Note 1 - Description of plan

The following description of the Homer T. Hayward Lumber Co., Inc. 401(k) Profit Sharing Plan is for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on January 1, 1990 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA). The Plan provides benefits for all non-union eligible employees of Homer T. Hayward Lumber Co., Inc. (the Company).

The Company is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. Through December 31, 2020, the Plan's custodian was Voya Retirement Insurance and Annuity Company (Voya) and the Plan's third-party administrator was Primark Benefits (Primark).

Eligibility - Except for excluded employees, all employees who have reached twenty-one years of age and completed ninety days of service are eligible to participate in the Plan and receive employer matching. Excluded employees include collectively bargained employees, non-resident aliens who do not receive United States source income from the Company, and leased employees. Eligible employees may enter the Plan on January 1st or July 1st during each Plan year. An employee may elect not to participate in the Plan.

Employee contributions - Participants may elect to contribute up to 100% of their compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). A participant may elect to increase or decrease the percentage contribution, on the first of every quarter, within defined limits upon notice to the Plan Administrator.

Employer matching contributions - The Company may make a discretionary matching contribution equal to a discretionary percentage or as a flat dollar amount. For the years ended December 31, 2020 and 2019, the Company matched up to 25% of the first 4% of employee deferrals, calculated on a pay period basis. In addition, the Company may make a discretionary contribution to the Plan each year. Such discretionary Company contributions plus any forfeiture may be allocated to each participant who is eligible, each Plan year. The Company did not make discretionary contributions in 2020 and 2019.

Participant accounts - Each participant's account is credited with the participant's contribution and Company contributions and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of plan (Continued)

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Some Plan investments are units of funds managed by the custodian; therefore, these investments and all investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting - Participants' contributions, employer matching, and earnings thereon are 100% vested at all times. Discretionary amounts contributed by the Company vest based upon completed years of service over a six-year period at 20% per year from year two through year six.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loan terms range from 1-5 years, but may not exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus two percent. The interest rates in effect ranged from 5.25% to 7.25%. Principal and interest are paid ratably through payroll deduction each pay period

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (age 65). Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed $5,000.

Forfeited accounts - Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures are then used to reduce employer contributions. Forfeitures remaining in the Plan as of December 31, 2020 and 2019 were approximately $12,300 and $12,900, respectively. For the years ended December 31, 2020 and 2019, employer contributions were not reduced by Plan forfeitures.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted (GAAP) in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2 - Significant accounting policies (Continued)

Investment valuation and income recognition - The investments in all of the funds, except the insurance contract account, are presented at fair value, based on the quoted market prices of the underlying securities within each fund as of December 31, 2020 and 2019. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. The insurance contract account is fully benefit-responsive and is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net depreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net depreciation in fair value of investments.

Subsequent events -The Plan Administrator has evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued.

Note 3 - Fair value:

The Plan performs fair value measurements in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 3 - Fair value (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at fair value based on the Net Asset Value (NAV) of the underlying funds.

The fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts measured at fair value on a recurring basis totaling $14,815,994 and $12,710,939 as of December 31, 2020 and 2019, respectively, were all deemed to be level 2 investments by the Plan Administrator.

Note 4 - Insurance contract with insurance company:

The Voya Fixed Account (the Insurance Contract) consists of a fully benefit-responsive insurance contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Insurance Contract is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Insurance Contract. Contract value, as reported to the Plan by Voya, represents contributions made under the Insurance Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2020, and 2019, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer with the requirement that interest rates may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 - Investments:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Voya, the custodian of the Plan, except for comparing such information to the related information included in the financial statements and the supplemental schedule. 8

The following information, included in the financial statements and supplemental schedule was provided and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Investment income and interest income from participant notes receivable, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution account balances.

Note 7 - Income tax status:

The Plan has adopted a volume submitter plan sponsored by Primark Benefits. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 8 - Party-in-interest transactions:

At December 31, 2020 and 2019, the Plan held for investment approximately $285,000 and $293,000, respectively, in Voya's investment accounts. Voya is the Plan's investment broker and has custodial responsibility for investments held in the Voya investment accounts.

Note 9 - Risks and uncertainties:

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 10 - Cares and secures acts:

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, request a pre-approved CARES Act distribution of up to $100,000, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were enabled in April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 11 - Reconciliation of financial statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Schedule H of the Form 5500:
