Notes to Financial Statements

December 31, 2020 and 2019

Note 1. Description of the Plan

The following description of the St. Louis Cardinals Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of St. Louis Cardinals, LLC and its subsidiary, Springfield Cardinals, LLC, (collectively the "Company"). Part-time employees who are age twenty-one or older are eligible upon completion of one year of service with at least 1,000 hours of service. Full-time employees who are age twenty-one or older are eligible on the first day of the month following completion of at least 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted; permitting Coronavirus-related distributions (CRDs) to certain individuals affected by the virus for a maximum amount of \$100,000 between January 1, 2020 and December 30, 2020, and increased the maximum amount available for participant loans to the lesser of \$100,000 (reduced for prior loans as under current law) or 100 percent of present value of the participant's vested account balance for loans issued between March 27, 2020 and September 22, 2020, made to a qualified individual. The Plan adopted these provisions in March 2020.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions by participating employees of St. Louis Cardinals, LLC, that are not accruing benefits in the Company's defined benefit pension plan, receive matching employer contributions up to 50% of the first 6% of the participant's eligible contributions and also receive an automatic employer contribution of 6% of eligible earnings. The Company made contributions totaling \$1,165,936 during the year ended December 31, 2020, to eligible employees. Springfield Cardinals, LLC may make discretionary contributions at the option of the Company's Board of Directors on an annual basis. The Company made no discretionary contributions during 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

St. Louis Cardinals Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1. Description of the Plan, Continued

Vesting

Participants are 100% vested immediately in their accounts.

Notes receivable from participants

The Plan has adopted the loan provisions provided under the Cares Act. For the period March 27, 2020 through December 31, 2020, participants may borrow from their account a minimum \$1,000 up to a maximum equal to the lesser of \$100,000 or 100 percent of their vested account balance.

With the exception of the period noted above, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined quarterly by the trustee. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of a financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59 1/2.

Forfeited accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$75 and \$10,315, respectively. These accounts will be used to reduce future employer contributions and pay administrative expenses. During 2020, \$11,861 from forfeited nonvested accounts was used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 22, 2021, the date that the financial statements were available to be issued.

Note 2. Summary of Significant Accounting Policies, Continued

Recently issued accounting pronouncement

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted the ASU for the year ended December 31, 2020. The Plan determined that the adoption of the Update had no significant impact on its fair value disclosures.

Note 3. Trustee Certifications

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2020</u>	<u>2019</u>
Investments at fair value:		
Collective trust fund	\$ 2,023,020	\$ 1,460,685
Mutual funds	22,043,904	18,416,146
Self-directed brokerage accounts	<u>31,999</u>	<u>-</u>
	24,098,923	19,876,831
Notes receivable from participants	151,135	165,602
Cash, non-interest bearing	<u>25</u>	<u>25</u>
	<u>\$ 24,250,083</u>	<u>\$ 20,042,458</u>

The trustee also certified the completeness and accuracy of \$1,654,516 of net appreciation in fair value of investments and \$758,273 of interest and dividends as well as \$8,905 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

St. Louis Cardinals Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 4. Fair Value Measurements, Continued

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as;

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Collective trust fund:

Net asset value (NAV), as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount differing from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust fund, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts:

Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices. Accounts also consist of cash that is valued based on amortized or original cost plus accrued interest, which approximates fair value.

Note 4. Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,043,904	\$ -	\$ -	\$ 22,043,904
Self-directed brokerage accounts	31,999	-	-	31,999
Total assets in the fair value hierarchy	<u>\$ 22,075,903</u>	<u>\$ -</u>	<u>\$ -</u>	22,075,903
Investments measured at NAV (a)				2,023,020
Investments at fair value				<u>\$ 24,098,923</u>

2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 18,416,146</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 18,416,146
Investments measured at NAV (a)				1,460,685
Investments at fair value				<u>\$ 19,876,831</u>

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

The following tables set forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

2020				
Investment	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Collective trust fund	<u>\$ 2,023,020</u>	<u>\$ -</u>	Daily	None

2019				
Investment	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Collective trust fund	<u>\$ 1,238,684</u>	<u>\$ -</u>	Daily	None

Note 5. Related-Party and Party in Interest Transactions

Bank of America, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. As described in Note 2, the Plan made direct payments to the trustee totaling \$3,843. The Company pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Company has adopted the Plan based on a volume submitter plan document sponsored by Armstrong Teasdale LLP. Armstrong Teasdale LLP has received an opinion letter from the IRS dated March 31, 2014, that states that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.
