Independent Auditor's Report

To the Plan Administrators
Lee Lewis Construction 401(k) Plan
Lubbock, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Lee Lewis Construction 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

August 26, 2021

To the Plan Administrators
Lee Lewis Construction 401(k) Plan
Lubbock, Texas

We have conducted a DOL limited-scope audit of the financial statements of Lee Lewis Construction 401(k) Plan (the Plan) for the year ended December 31, 2020 and we have issued our report thereon dated August 26, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements.

Because of the significance of the information that we did not audit, we are unable to, and will not, express an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 6, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were noted in our audit of the Plan's financial statements for the year ended December 31, 2020.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 26, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Consideration of Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements as of, and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable, and did not, express an opinion on those financial statements.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

DOL Audits

The Department of Labor (DOL) is continuing to audit a large number of employee benefit plans. Although the DOL may audit any area of the Plan for compliance, their current focus appears to be centered on these areas:

- **Recordkeeping** – As an employer sponsoring a retirement plan, you are required by law to keep your books and records available for review by the IRS. Having these records will also facilitate answering questions when determining participants' benefits. As a plan sponsor you should keep the plan and trust document, recent amendments, and determination and approval letters. You should also keep trust records such as investment statements, balance sheets, and income statements, and participant records such as census data, account balances, contributions and earnings, loan documents and information, compensation data and participant statements and notices. You should keep retirement plan records until the trust has paid all benefits and enough time has passed that the plan won't be audited. The Internal Revenue Code, Income Tax Regulations and ERISA require plan sponsors to keep records of these transactions because they may become material in administering pension law.

- **Forfeitures** – Unallocated forfeitures should be disposed of in a timely manner. At least annually, forfeitures should be evaluated and used appropriately to ensure compliance with the plan document.

- **Timely Remittances of Deposits** – DOL regulations require employee contributions and participant loan repayments withheld from the employees' wages by the employer be remitted to the Plan at the earliest date that the assets can be reasonably segregated from the employer assets. Failure to timely remit employee contributions and loan repayments violates the fiduciary responsibilities imposed by ERISA. The DOL does not have a bright line number of days; however, they have consistently taken the position the employee contribution and loan repayments should be remitted similar to the time that the employer pays the payroll taxes each month. Accordingly, our strong recommendation is such remittances to the Plan are made on the same day the Company's payroll taxes are remitted.

- **Fee Analysis** – What fees are being paid by the Plan, in particular, the fees paid by each individual investment (i.e., by each mutual fund, etc.) held by the Plan, whether such fee is paid directly by the fund or netted against the fund earnings.

- **Participant Education** – Are the Plan administrators and trustees providing periodic education to the participants so knowledgeable decisions may be made by the participants? Making education available to all participants on at least an annual basis is expected by the DOL.

- **Annual Meeting of Plan Trustees and Administrators** – At least annually, the Plan trustees and administrators should meet to discuss various aspects of the benefit plan, including a discussion of administrative and investment fees; education for its participants; investment policy and decisions regarding changes to investments offered by the Plan; changes in law and regulations; and the general environment surrounding the Plan sponsor and the Plan itself. This meeting should be documented in formal minutes maintained in the permanent files of the Plan.

This information is intended solely for the use of the plan administrators and the management team, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Robinson Burdette Martin & Seright, L.L.P.

Note 1: Plan Description

The following description of the Lee Lewis Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a contributory, defined contribution plan covering substantially all employees of Lee Lewis Construction, Inc. (the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees of the Sponsor are eligible to participate in the Plan after completing one year of employment, provided they are at least 21 years of age. Plan entry dates are on the first day of the calendar quarter coinciding with or next following satisfaction of the eligibility requirements.

Contributions. Under the Plan, both participants and the Sponsor are allowed to make contributions. Participant contributions are subject to certain annual limitations. Participants may change their contributions on either the Plan entry date or the first day of any subsequent calendar quarter.

The Sponsor makes safe harbor matching contributions to the Plan on behalf of eligible participants equal to 100% of the first 3% of compensation that each participant contributes, plus 50% of the next 2% of compensation contributed to the Plan. The Sponsor may also make discretionary nonelective contributions to the Plan, as determined annually. The Sponsor did not make any nonelective contributions to the Plan in 2020 or 2019.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contributions, as well as the investment earnings or losses thereon, and allocations of administrative expenses. Any Sponsor nonelective contributions are allocated pro rata based on participant compensation.

Participant Loans. Participant loans are not permitted by the Plan.

Vesting. Participants are always vested in their contributions and the employer safe harbor contributions, including the earnings thereon. Participants vest in the Sponsor's nonelective contributions (if any, including the earnings thereon) at a rate of 20% per year following two years of employment, such that the participant is fully vested in such contributions following six years of employment.

Payment of Benefits. On termination of service due to death, disability or retirement, the participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant may receive the value of the vested interest in their account as a lump-sum distribution upon termination for other reasons.

Forfeitures. Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. As permitted by the Plan, forfeitures are utilized to reduce future employer contributions or to pay administrative expenses of the Plan. There were no forfeitures for the years ended December 31, 2020 and 2019.

Amendment or Termination. Although they have no intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would automatically become fully vested.

Note 2: Summary of Significant Accounting Policies

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *Audits of Employee Benefit Plans.*

Use of Estimates. Financial statements prepared in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Values. Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Costs. Certain administrative services and the use of office fixtures and equipment are provided to the Plan by the Sponsor, with no provision for these costs included in the accompanying financial statements. These costs were not significant for the years ended December 31, 2020 and 2019. All other administrative expenses are recognized when incurred.

Prohibited Transactions. A "party-in-interest" is a fiduciary or employee of the Plan, any person who provides services to the Plan, the Sponsor or an employee association whose members are covered by the Plan, a person who owns 50 percent or more of the Sponsor or such employee association or relatives of such person just listed. Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange, or lease of property;
- A loan or other extension of credit;
- The furnishing of goods, services, or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property.

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

The Plan did not engage in any prohibited transactions for the years ended December 31, 2020 and 2019.

Tax Status. The Internal Revenue Service (IRS) has issued an opinion letter determining that the prototype standardized plan is acceptable under Section 401 of the Internal Revenue Code (the Code). It is not a ruling or determination as to whether the Plan itself qualifies under Section 401(a) of the Code. However, an employer adopting the prototype non-standardized plan may rely on the opinion letter with respect to the qualification of its plan under Code section 401(a).

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion, the plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note 2: Summary of Significant Accounting Policies (continued)

Tax Status (continued). GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3: Data Prepared and Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity).

	2020	2019
Mutual funds	$ 12,082,788	$ 10,914,336
Money market fund	428,311	680,326
	$ 12,511,099	$ 11,594,662

For the years ended December 31, 2020 and 2019, Fidelity has also certified the completeness and accuracy of the net appreciation in fair value of the Plan's investments totaling $942,548 and $1,273,294, respectively, and interest and dividend income totaling $691,808 and $669,590, respectively. Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 4: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	December 31, 2020		
	Level 1	Level 2	Total
Mutual funds	$ 12,082,788	$ -	$ 12,082,788
Money market fund	428,311	-	428,311
Total	$ 12,511,099	$ -	$ 12,511,099

	December 31, 2019		
	Level 1	Level 2	Total
Mutual funds	$ 10,914,336	$ -	$ 10,914,366
Money market fund	680,326	-	680,326
Total	$ 11,594,662	$ -	$ 11,594,662

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds and the money market fund are based on quoted net asset values of the shares held by the Plan at year end.

Note 5: Reconciliation of Financial Statements to Form 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor, and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the Internal Revenue Code and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually, with audited financial statements enclosed. There were no reconciling items between the Form 5500 and the accompanying financial statements as of and for the years ended December 31, 2020 and 2019.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events Evaluation

Management has evaluated subsequent events through August 26, 2021, the date which the financial statements were available to be issued. No material subsequent events have occurred during this time which would require recognition in the financial statements or footnotes as of and for the year ended December 31, 2020.

Independent Auditor's Report

To the Plan Administrators
Lee Lewis Construction 401(k) Plan
Lubbock, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Lee Lewis Construction 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Plan Description

The following description of the Lee Lewis Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a contributory, defined contribution plan covering substantially all employees of Lee Lewis Construction, Inc. (the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees of the Sponsor are eligible to participate in the Plan after completing one year of employment, provided they are at least 21 years of age. Plan entry dates are on the first day of the calendar quarter coinciding with or next following satisfaction of the eligibility requirements.

Contributions. Under the Plan, both participants and the Sponsor are allowed to make contributions. Participant contributions are subject to certain annual limitations. Participants may change their contributions on either the Plan entry date or the first day of any subsequent calendar quarter.

The Sponsor makes safe harbor matching contributions to the Plan on behalf of eligible participants equal to 100% of the first 3% of compensation that each participant contributes, plus 50% of the next 2% of compensation contributed to the Plan. The Sponsor may also make discretionary nonelective contributions to the Plan, as determined annually. The Sponsor did not make any nonelective contributions to the Plan in 2020 or 2019.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contributions, as well as the investment earnings or losses thereon, and allocations of administrative expenses. Any Sponsor nonelective contributions are allocated pro rata based on participant compensation.

Participant Loans. Participant loans are not permitted by the Plan.

Vesting. Participants are always vested in their contributions and the employer safe harbor contributions, including the earnings thereon. Participants vest in the Sponsor's nonelective contributions (if any, including the earnings thereon) at a rate of 20% per year following two years of employment, such that the participant is fully vested in such contributions following six years of employment.

Payment of Benefits. On termination of service due to death, disability or retirement, the participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant may receive the value of the vested interest in their account as a lump-sum distribution upon termination for other reasons.

Forfeitures. Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. As permitted by the Plan, forfeitures are utilized to reduce future employer contributions or to pay administrative expenses of the Plan. There were no forfeitures for the years ended December 31, 2020 and 2019.

Amendment or Termination. Although they have no intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would automatically become fully vested.

Note 2: Summary of Significant Accounting Policies

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *Audits of Employee Benefit Plans.*

Use of Estimates. Financial statements prepared in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Values. Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Costs. Certain administrative services and the use of office fixtures and equipment are provided to the Plan by the Sponsor, with no provision for these costs included in the accompanying financial statements. These costs were not significant for the years ended December 31, 2020 and 2019. All other administrative expenses are recognized when incurred.

Prohibited Transactions. A "party-in-interest" is a fiduciary or employee of the Plan, any person who provides services to the Plan, the Sponsor or an employee association whose members are covered by the Plan, a person who owns 50 percent or more of the Sponsor or such employee association or relatives of such person just listed. Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange, or lease of property;
- A loan or other extension of credit;
- The furnishing of goods, services, or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property.

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

The Plan did not engage in any prohibited transactions for the years ended December 31, 2020 and 2019.

Tax Status. The Internal Revenue Service (IRS) has issued an opinion letter determining that the prototype standardized plan is acceptable under Section 401 of the Internal Revenue Code (the Code). It is not a ruling or determination as to whether the Plan itself qualifies under Section 401(a) of the Code. However, an employer adopting the prototype non-standardized plan may rely on the opinion letter with respect to the qualification of its plan under Code section 401(a).

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion, the plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note 2: Summary of Significant Accounting Policies (continued)

Tax Status (continued). GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3: Data Prepared and Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity).

	2020	2019
Mutual funds	$ 12,082,788	$ 10,914,336
Money market fund	428,311	680,326
	$ 12,511,099	$ 11,594,662

For the years ended December 31, 2020 and 2019, Fidelity has also certified the completeness and accuracy of the net appreciation in fair value of the Plan's investments totaling $942,548 and $1,273,294, respectively, and interest and dividend income totaling $691,808 and $669,590, respectively. Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 4: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	December 31, 2020		
	Level 1	Level 2	Total
Mutual funds	$ 12,082,788	$ -	$ 12,082,788
Money market fund	428,311	-	428,311
Total	$ 12,511,099	$ -	$ 12,511,099

	December 31, 2019		
	Level 1	Level 2	Total
Mutual funds	$ 10,914,336	$ -	$ 10,914,366
Money market fund	680,326	-	680,326
Total	$ 11,594,662	$ -	$ 11,594,662

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds and the money market fund are based on quoted net asset values of the shares held by the Plan at year end.

Note 5: Reconciliation of Financial Statements to Form 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor, and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the Internal Revenue Code and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually, with audited financial statements enclosed. There were no reconciling items between the Form 5500 and the accompanying financial statements as of and for the years ended December 31, 2020 and 2019.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events Evaluation

Management has evaluated subsequent events through August 26, 2021, the date which the financial statements were available to be issued. No material subsequent events have occurred during this time which would require recognition in the financial statements or footnotes as of and for the year ended December 31, 2020.
