Note 1. Plan Description

The following description of the Soderstrom Dermatology Center S.C. 401(k) Plan and Trust (Plan) provides only for general information. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Soderstrom Dermatology Center S.C. (the Center) and Med Pro Advantage, LLC (Med Pro) who are twenty-one years of age or older and have completed three months of service as defined by the Plan. To be eligible for the profit sharing portion of the Plan, an employee must have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to the maximum allowable percentage of their pretax compensation subject to limits imposed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Center and Med Pro can make a non-elective contribution equal to 3% of compensation for participants who have completed at least one year of service. The Plan may make a discretionary profit sharing contribution in an amount determined by the Center and Med Pro. The Plan did not make a profit sharing contribution for the year ended December 31, 2020. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with his or her voluntary contributions and allocations of the Center's and Med Pro's contributions and plan earnings. Participants accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and actual earnings thereon and the Company's 3% nonelective contribution. Vesting in the Center's and Med Pro's additional profit sharing contributions and earnings thereon is based on years of service. The participant is fully vested after six years of credited service from the date of employment.

Payment of benefits: Benefits are paid as various annuity options or a single lump-sum at the option of the participants. Upon termination of employment, the participants are entitled to their retirement benefit that equals the vested amount in the participant's account. Participants with a vested balance of more than $5,000 have the option to leave their vested account balance in the Plan. Participants with a present value benefit less than $5,000 can elect a distribution option or if no election is made, the Plan Administrator will pay the distribution in a lump-sum payment.

Forfeitures: At December 31, 2020 and 2019, forfeited nonvested accounts totaled $670 and $0 respectively. These accounts will be used to offset expenses. Also in 2020, $0 was used to pay expenses from forfeited nonvested accounts.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Note 2. Summary of Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and Income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment brought and sold as well as held during Plan year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: Subsequent events have been evaluated through September 30, 2021, which is the date the financial statements were available to be issued. No items requiring disclosure were identified.

Note 3. Information Certified by Mid Atlantic Trust Company

The following is a summary of the plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Mid Atlantic Trust Company, the custodian, that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

Note 3. Information Certified by Mid Atlantic Trust Company (continued)

	December 31,	
	2020	2019
Investments at fair value		
Registered investment company	$ 14,827,069	$ 12,740,424
Total investments at fair value	$ 14,827,069	$ 12,740,424

Mid Atlantic Trust Company also certified to the completeness and accuracy of $2,107,204 of net appreciation in fair value of investments and $186,085 in interest and dividends.

Note 4. Fair Value Measurements

ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Note 4. Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 14,827,069	$ -	$ -	$ 14,827,069
Total assets at fair value	$ 14,827,069	$ -	$ -	$ 14,827,069

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 12,740,424	$ -	$ -	$ 12,740,424
Total assets at fair value	$ 12,740,424	$ -	$ -	$ 12,740,424

Note 5. Related-Party and Party in Interest Transactions

Certain Plan investments are managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company is the custodian and Alliance Pension Consultants, LLC is the recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Center and Med Pro have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, a participant would become 100% vested in their employer contributions.

Note 7. Income Tax Status

The IRS has determined and informed the Center and Med Pro by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the spread of the COVID19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investments and other plan transactions. Other financial impact could also occur though such potential impact is unknown at this time.
