Note A. Description of the Plan

The following brief description of the Sysdig 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2019 as a defined contribution plan covering substantially all full-time employees of Sysdig, Inc. (the "Company"). There is no age or service requirements to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan Sponsor and serves as Plan Administrator. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan was amended and effectively restated on April 15, 2020.

Contributions

Each year, participants may contribute both pre-tax and Roth elective deferrals, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may contribute a discretionary matching contribution equal to the percentage of each eligible participant's pre-tax and Roth elective deferrals determined by management. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions when made and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined and provided for in the Plan document. The benefit to which a participant is entitled is limited to the amount that can be provided from the participant's vested account balance. The investment direction for the account is provided by the participant.

Vesting

Participants are immediately 100% vested in their elective deferrals and rollover contributions, plus actual earnings and losses thereon. Participants become vested in the Company's matching and non-elective contributions plus actual earnings based on years of continuous service and are 100% vested after four years of credited service.

Note A. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts for a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are not permitted against Roth deferrals. The loans are secured by the balance in the participant's account and bear interest computed using the prime rate, as specified in the Wall Street Journal, plus one percent. Loan terms are determined by the Company on an individual basis. Participants are limited to one outstanding loan. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefits Paid to Participants

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment in an amount equal to the value of the participant's vested portion of his or her account. In the event of termination of employment before retirement, a participant will be entitled to receive his or her vested account balance. If a terminated participant's vested account balance is greater than $5,000, such participant may leave his or her funds in the Plan. If the terminated participant's vested account balance is equal to or less than $5,000, the Company may elect to distribute the participant's funds without consent. A participant may elect a 401(k) hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

If the termination is due to retirement and the participant has attained age 59½ (early retirement) or 65 (normal retirement) and is 100% vested in his or her account, the participant is entitled to all of his or her account balance and may elect to receive all or any portion of the balance.

Forfeited Accounts

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures may be used to reduce future employer contributions to the Plan. If there is excess, the rest will fund the Plan expenses. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $68,991 and $2,667, respectively.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note B. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. There were no outstanding notes receivable from participants recorded as of December 31, 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions in accordance with Plan provisions.

Investment Valuation and Revenue Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the change in market value of all Plan investments (including investments bought and sold as well as those held during the year).

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid from the assets of the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included as a reduction of net appreciation in fair value of investments.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The Plan adopted this standard, which did not have a significant impact on the Plan’s financial statements, on January 1, 2020.

Note C. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2020 and 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that the information provided to the Plan Administrator is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

Description	2020	2019
Mutual funds	$ 6,851,666	$ 4,041,314
Money market fund	314,538	94,467
Cash	-	322

The trustee also certified the completeness and accuracy of $864,651 of net appreciation in the fair value of investments and $109,572 of dividend and interest income related to the assets listed above for the year ended December 31, 2020.

Note D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note D. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan were deemed to be actively traded. Mutual funds held by the Plan were open-end mutual funds that are registered with the U.S Securities and Exchange Commission.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value.

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,851,666	$ -	$ -	$ 6,851,666

Note E. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan Sponsor, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer association, or relatives of such person. Ascensus Trust Company (Ascensus), the Plan’s trustee and record-keeper, and Pisenti and Brinker LLP, the Plan's auditor, are considered parties-in-interest according to Section 3(14) of ERISA. Certain Plan investments are managed by The Vanguard Group, Inc. (Vanguard). Ascensus, the trustee of the Plan is an affiliate of Vanguard and therefore, transactions with Vanguard qualify as a party in interest.

Note F. Plan Termination

Although the Company has not expressed any intent, the Company has the right under the Plan to discontinue, amend or modify, and terminate the Plan without any liability for such termination subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in any unvested portion of their accounts.

Note G. Income Tax Status

Effective January 1, 2019, the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus LLC. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note I. Impact of COVID-19 to the Plan’s Operation

On March 11, 2020, the World Health Organization declared the COVID-19 a pandemic. The extent to which the Plan's future financial results could be impacted by the COVID-19 pandemic depends on future developments that are highly uncertain and cannot be predicted at this time. The Company is not aware of any specific event or circumstance that would require an update to its estimates or judgments or a revision of the carrying value of the Plan's assets or liabilities at this time. These estimates may change, as new events occur and additional information is obtained. Actual results could differ materially from these estimates under different assumptions or conditions.

Note J. Subsequent Events

The plan has evaluated subsequent events through October 11, 2021, the date these financial statements were available to be issued. No subsequent events have occurred that require recognition or disclosure, other than the matters described above.
