.

Forfeitures and Fee Credits. The total non-vested portion of terminated participants' account balances are used by the plan sponsor to reduce employer matching contributions or plan expenses. No forfeitures were generated or used during the year ended December 31, 2020. There were no remaining unused forfeitures available as of December 31, 2020. Fees credits of $5,937 were generated in 2020, and $10,200 of fee credits were used in 2020 to pay plan expenses. Total fee credits of $12,644 were available as of December 31, 2020 to be used to offset plan expenses or be allocated to participants as an additional non-elective contribution.

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in various increments to the mutual fund investments or the guaranteed investment contract administered by Empower Retirement. Participants may change their investment options on a daily basis and select from a variety of mutual fund investments or the guaranteed investment contract option.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans may be paid over a reasonable period of time not to exceed five years; however, if the loan is for the purchase of a principal residence, a longer term may be permitted. The loans are secured by the balance in the participant's account and bear interest at a rate of one percent plus the prime rate as stated in *The Wall Street Journal* in effect on the first day of the month in which the loan is issued. Under the CARES Act, the Company voluntarily allowed eligible participants to borrow up to $100,000 from their vested account balance from March 27, 2020 through September 22, 2020 and allowed suspension loan payments from March 27, 2020 through December 31, 2020 for up to one year.

Note 1: Description of Plan (continued)

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, or in deferred installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All investments available in the plan allow for daily redemptions with no redemption notice period required.

Amendments. There were no amendments in 2020. The Plan adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act (2020). These provisions include allowing COVID affected participants to: withdraw up to $100,000 through December 31, 2020; suspend loan payments through December 31, 2020; and request loans up to $100,000 or 100% of their vested balance. The required minimum distribution (RMD) requirements for 2020 were also suspended for all participants.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation - The Plan's investments primarily consist of shares of registered investment companies (mutual funds) and the Key Guaranteed Portfolio Fund ("Key Fund"). Mutual funds and are stated at fair value as determined by quoted market price as reported by Empower Retirement. The Key Fund is valued at contract value as reported by Empower Retirement.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Purchases and Sales of Securities - Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through September 29, 2021, the date the financial statements were available to be issued.

Note 3: Information Certified by Trustee

Great-West Trust Company, LLC, a division of Great-West Life & Annuity Insurance Company, the trustee of the Plan, has certified as to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the investment activities and loan interest reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and all investment information reflected in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020, in accordance with 29 CFR 2520.103-8(c) of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 5: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving the determination letter; however, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 6: Administrative and Investment Fees

The direct administrative fees of $13,318 consist of $2,268 of contract administration charges, $850 of withdrawal fees, and the prior year audit fee of $10,200.

The record keeper, Empower Retirement, receives indirect record keeping compensation paid by each mutual fund that is part of the Plan. The fee is based on average assets held in each fund, and the rate varies by mutual fund provider. Total investment expenses charged by each mutual fund or by the Key Guaranteed Portfolio Fund, including record keeping fees, range from 0.30% to 1.57% of average assets depending on which investments are selected. Expenses charged by each mutual fund or by the Key Guaranteed Portfolio Fund, and deducted from investment returns, were approximately $36,000 for the year ended December 31, 2020. Empower Retirement provided a fee credit of $5,937 during 2020. Total administrative charges by Empower Retirement, net of fee credits, were approximately 0.55% of average assets. The Plan Sponsor did not pay significant administrative fees to Empower Retirement for the year ended December 31, 2020.

Note 7: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157, Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input hat is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the plan at year end as reported by Great-West Trust Company, LLC, the trustee of the Plan, based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7: Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 5,003,791	$ -	$ -	$ 5,003,791
Total assets at fair value	$ 5,003,791	$ -	$ -	$ 5,003,791

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 5,219,118	$ -	$ -	$ 5,219,118
Total assets at fair value	$ 5,219,118	$ -	$ -	$ 5,219,118

Note 8: Investment Contract With Insurance Company - Key Guaranteed Portfolio Fund

The Plan has entered into a deposit contract with Great-West Life & Annuity Company ("Great-West"), the parent of Empower Retirement, to provide participants the Key Guaranteed Portfolio Fund ("Key Fund") investment option. The Key Fund is an obligation of Great-West, and invested assets are commingled with the other assets in Great-West's general account. There is no specific portfolio of assets in which the Plan's Key Fund assets are invested. The crediting interest rate is backed by the income received from assets held in the general account and Great-West's guarantee. Amounts allocated to the Key Fund will earn interest at the higher of the rate guaranteed under the contract or the current rates established each quarter and declared in advance by Great-West. The crediting interest rate may change each quarter and applies to all money deposited in the plan's Key Guaranteed Portfolio Fund. The minimum guaranteed crediting rate was 0% at December 31, 2020.

The investment is considered fully benefit responsive and normal participant withdrawals and transfers from the Key Guaranteed Portfolio Fund are processed at contract value. If the Plan were to request a liquidation, surrender charges and/or market value adjustments may apply. A significant deterioration in the creditworthiness of Great-West may result in participants' receiving less than full contract value. Approximately 18% of the plan's assets are invested in the Key Guaranteed Portfolio Fund.

Contract Value for the Key Guaranteed Portfolio Fund is as follows:

	2020	2019
Traditional investment contract	$ 1,144,761	$ 1,317,018

Note 9: Excess Contributions

For the year ending December 31, 2020, the Plan was required to make $2,284 of corrective distributions to satisfy the relevant nondiscrimination provisions of the Plan. This amount is included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2020.

Note 10: Party-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Some of the plan investments are mutual funds and contracts managed by Great-West, the trustee. Great-West is the investment advisor for these investments, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Great-West for investment management services of these underlying mutual funds and contracts is included as a reduction of the return on each fund. Notes receivable from participants also reflect party-in-interest transactions.

Note 11: Reconciliation of Financial Statements to Schedule H of Form 5500

The Plan's Form 5500 is prepared on a cash basis of accounting while these financial statements are on the accrual basis. Below is a reconciliation of the differences between the Schedule H of form 5500 and these financial statements.

Contributions Receivable

The following is a reconciliation of contributions per the financial statement for the year ending December 31, 2020 and contributions as stated on Schedule H of Form 5500:

Total Contributions received and receivable as reported on Schedule H	$	431,566
Prior year accrued employer contribution received by the plan during the current year		(7,297)
Total contributions per Financial Statements	$	424,269

Accrual for Excess Contributions:

As discussed in note 9, the Plan is required to refund excess contributions for the plan year ending December 31, 2020. For purposes of these financial statements, this amount was recorded as a payable as of December 31, 2020. The form 5500 is prepared on a cash basis, and these refunds will be shown as corrective distributions on the Schedule H in the 2020 tax year.

Corrective distributions per schedule H of Form 5500	$	2,284
Less corrective distributions paid during 2020 that were accrued as payable as of December 31, 2019		(2,284)
Corrective distributions per the financial statement	$	-

The net assets available for benefits as shown on these financial statements matches the amount reported on the schedule H of form 5500, and the net decrease in assets available for benefits is $5,013 lower than what is reported on schedule H of form 5500.
