## 1. DESCRIPTION OF THE PLAN

The following description of the ETS Express, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### A. General

The Plan is a defined contribution plan covering substantially all employees (the "Participants") of ETS Express, LLC (the "Company" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The executive management of the Company controls and manages the operation and administration of the Plan. John Hancock Life Insurance Company (U.S.A.) serves as the custodian of the Plan's assets. The Benefit Practice, Inc. provides recordkeeping and investment accounting services.

Effective December 26, 2019, the Plan Sponsor has amended the Plan to change the employer, sponsor, and the Plan name to reflect the legal change to the name of the employer to "ETS Express, LLC" and to change the name of the Plan to "ETS Express, LLC 401(k) Profit Sharing Plan".

The Plan has implemented certain provisions under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which laws change the Plan to, among other provisions, allow certain eligible participants to receive Coronavirus-related relief such as enhanced distributions up to $100,000, deferred loan repayment, suspended required minimum distributions, and delayed required minimum distributions commencement. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.

### B. Eligibility

To be eligible for elective contributions, an employee must have completed six (6) months of service and be twenty-one (21) years of age or older.

### C. Contributions

Each year participants may make voluntary contributions from eligible compensation, as defined in the Plan document, subject to limitations imposed by applicable Internal Revenue Service ("IRS") regulations. For the year ended December 31, 2020, employees can defer up to a maximum of $19,500, and catch-up contributions of $6,500 for participants age 50 and over. Participants are also allowed to roll over contributions from other qualified employer-sponsored retirement plans.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### C. Contributions (Continued)

The Company has elected to satisfy the safe harbor provision by making safe harbor contributions to the Plan. The Company makes non-elective safe harbor contributions of 100% of participant deferrals, excluding catch-up amounts, up to three percent of eligible compensation and 50% of participant deferrals between three and five percent of eligible compensation. The Company safe harbor contributions for the year ended December 31, 2020 amounted to $78,505. These amounts were funded to the Plan subsequent to year-end.

The Company may make a discretionary matching employer contributions equal to a uniform percentage of participant salary deferrals. The Company did not make a discretionary matching employer contributions for the year ended December 31, 2020.

On April 7, 2020, the managing members of the Company through a board resolution effectively amended the Plan to suspend the safe harbor matching contributions effective for pay periods on and after April 24, 2020.

### D. Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, reduced by withdrawals and certain administrative fees. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### E. Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and actual earnings thereon. Vesting in the profit sharing and safe harbor matching contributions plus earnings thereon is based on years of continuous service. Vesting occurs ratably and a participant is 100 percent vested after six years of credited service. Additionally, a participant becomes 100 percent vested in the employer's contribution upon the occurrence of death, total and permanent disability, attainment of age 65, and termination of the Plan.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### F. Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the pooled separate accounts held by John Hancock Life Insurance Company (U.S.A) under a group annuity contract. All pooled separate account funds invest in publicly traded mutual funds or other sub-managed accounts. These pooled separate accounts are purchased at the direction of participants through salary deferrals, Company safe harbor contributions and investment income reinvestments. Additionally, shares in these accounts are sold whenever a participant withdraws from the Plan or borrows from it. Participants may change the investment allocation in their accounts, both as to existing investments and future contributions, at any time, subject to any restrictions that may be imposed by the particular investment or investment fund selected by the participant. And from time to time, the Plan Sponsor may change investment options based on its annual review.

### G. Notes receivable from participants

A participant may borrow from their account an amount between $1,000 and $50,000, not to exceed 50% of the participant's vested amount. Loan transactions are treated as transfers between the investment and participant loan accounts. The loans are secured by the balance in the participants' accounts, and the current loans bear interest at rates of 4.25% to 6.5%. Principal and interest are paid through payroll deductions. If loan payments are not made in accordance with the terms of the loan, a deemed distribution may occur in the amount of the unpaid loan balance. Additionally, unpaid principal balances on loans will be deemed a distribution if the participant terminates employment with the Company.

### H. Payment of benefits

Participants in the Plan may make a complete or partial withdrawal of the vested amounts held in the participant's account upon termination, retirement, death, disability, or attainment of age 59½. Participants may also withdraw from vested accounts while employed (in-service distributions) providing that certain Plan requirements are met.

Upon termination of employment due to retirement or death, a participant or their beneficiary will receive a single sum of the vested account balance. A participant shall choose to be paid in a single sum of their vested account balance or to be rolled over to a qualified retirement plan if they cease to be an employee for any other reason. The Plan has adopted an automatic distribution policy for terminated participants whose accounts are below $5,000. If the vested account value is less than $5,000, the account is rolled over into an IRA unless the participant elects otherwise. If the vested account value is more than $5,000, the account will remain in the Plan unless the participant elects otherwise.

## 1. DESCRIPTION OF THE PLAN (CONTINUED)

### I. Forfeitures

Forfeited non-vested accounts may be used to reduce employer contributions or used to pay Plan expenses. There were no forfeitures for the year ended December 31, 2020.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). Accordingly, contributions to the Plan and interest and dividend income are recognized as earned, and realized gains and losses and net unrealized appreciation (depreciation) of fair value of investments are recognized as they occur. Plan benefit payments and withdrawals are recognized when paid.

### B. Use of estimates

The preparation of financial statements in conformity with US GAAP requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### C. Investment valuation and income recognition

The Plan invests in proprietary separate accounts under a group annuity contract offered by the custodian, many of which invest exclusively in one underlying mutual fund traded on an established market. See Note 7 for discussion of fair value measurements.

Purchases and sales of the shares are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends from the mutual funds are recorded when reported by the registered investment companies. Security transactions are accounted for on the date securities are purchased or sold (trade date). Net realized and unrealized gains and losses are recorded in the accompanying financial statements as net realized and unrealized gains and losses in fair value of investments. Contributions are invested on payroll dates and accrued if applicable.

### D. Notes receivable from participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans, if any, are classified as distributions based on the terms of the Plan agreement.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### E. Expenses

Certain expenses incurred for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net change fair value of investments. Plan expenses are recorded when incurred.

### F. Risk and uncertainties

The Plan invests in various investment securities which are in general exposed to various risks, such as market and credit risks. Because of the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized Coronavirus (COVID -19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health; however, they are also expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

## 3. INCOME TAX STATUS

The sponsor of the pre-approved Plan has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the form of the Plan was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and that an employer that adopts this Plan may rely on the letter with respect to the qualification of its Plan under Code section 401(a). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

## 3. INCOME TAX STATUS (CONTINUED)

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2017.

## 4. UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.).

## 5. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are held in shares of pooled separate accounts in which John Hancock Life Insurance Company (U.S.A.) is the asset holder. The Plan paid administration fees to the Benefit Practice, the Plan's third party administrator and record-keeper. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

## 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

## 7. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The Plan management has adopted the provision of ASU 2015-07 which removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") as a practical expedient.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Pooled separate accounts:*
Valued at the net asset value (the "NAV") of shares held by the Plan at year-end under a group annuity contact. The NAV of pooled separate accounts is based upon the market value of the underlying investments and observable inputs. The separate accounts begin with a price determined by the custodian, and the number of units issued are calculated to match the current fair market value of the underlying mutual fund holdings (shares multiplied by price). The price of each separate account investment will not match the price of the corresponding mutual fund. However, the rate of return of each will be consistent, taking into account any Plan / participant expenses. The pooled separate accounts do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The method described above might produce a fair value calculation that might not be indicative of current or future net realizable value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31, 2020 and 2019:

| | 2019 | 2018 |
|---|---|---|
| Pooled separate accounts measured at net asset value | $ 5,113,071 | $ 4,004,293 |

## 7. FAIR VALUE MEASUREMENTS (CONTINUED)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2020, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

## 8. NON-DISCRIMINATION TESTING

The Plan failed its ACP/ADP test for the year ended December 31, 2020. As a result of the tests, the Plan trustees at the Company approved issuance of corrective distributions in the amount of $137,913. These refunds will be paid to participants during the Plan year ending December 31, 2021.

## 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 6, 2021, the date the financial statements were available to be issued.

Effective January 1, 2021, the Company has reinstated its safe harbor match contributions after they were temporarily suspended during the year.

Subsequent to year-end, the Plan has merged with the Plan Sponsor's parent company plan, PCNA 401(k) Plan, effective August 1, 2021.

No other events have been identified that would require disclosure in or adjustment to the attached financial statements.
