1. Description of Plan

The following is a general description of The Advertising Checking Bureau, Inc. 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of The Advertising Checking Bureau, Inc. (the "Company") who have attained the age of 20 years and have completed 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and has been amended as required by law. The Retirement Plan Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions – Each year, participants may contribute up to 100 percent of annual compensation on a pre-tax basis and/or an after-tax (ROTH) basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, which are amounts representing distributions from other qualified benefit plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible pre-tax compensation and their contributions invested in the Managed Advice Service account, as defined by the Plan, until changed by the participant.

The Company may make matching or profit sharing contributions to eligible employees under the terms of the Plan. The amount of the matching contribution, if any, will be determined each plan year and announced to all participants. During 2020, the Company matched $.30 for each dollar deferred, up to 3.5 percent of eligible compensation. Matching contributions for the year ended December 31, 2020 totaled $153,159. No profit sharing contributions to eligible employees were made during 2020.

Participants direct the investments of their contributions and the employer contributions into various investment options offered by the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of profit sharing contributions and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan *(continued)*

Vesting – Each participant's elective account shall be fully vested for participant contributions and the earnings thereon, at all times and shall not be subject to forfeiture for any reason. The following table illustrates the percentage of any Company matching or profit sharing contributions that a participant is entitled to, based upon the number of years of continuous credited service with the Company:

Years of Service	Vested Percentage
After 1 year	25%
After 2 years	50%
After 3 years	75%
After 4 years	100%

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payments of benefits – On termination of service due to death, disability, retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installments over a period of time, as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the plan document.

Forfeited accounts – At December 31, 2020 and 2019, forfeited non-vested accounts totaled $18,849 and $16,874, respectively. These accounts will be used to reduce employer matching contributions or future administrative expenses allocated to plan participants. There were no reductions in the forfeiture account in 2020 to reduce employer matching contributions or administrative expenses related to the December 31, 2020 plan year.

Coronavirus Aid, Relief, and Economic Security Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by Congress, which included provisions relating to retirement plans. Effective April 15, 2020, the Plan adopted certain temporary relief provisions for qualified individuals (as defined under the CARES Act), including penalty-free coronavirus-related distributions of up to $100,000 per individual, increasing the maximum participant loan limit to the lesser of $100,000 or 100% of the participant's vested account balance, allowing the suspension of loan payments on outstanding loans for one year, as well as the waiver of 2020 required minimum distributions. These temporary relief provisions were effective through December 31, 2020.

2. Significant Accounting Policies

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to the contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Payments of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. ***Significant Accounting Policies*** *(continued)*

Presentation of financial statements – In August 2018, the FASB issued Accounting Standard Update (ASU) 2018-13, Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements. The Plan adopted ASU 2018-13 on a retrospective basis as of January 1, 2019. The effect of adopting this guidance resulted in the modification or removal of certain fair value measurement disclosures presented in the Plan's financial statements.

3. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Cash reserves: Cash reserves are valued at cost which approximates fair value.

3. Fair Value Measurements *(continued)*

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 19,507,433	$ -	$ -	$ 19,507,433
Cash reserves	40,169	-	-	40,169
Investments measured at NAV	-	-	-	3,235,356
Investments at fair value	$ 19,547,602	$ -	$ -	$ 22,782,958

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 17,601,916	$ -	$ -	$ 17,601,916
Cash reserves	30,178	-	-	30,178
Investments measured at NAV	-	-	-	2,291,263
Investments at fair value	$ 17,632,094	$ -	$ -	$ 19,923,357

For years ended December 31, 2020 and 2019, there were no significant transfer between Level 1 and Level 2 and no transfers in or out of Level 3.

3. Fair Value Measurements *(continued)*

Fair Value of Investments that Calculated Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Reliance Metlife stable value fund (a)	$ 3,235,356	N/A	Daily	N/A

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Reliance Metlife stable value fund (a)	$ 2,291,263	N/A	Daily	N/A

(a) The primary investment objective of the fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments

4. Related-Party Transactions and Party-in-Interest Transactions

Transamerica Retirement Solutions Corporation ("Transamerica") is the recordkeeper for the Plan and, therefore, the following transactions qualify as party in interest transactions.

Effective January 1, 2018, per the Pension Services Agreement ("PSA") between Transamerica and the Plan, Transamerica expects to receive certain indirect compensation from the investment options available within the Plan or their respective affiliates ("expected fund revenue"). All the expected fund revenue will be credited to the participants' accounts as a plan service credit in each of the investment options that generate expected fund revenue. Per the direction of the Company, an annual plan service fee of 0.45% will be deducted from the participant's accounts and deposited into an Expense Budget Account ("EBA"). Following the end of each quarter, the Company authorizes Transamerica to deduct from the EBA an amount equal to one quarter of the required revenue for Transamerica to administer the Plan ($29.50/participant/quarter). If the amount in the EBA exceeds the payment due to Transamerica, the remaining balance will remain in the EBA and can be used for Plan related expenses. If the amount in the EBA is insufficient to cover the payment due to Transamerica, the Company shall pay for the shortfall. The Company may then authorize Transamerica to apply the shortfall to the remaining participant accounts, pay the shortfall from the Plan's forfeiture account or pay Transamerica directly for the shortfall.

4. Related-Party Transactions and Party-in-Interest Transactions *(continued)*

If revenue received by Transamerica from such mutual fund service providers exceeds the amount owed under the PSA, Transamerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Transamerica for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subjected to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the ("IRC"). The plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trusts is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Risks and Uncertainties *(continued)*

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in declines in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. The Plan implemented certain provisions under the CARES ACT as described in Note 2.
