WESTERN SLOPE AUTO COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 (Audited) and 2019 (Compiled)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Western Slope Auto Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Western Slope Auto (the Company) who are at least eighteen years of age, and have attained at least one month of service with the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes a deferred compensation arrangement under Internal Revenue Code Section 401(k), which allows eligible employees to make pre-tax or after-tax contributions to the Plan as a percentage or dollar amount of their compensation.

Due to the economic effects of COVID-19, the Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which are laws that change the Plan to, among others, suspend required minimum distributions, delay the commencement date for required minimum distributions, and expand distribution options to qualified individuals.

Employee Contributions

Participants are permitted to contribute up to 100% of their annual compensation, as defined in the Plan document, to the Plan on a pre-tax or after-tax basis. Contributions may not exceed dollar limits set by law. Transfers from qualified plans are allowed under provisions of the Plan.

Employer Contributions

The Company contributes a matching contribution equal to an amount determined quarterly by the Company. The Company also makes a profit-sharing contribution, as defined in the Plan document, to be determined annually by the Company. For the year ended December 31, 2020 the Company made matching contributions of \$131,755 and profit-sharing contributions of \$73,514.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions on the participant's behalf, and an allocation of the Plan earnings. Allocations are based on participant earnings or participant account balances, as defined in the Plan agreement.

Vesting

Participants are immediately vested in their elective deferral contributions made by the Company on their behalf plus earnings thereon. Vesting in the Company's profit sharing contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. In addition, a participant becomes 100% vested in the Company's contributions in the event of a participant's death, disability, upon reaching normal retirement age, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loan terms are up to five years, or thirty years if used for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account. Interest rates are determined by the trustee and administrator at the time the loan is processed.

For the six-month period following the enactment of the CARES Act on March 27, 2020, participants of qualified defined contribution retirement plans may secure a loan up to the lesser of \$100,000 or 100% of the participant's vested accrued benefit under the Plan. This provision increased the maximum plan loan amount from the lesser of \$50,000 or 50% of the participant's vested accrued benefit. The CARES Act also permits repayment of participant loans to be delayed for up to a year.

Payment of Benefits

Upon termination of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than \$1,000 and an election has not been made to directly rollover the balance to an IRA. Participants with account values of at least \$1,000 but less than \$5,000 may receive a lump-sum payment, elect to rollover the balance to another plan or IRA, or if no other option is selected, the balance will be rolled over to an IRA on behalf of the participant. If a participant's account value is \$5,000 or more, the participant may elect an annuity to be paid in monthly, quarterly or annual installments, may receive a lump-sum payment, or may elect to defer benefits to a future date.

Participants may also make certain voluntary in-service withdrawals after age 65 or hardship.

Forfeitures

Forfeitures of contributions made by the Company are determined at year end and may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. For the year ended December 31, 2020, \$6,106 of forfeitures were used to pay Plan expenses. No forfeitures were used to reduce employer contributions. As of December 31, there were \$29,360 (2020) and \$25,547 (2019) unallocated forfeitures.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid by the trustee.

Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2020 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and; therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Market Fund: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participants' purchases and redemptions of units from the funds are based on unit values as of the valuation date. Purchases and redemptions of units may occur on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2020 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 6,250,827	\$ -	\$ -	\$ 6,250,827
Money market fund	1,277,542	-	-	1,277,542
<i>Total Investments, at Fair Value</i>	<u>\$ 7,528,369</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,528,369</u>

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2019 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	\$ 6,136,074	\$ -	\$ -	\$ 6,136,074
Money market fund	88,799	-	-	88,799
<i>Total Investments, at Fair Value</i>	<u>\$ 6,224,873</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,224,873</u>

NOTE 5 - PLAN TERMINATION

Although they have expressed no intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. Plan management and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - RELATED-PARTY TRANSACTIONS

The Plan pays for certain Plan expenses while the Company absorbs certain administrative expenses, such as accounting fees. Certain Plan investments are shares of mutual funds managed by Fidelity Investments which is a related subservice organization of Reliance Trust Company, the Trustee of the Plan. Therefore, these transactions qualify as party-in interest transactions. Participant loans also qualify as party-in-interest transactions. These transactions are denoted as such on the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March of 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of and for the year ended December 31, 2019 to the Form 5500:

Net assets available for benefits per the financial statements	\$ 6,545,334

Adjustment for recording corrective distributions payable	<u>33,059</u>
<i>Net Assets Available for Benefits per Form 5500</i>	<u><u>\$ 6,481,089</u></u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2020 to the Form 5500:

NOTE 10 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 8, 2021, the date which the financial statements were available to be issued, and determined that no events have occurred that would require disclosure.
