NOTE 1 – DESCRIPTION OF PLAN

The following description of Delphon Industries, LLC Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Delphon Industries, LLC, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Delphon Industries, LLC (the Company), is the Plan's sponsor and serves as plan administrator.

Effective April 15, 2020, the Plan contracted with Fidelity Management Trust Company (Fidelity) to act as the custodian and trustee, and an affiliate of Fidelity to process and maintain the records of participant data.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18 for full-time employees, and age 21 for part-time, or temporary employees, and after completing three months of service.

Contributions

Participant contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Effective April 15, 2020, participants may also contribute after-tax compensation (as Roth contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer contributions – The Company may elect to make discretionary matching and nonelective contributions to the Plan. The Company matches 100% of each eligible participant's contributions, not to exceed $1,000 per year. There were no nonelective contributions for the year ended December 31, 2020.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Effective April 15, 2020, participants are vested immediately in the employer discretionary matching contributions. Prior to April 15, 2020, participants 100% vested in the employer discretionary matching contributions after two years of credited service. A participant is 100% vested in the Company's nonelective contributions after two years of credited service.

Notes receivable from participants – Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan repayment period may be longer. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2020, the rates of interest on outstanding loans ranged from 4.25% to 6.50%, with various maturities through February 2043.

Payment of benefits – On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows for the automatic distribution of participant vested account balance that does not exceed $5,000. For the year ended December 31, 2020, benefits paid primarily relate to participants who terminated and were in the form of a rollover to a qualified defined contribution plan or an individual retirement account.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are used to reduce future Company contributions or pay the Plan's administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee and custodian, Fidelity and John Hancock Life Insurance Company (U.S.A) (John Hancock), respectively, certify the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments in non-interest bearing cash are not valued at fair value, but instead are valued at face value.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable charged directly to the participant's account and certain record-keeping fees paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Subsequent events – The Plan has evaluated subsequent events through October 9, 2021, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Money market fund and mutual funds: Valued at daily closing prices as reported by the fund. Mutual funds and the money market fund held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. These investments are redeemable daily at NAV by participants and had no commitment provisions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,341,916	$ -	$ -	$ 7,341,916
Money market fund	390,206	-	-	390,206
Investments at fair value	$ 7,732,122	$ -	$ -	$ 7,732,122

The following sets forth additional disclosures for the fair value measurement of significant PSAs as of December 31, 2019:

The John Hancock Multimanager 2035 Lifetime Portfolio Fund seeks high total return through its target retirement date, with a greater focus on income beyond the target date.

The John Hancock Multimanager Conservative Lifestyle Portfolio Fund seeks to achieve a high level of current income with some consideration given to growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 20% of its assets in underlying portfolios that investment primarily in equity securities.

The John Hancock Multimanager Balanced Lifestyle Portfolio Fund seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities.

The John Hancock Multimanager Growth Lifestyle Portfolio Fund seeks long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolios that invest primarily in fixed-income securities. Current income is also a consideration.

The 500 Index Fund seeks to achieve the approximate aggregate total return of a broad U.S. domestic equity market index.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 4 – TAX STATUS

The plan document is a volume submitter plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and John Hancock, the trustee and custodian, respectively, of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected on the schedule of assets (held at end of year).

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS
