(1) DESCRIPTION OF THE PLAN:

The Network Services Company Profit Sharing 401(K) Plan (the Plan) is a defined contribution plan established on January 1, 1984, and maintained for the benefit of eligible employees of Network Associates, Inc. and Subsidiaries (Network Services Company, National Paper and Plastics Company, Inc., and Cleanwise, LLC) (the Company). Plan Management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings as well as monitors investment performance. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. General provisions of the Plan include the following:

Amendments –

The Plan was amended in 2019 to allow participants to defer up to 100 percent of any employer paid cash bonus designated by the employer on a uniform and nondiscriminatory basis. This amendment was made in conjunction with the Company's adoption of a new profit-sharing payment program. See Note 1, Contributions, for description of the new program.

The Plan was further amended in 2020 to allow for automatic enrollment, as well as to include an automatic deferral increase provision and to allow for changes to the employer contributions vesting schedule. See Note 1, Contributions and Vesting, for description of the new Plan provisions.

Trustee –

Fidelity Management Trust Company (Fidelity) serves as Trustee of the Plan.

Eligibility –

Employees of the Company become eligible to participate in the Plan on the first day of the month following employment. Employees must be twenty-one years of age as of the enrollment date in order to be eligible. Employees covered by a collective bargaining agreement, leased employees, residents of Puerto Rico, and certain nonresident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions –

Each year, participants may contribute up to 60 percent of their compensation, as defined in the Plan, on a pretax, or on an after-tax basis if choosing a Roth 401(K). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 100 percent of their compensation, as defined in the Plan, on an after-tax basis. Participant contributions may not exceed certain amounts defined by statute.

The Plan provides for a non-discretionary employer matching contribution on behalf of each participant in an amount equal to 50 percent of the participant's contribution, not to exceed $3,000, remitted with each pay period.

Effective January 1, 2020, the Plan implemented an auto-enrollment provision whereby upon satisfying the Plan eligibility requirements, all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants hired on or after January 1, 2020, have their deferral rate set at three percent of eligible compensation and their contributions invested in a default T. Rowe Price Retirement Fund until changed by the participant. Active participants hired prior to January 1, 2020, without a deferral election on file, will also be subject to the automatic enrollment provisions described above, unless they affirmatively elect out of participation. Those participants with a deferral rate greater than zero will have that deferral increased annually by one percent as a pre-tax deferral contribution until a deferral rate of six percent is reached. Each applicable increase will occur each year on January 2nd.

In November 2019, the Company adopted the Profit-Sharing Payment Program (PSPP) with provisions mirroring the Plan related to qualification (participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year), computation, and eligibility for annual discretionary Company contributions. Annual amounts paid under the PSPP are in lieu of discretionary Company contributions historically made under the Plan. Eligible employees receive annual discretionary profit-sharing payments in the form of a taxable bonus and have the option to defer all or a portion of the payment on a pre-tax basis into the Plan as an employee contribution, subject to applicable contribution limits. The Plan was amended to allow participants to defer up to 100 percent of such compensation into the Plan. Benefits earned under this program that are contributed to the Plan as pre-tax deferrals are not eligible for matching contributions. The first installment of benefits under the PSPP shall be made in the January following the program year. For the 2020 and 2019 program years, $1,080,319 and $985,683 of benefits were paid to eligible employees in January of 2021 and 2020, respectively. These benefit payments were made directly to eligible employees and therefore, will be included in taxable compensation on their Forms W-2 in the year they were paid. Any portion of the benefit payments deferred into the Plan in any given year will be counted towards that year's employee contributions, subject to contribution limits in place in the year the payments were deferred into the Plan. Such employee contributions would be fully vested.

In addition to payments made under the PSPP, the Company may, out of its current or accumulated profits, contribute to the Plan a discretionary profit sharing contribution in an amount authorized by the Board of Directors. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive a discretionary profit sharing contribution. The Company did not make any discretionary contributions to the Plan in 2020. Company discretionary contributions to the Plan totaled $42,856 in 2019.

Participant Accounts –

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Company contributions, allocation of investment earnings or losses, and forfeitures of terminated participants' non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options –

Participants may allocate their contributions (in multiples of one percent) and those of the Company among multiple mutual funds, a money market fund, and a common/collective trust fund (the Fidelity Managed Income Portfolio). Employees may change their contribution allocations between investment options for future contributions and transfer prior contributions and associated earnings between investment options subject to certain restrictions set forth in the Plan. The Plan currently offers twenty-seven mutual funds, one money market fund, and one common/collective trust as investment options for participants.

Vesting –

Participants are always 100 percent vested in their employee pretax account, rollover account, Roth 401(K) account, after tax deferral account, and any earnings thereon. Vesting in employer matching contributions is on a graduated scale and participants terminating on or after January 1, 2020, will not be fully vested until the completion of five years of service. Participants terminating prior to January 1, 2020, are not fully vested until the completion of six years of service.

Participants are fully vested in any contributions made under the PSPP program. Vesting in the employer discretionary profit sharing contributions is on a graduated scale and participants terminating on or after January 1, 2020, will not be fully vested until the completion of five years of service. Participants terminating prior to January 1, 2020, are not fully vested until the completion of six years of service.

Forfeitures –

Forfeitures of employer contributions will be used to reduce future employer contributions. Forfeitures of employer contributions of $117,182 and $79,950 were held by the Plan as of December 31, 2020 and 2019, respectively. Forfeiture funds were not used to reduce employer contributions in 2020. Employer contributions were reduced by $42,856 from forfeited non-vested accounts in 2019.

Administrative Expenses –

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Notes Receivable from Participants –

Participants may borrow, but not less than $1,000, from their self-directed investment accounts. The maximum aggregate of each participant's outstanding loans cannot exceed the lesser of $50,000 or 50 percent of the participant's vested account balance. No participant may have more than one loan outstanding at any time. Participant loans are secured by the balance in the participant's self-directed investment account and bear a fixed interest rate determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Interest rates range from 3.75 percent to 8.75 percent on participant loans outstanding at December 31, 2020. Principal and interest is paid ratably through biweekly payroll deductions in terms generally ranging from five to ten years.

Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted on March 27, 2020, expands permissible loans from certain retirement plans. For loans made from March 27, 2020, through September 22, 2020, participants may borrow up to the lesser of $100,000 (minus any outstanding loan balance) or the participant's vested benefit under the Plan. If a loan is outstanding on or after March 27, 2020, and any repayment on the loan is due from March 27, 2020, to December 31, 2020, that due date may be delayed under the Plan for up to one year. Any payments after the suspension period will be adjusted to reflect the delay and any interest accruing during the delay.

Payment of Benefits –

Upon termination, retirement, death, or disability, a participant's benefit is equal to the value of the participant's vested account and is payable at the election of the participant. Hardship withdrawals are also allowed as permitted under the Internal Revenue Code (IRC) subject to certain restrictions as defined in the Plan Agreement.

Section 2202 of the CARES Act provides for expanded distribution options and favorable tax treatment for up to $100,000 of coronavirus-related distributions from eligible retirement plans to qualified individuals. A coronavirus-related distribution is a distribution that is made from an eligible retirement plan to a qualified individual from January 1, 2020, to December 31, 2020, up to an aggregate limit of $100,000 from all plans and IRA's. A coronavirus-related distribution is not subject to the ten percent additional tax that otherwise generally applies to distributions made before an individual reaches age 59 ½. In addition, a coronavirus-related distribution can be included in income in equal installments over a three-year period, and an individual has three years to repay a coronavirus-related distribution to a plan or IRA and undo the tax consequences of the distribution.

Rollover Contributions –

With the Company's consent, an eligible employee may make one or more rollover contributions to the Plan if the employee demonstrates to the Company's satisfaction that the contribution qualifies as a rollover contribution in accordance with the IRC.

(2) SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting –

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Benefit payments to participants are recorded upon distribution.

Use of Estimates –

The preparation of financial statements, in accordance with U.S. GAAP, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Recognition and Investment Valuation –

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by investment advisers, custodian, and Trustee. See Note 8 for discussion of fair value measurements.

Notes Receivable From Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document.

Expenses –

Substantially all administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events –

The Plan has evaluated subsequent events through the report date, the date which the financial statements were available to be issued. The Company's operations may be affected by the recent and ongoing outbreak of the novel coronavirus disease (COVID-19) which was declared a pandemic by the World Health Organization in March 2020. The ultimate disruption that may be caused by the outbreak is uncertain and may result in a material decline in the value of assets held by the Plan. The pandemic has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of COVID-19. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its performance, and its financial results.

On March 27, 2020, Congress passed the CARES Act, which contains several provisions that temporarily impact tax qualified retirement plans and their participants. The Plan Administrator has elected to immediately operationalize certain provisions of the CARES Act prior to formally amending the Plan document in order to assist individuals affected by the COVID-19 pandemic. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service (IRS) guidance.

(3) PARTY-IN-INTEREST TRANSACTIONS:

Certain portions of the Plan's investments are shares of collective and mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions.

(4) RISKS AND UNCERTAINTIES:

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, together with a heightened market risk and volatility associated with the COVID-19 pandemic, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(5) SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE:

The December 31, 2020 and 2019 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

The table below summarizes the information that has been prepared and certified to as complete and accurate by the Trustee as of December 31:

	2020	2019
Investments, at fair value —		
Money market accounts	$ 3,612,249	$ 2,821,148
Mutual funds	32,358,994	30,158,975
Common/collective trust fund	1,925,485	2,054,642
Notes receivable from participants	596,080	628,148
Total assets certified by the Trustee	$ 38,492,808	$ 35,662,913
Investment income —		
Net appreciation in value of investments	$ 2,629,166	$ 4,486,793
Interest and dividends	1,593,328	1,321,410
Interest on notes receivable from participants	31,627	30,651
Total investment income certified by the Trustee	$ 4,254,121	$ 5,838,854

(6) PLAN TERMINATION:

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(7) TAX STATUS:

The Plan has adopted a prototype plan sponsored by Fidelity Management and Research Co. Fidelity Management and Research Co. requested that the IRS provide an opinion related to the acceptability of the prototype plan under Section 401 of the IRC and received a favorable opinion dated June 30, 2020. Consequently, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however; there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to applicable statutory periods.

(8) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: Valued at the Net Asset Value (NAV) of units of the collective trust. This fund consists of the Fidelity Managed Income Portfolio (MIP) and the NAV is used as a practical expedient to estimate fair value. Fidelity MIP invests in guaranteed investment contracts (GICs) and synthetic GICs. The GICs and synthetic GICs are fully benefit-responsive investment contracts issued by banks, insurance companies and other issuers. The fair value of fully benefit-responsive investment contracts included in the Fidelity MIP is calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2020

Description of Investment	Level 1	Level 2	Level 3	Total

The following table summarizes investments in the common/collective trust fund for which fair value is measured using NAV per unit as a practical expedient as of December 31:

2020

Description of Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund (see Note 9)	$ 1,925,485	$ -	Daily	None

2019

Description of Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust fund (see Note 9)	$ 2,054,642	$ -	Daily	None

(9) COMMON/COLLECTIVE TRUST FUND:

The Plan holds an indirect investment in a fully benefit-responsive investment contract with Fidelity through a common/collective trust fund. Fidelity maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at fair value using NAV as a practical expedient to estimate fair value. Contract value; however, is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The difference between fair value and contract value is not significant.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (3) any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer, (4) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Portfolio's cash flow, (5) any communication given to unitholders by the Plan Sponsor, any other Plan Fiduciary or Trustee that is designed to induce or influence unitholders not to invest in the Portfolio or to transfer assets out of the Portfolio, and (6) any transfer of assets from the Portfolio directly to a competing investment option. The Plan Management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Fidelity may not terminate the contract at any amount less than contract value.

Fidelity is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such interest rates are reviewed on a monthly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

(11) PROHIBITED TRANSACTIONS:

The Company failed to timely remit $52,126 of certain employee deferrals to the Plan during 2020. The Company was required to compute and remit lost earnings on these deferrals. The Company will remit the lost earnings to the Plan and they will be allocated to the individual participant accounts in October 2021. All payments in relation to the late remittal of employee contributions will be made from the Company's assets, not from the Plan's assets.
