BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the **Block Communications Savings Plan** (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution 401(k) plan sponsored by **Block Communications, Inc.** (the “Company”) and certain of its wholly owned subsidiaries (collectively, the “Employers”), as defined in the Plan agreement. Prior to January 1, 2020, employees age 21 or older who have completed or are expected to complete 1,000 hours of service with the Employers, who are not a member of a group that has been excluded from Plan coverage pursuant to a collective bargaining agreement or unilaterally excluded by an employer after it has met any applicable collective bargaining obligation are eligible to participate. Effective January 1, 2020, the above age and service requirements for eligibility were eliminated. The Plan is administered by a committee of three or more individuals appointed by the Company’s management. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Risks and Economic Uncertainties

The Plan invests in mutual funds and a common/collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease (“COVID-19”) as a pandemic, and on March 31, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets and it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants' account balances, and the investment amounts reported in the Plan's statements of net assets available for benefits and changes in net assets available for benefits.

On March 27, 2020, the President signed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") into law. The CARES Act included provisions for eligible defined contribution plans, including availability of qualified coronavirus-related distributions, delay of repayments for existing plan loans, and other relief provisions. These CARES Act provisions were optional and employers were permitted to choose whether, and to what extent, to provide the coronavirus-related distribution and/or loan provisions of the CARES Act. The Plan provided access to the new CARES Act distribution options to participants as soon as administratively feasible, in accordance with IRS guidance and other applicable requirements.

Contributions

Each year participants may contribute up to 100% of eligible pretax compensation (up to 6% of eligible compensation for highly compensated employees), as defined in the Plan agreement. Prior to the January 1, 2020 Plan amendment and restatement, highly compensated employees were limited to contributions of 10% of eligible compensation. Participants of two of the Company's wholly owned subsidiaries may also make after-tax (Roth) contributions from eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. The Employers make matching contributions ranging from 50% to 100% (20% to 100% prior to January 1, 2020) of the employees' contributions, up to a maximum of 6% of the participants' eligible compensation. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Effective January 1, 2020 the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to contribute to the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employers' matching contributions and net earnings based on the performance of the investment options selected by the participant. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 20% vested in Employers' matching contributions after one year of service in the Plan, becoming 100% vested after five years of service.

Notes Receivable from Participants

Participants who meet the criteria set forth in accordance with the provisions of the Plan agreement may borrow from their vested account balance a minimum of \$1,000 up to the lesser of 50% of the value of their account (excluding rollover accounts) or \$50,000, less the excess of the highest amount of the outstanding balance of notes receivable from the participant for the previous 12-month period over the outstanding balance of notes receivable from the participant on the date the loan is made. Notes receivable terms range from one to five years unless the loan is for the purchase of a primary residence. The notes are secured by the balance in the participants' accounts and bear interest at rates ranging from 3.25% to 9.25%, which are commensurate with local prevailing rates at the time the notes are issued. Principal and interest are collected ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in their account. If a participant's account balance is \$1,000 or less, payment can be made in a lump-sum without the participant's consent. If the account balance is greater than \$1,000 but less than \$5,000, payment can be made to an individual retirement account at Vanguard Fiduciary Trust Company ("Vanguard") or such other provider as the Company designates in accordance with Department of Labor guidelines, unless the participant requests a different disposition of their account balance within the applicable election period. Participants who terminated service prior to January 1, 2003, were eligible to elect annuity payments over a reasonable time period if they began receiving benefit payments prior to November 1, 2007.

Withdrawals of participant pretax deferrals, Employers' matching contributions and earnings thereon during a participant's employment are not permitted unless financial hardship can be proven or the participant has attained age 59½. Financial hardship withdrawals must meet one of the following specified hardship reasons: medical expenses, funeral expenses, post-secondary education, certain home repairs, purchase of a primary residence or to prevent eviction or foreclosure.

Forfeited Accounts

Forfeitures of the nonvested portion of the Employers' matching contributions, for participants who have left the Plan, are maintained by the Plan until five consecutive one-year breaks in service have occurred. They may then be used to reduce future Employers' cash contributions. Forfeiture assets of \$382,500 in 2020 and \$117,514 in 2019 were used to reduce Employers' matching contributions. At December 31, 2020 and 2019, forfeited nonvested assets totaled \$755,457 and \$933,544, respectively.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

Administrative Expenses

The Plan's administrative expenses, including salaries related to Plan administration and trustee, audit, and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Participants are charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of mutual funds includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the aggregate fair value of mutual funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are recorded as deemed distributions based upon the terms of the Plan agreement.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

Contributions

Contributions from participants are recorded when withheld from their compensation. Employer contributions are recorded in the period in which they become obligations of the Employers.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. On January 1, 2020, Plan management adopted ASU No. 2018-13, and as a result, the Plan modified certain disclosures in Note 3. The adoption of the standard did not have a material impact on the Plan's financial statements.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2020, the most recent statement of net assets available for benefits presented herein, through October 11, 2021, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, (2) the December 31, 2020, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2020 and 2019. Vanguard has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2020 and 2019.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

Common/collective trust: The Vanguard Retirement Savings Trust ("VRST") invests primarily in benefit-responsive investment contracts issued by insurance companies, banks or other financial institutions. The VRST seeks to maintain a stable net asset value and provide returns comparable to those of short-term fixed income securities. The fair value of the VRST is based upon the NAV, as provided by Vanguard. The NAV is used as a practical expedient to estimate fair value and, as a result, is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2020	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 168,587,700	\$ -	\$ -	\$ -	\$ 168,587,700
Common/collective trust	-	-	-	11,855,316	11,855,316
Total investments at fair value	\$ 168,587,700	\$ -	\$ -	\$ 11,855,316	\$ 180,443,016
2019	Level 1	Level 2	Level 3	Other (1)	Total

Total investments at fair value	\$ 150,526,559	\$ -	\$ -	\$ 10,946,950	\$ 161,473,509

(1) Certain investments are measured at NAV per share (or its equivalent) on an inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2020 and 2019.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust				
Vanguard Retirement Savings Trust	\$ 11,855,316	\$ -	Daily	Daily

Investment Type	2019			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust				
Vanguard Retirement Savings Trust	\$ 10,946,950	\$ -	Daily	Daily

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard. Vanguard is the trustee of the Plan and, therefore, transactions with Vanguard qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of mutual funds.

5. TAX STATUS

The IRS has determined and informed the Company by a letter dated January 4, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan committee and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

BLOCK COMMUNICATIONS SAVINGS PLAN

Notes to Financial Statements

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2019 and 2018, the Company was untimely in remitting certain participant contributions in the aggregate amount of \$323,859. Late remittances of participant contributions constitute prohibited transactions under ERISA section 406, regardless of materiality. The Company remitted the delinquent participant contributions and related Company matching contributions in their respective years. The Company reimbursed the Plan for the related lost earnings in 2020.
