PLANNED PROPERTY MANAGEMENT IN 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

1. Description of the Plan

The following description provides only general information on the provisions of the of Planned Property Management In 401(k) Profit Sharing Plan and Trust (the "Plan"), Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan established by Planned Property Management, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility and Participation

All Company employees, except for employees covered by the terms of a collective bargaining agreement (unless the collective bargaining agreement specifies that the employees must be covered by the Plan), employees who are nonresident aliens and receive no earned income from the Company within the United States, and employees who became employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the employer of a trade of business, are eligible to participate in the Plan as follows:

With respect to a participant's voluntary contributions for the Plan year, employees are eligible to participate immediately following attainment of age 21 and 90 days of service. Additionally, employees must be employed for 1,000 service hours per year.

c. Contributions

Each year, participants may contribute up to 92 percent of pretax annual compensation, through Pre-tax or Roth deferrals as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan are not compulsory; if a Participant fails to follow election procedures the Participant is not enrolled in the Plan as a contributing Participant. Participants may elect to contribute a percentage or a flat dollar amount of their eligible compensation subject to certain overall limitations. At the discretion of the Company, employees employed on the last day of the Plan year may receive a pro rata allocation of Employer Profit Sharing Contributions.

d. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, as well as the investment income and any administrative expenses. Any required allocations are based on the proportion that each participant's account balance has to the total of all participants' account balances or compensation during the Plan year.

1. Description of the Plan (Continued)

e. Vesting

Participants are fully vested in their pre-tax and Roth contributions, rollover and transfer contributions, safe harbor basic matching contributions, safe harbor non-elective contributions and qualified nonelective contributions. Employer profit sharing contributions are vested 20% after year 2, 40% after year 3, 60% after year 4, 80% after year 5 and are fully vested after 6 years of employment.

f. Payment of Benefits

Participants can withdraw their individual account if employment is terminated before the normal retirement age, the employee becomes disabled, or the employee reaches normal retirement age, 65 years old, but continues to work. In addition, employees can request a distribution of their elective deferrals, qualified non-elective contributions and safe harbor contributions from the Plan if they are still working and reach the age of 59 ½. Unless one of the situations listed above exists, a participant cannot withdraw their individual account attributable to Employer profit sharing, rollover contributions, or transfer contributions unless the participant is over age 59 ½ and 100% vested. Hardship distributions are not permitted.

g. Loans to Participants

Loans to a participant are permitted with a maximum number of two per participant.

h. Withdrawals

Once a participant reaches age 59 ½, a participant may withdraw any part of his vested account.

i. Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company and are excluded from these financial statements.

2. Summary of Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments were stated at fair value based on quoted market prices of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

2. Summary of Accounting Policies (Continued)

d. Payments of Benefits

Benefit payments to participants are recorded upon distribution. During the period ended December 31, 2020, there were no participants who elected to withdraw from the Plan but were not yet paid at December 31, 2020.

3. Fair Value Measurements

VALUATION OF INVESTMENTS – FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. All assets held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued at the closing price reported by the fund sponsor from an actively traded exchange. These are included in Cash and cash equivalents as Level 1 in the Fair Value Hierarchy below.

3. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 9,883	-	$ -	$ 9,883
Registered Investment Companies	54,371	-	-	54,371
Total Investments	$ 64,255	$ -	-	$ 64,255

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 3,333	-	$ -	$ 3,333
Registered Investment Companies	13,732	-	-	13,732
Total Investments	$ 17,065	$ -	-	$ 17,065

5. Information Certified by the Trustee (Unaudited)

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included on the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total investments as shown in the accompanying Statement of Net Assets Available for Benefits of $64,255 as of December 31, 2020 and $17,065 as of December 31,2019.

b. Net investment earnings as shown in the accompanying Statement of Changes in Net Assets Available for Benefits of $7,934 for the period ended December 31, 2020.

c. All investment-related information in the accompanying supplemental Schedule H, Line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included on the related financial statements and supplemental schedule.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Mid Atlantic Trust Company which is the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Company has adopted an approved prototype plan, selecting only options permitted under the terms of the approved plan. The prototype plan was determined to be acceptable under section 401 of the IRC by an Internal Revenue Service letter dated April 10, 2014. While the Plan has not applied for a separate determination letter, the Plan Administrator believed that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC.

The Plan has adopted recently issued accounting principles related to uncertain tax positions and has evaluated its tax positions taken for all open tax years.

Based on evaluation of the Plan's tax positions, the Plan Administrator believes all positions taken would be upheld under an examination. Therefore, no provision for the effects of uncertain tax positions has been recorded for the period ended December 31, 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statement of Net Assets Available for Benefits.

10. Subsequent Events

The Plan has evaluated events subsequent to December 31, 2020, for possible adjustment or disclosure to the accompanying financial statements. This evaluation was done through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

11. Covid-19

The Plan has taken a number of measures to monitor and mitigate the effects of Covid-19. At this stage the impact on the Company's operations and Plan's net assets has not been significant , however due the uncertainty around the breadth and duration of the effects of Covid-19 the Plan is unable to determine if it will have a material impact on operations and net assets in future years.

PLANNED PROPERTY MANAGEMENT IN 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

1. Description of the Plan

The following description provides only general information on the provisions of the of Planned Property Management In 401(k) Profit Sharing Plan and Trust (the "Plan"), Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan established by Planned Property Management, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility and Participation

All Company employees, except for employees covered by the terms of a collective bargaining agreement (unless the collective bargaining agreement specifies that the employees must be covered by the Plan), employees who are nonresident aliens and receive no earned income from the Company within the United States, and employees who became employees due to an asset or stock acquisition, merger, or similar transaction involving a change in the employer of a trade of business, are eligible to participate in the Plan as follows:

With respect to a participant's voluntary contributions for the Plan year, employees are eligible to participate immediately following attainment of age 21 and 90 days of service. Additionally, employees must be employed for 1,000 service hours per year.

c. Contributions

Each year, participants may contribute up to 92 percent of pretax annual compensation, through Pre-tax or Roth deferrals as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions to the Plan are not compulsory; if a Participant fails to follow election procedures the Participant is not enrolled in the Plan as a contributing Participant. Participants may elect to contribute a percentage or a flat dollar amount of their eligible compensation subject to certain overall limitations. At the discretion of the Company, employees employed on the last day of the Plan year may receive a pro rata allocation of Employer Profit Sharing Contributions.

d. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, as well as the investment income and any administrative expenses. Any required allocations are based on the proportion that each participant's account balance has to the total of all participants' account balances or compensation during the Plan year.

1. Description of the Plan (Continued)

e. Vesting

Participants are fully vested in their pre-tax and Roth contributions, rollover and transfer contributions, safe harbor basic matching contributions, safe harbor non-elective contributions and qualified nonelective contributions. Employer profit sharing contributions are vested 20% after year 2, 40% after year 3, 60% after year 4, 80% after year 5 and are fully vested after 6 years of employment.

f. Payment of Benefits

Participants can withdraw their individual account if employment is terminated before the normal retirement age, the employee becomes disabled, or the employee reaches normal retirement age, 65 years old, but continues to work. In addition, employees can request a distribution of their elective deferrals, qualified non-elective contributions and safe harbor contributions from the Plan if they are still working and reach the age of 59 ½. Unless one of the situations listed above exists, a participant cannot withdraw their individual account attributable to Employer profit sharing, rollover contributions, or transfer contributions unless the participant is over age 59 ½ and 100% vested. Hardship distributions are not permitted.

g. Loans to Participants

Loans to a participant are permitted with a maximum number of two per participant.

h. Withdrawals

Once a participant reaches age 59 ½, a participant may withdraw any part of his vested account.

i. Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company and are excluded from these financial statements.

2. Summary of Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments were stated at fair value based on quoted market prices of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

2. Summary of Accounting Policies (Continued)

d. Payments of Benefits

Benefit payments to participants are recorded upon distribution. During the period ended December 31, 2020, there were no participants who elected to withdraw from the Plan but were not yet paid at December 31, 2020.

3. Fair Value Measurements

VALUATION OF INVESTMENTS – FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. All assets held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Money Market Funds: Valued at the closing price reported by the fund sponsor from an actively traded exchange. These are included in Cash and cash equivalents as Level 1 in the Fair Value Hierarchy below.

3. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 9,883	-	$ -	$ 9,883
Registered Investment Companies	54,371	-	-	54,371
Total Investments	$ 64,255	$ -	-	$ 64,255

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 3,333	-	$ -	$ 3,333
Registered Investment Companies	13,732	-	-	13,732
Total Investments	$ 17,065	$ -	-	$ 17,065

5. Information Certified by the Trustee (Unaudited)

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included on the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total investments as shown in the accompanying Statement of Net Assets Available for Benefits of $64,255 as of December 31, 2020 and $17,065 as of December 31,2019.

b. Net investment earnings as shown in the accompanying Statement of Changes in Net Assets Available for Benefits of $7,934 for the period ended December 31, 2020.

c. All investment-related information in the accompanying supplemental Schedule H, Line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included on the related financial statements and supplemental schedule.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Mid Atlantic Trust Company which is the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Company has adopted an approved prototype plan, selecting only options permitted under the terms of the approved plan. The prototype plan was determined to be acceptable under section 401 of the IRC by an Internal Revenue Service letter dated April 10, 2014. While the Plan has not applied for a separate determination letter, the Plan Administrator believed that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC.

The Plan has adopted recently issued accounting principles related to uncertain tax positions and has evaluated its tax positions taken for all open tax years.

Based on evaluation of the Plan's tax positions, the Plan Administrator believes all positions taken would be upheld under an examination. Therefore, no provision for the effects of uncertain tax positions has been recorded for the period ended December 31, 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the Statement of Net Assets Available for Benefits.

10. Subsequent Events

The Plan has evaluated events subsequent to December 31, 2020, for possible adjustment or disclosure to the accompanying financial statements. This evaluation was done through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

11. Covid-19

The Plan has taken a number of measures to monitor and mitigate the effects of Covid-19. At this stage the impact on the Company's operations and Plan's net assets has not been significant , however due the uncertainty around the breadth and duration of the effects of Covid-19 the Plan is unable to determine if it will have a material impact on operations and net assets in future years.
