SOUTHEAST, INC.
SAFE HARBOR 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Southeast, Inc. Safe Harbor 401(k) Plan provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed 4 months (340 hours) of service and attained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary deferral contributions up to the lesser of 100% of their annual compensation or \$19,500 and \$19,000 for 2020 and 2019. Participants who attain age 50 before the end of a calendar year may elect to defer additional "catch-up contributions" annually in amounts not exceeding \$6,000 for 2020 and 2019. Each year, the Company may make discretionary contributions to the plan uniformly applied to all participants. The plan is also required to make matching contributions pursuant to the Plan's Safe Harbor 401(k) election. The Employer will make a matching contribution based upon 100% of applicable contributions up to the first 3% of compensation, plus 50% of applicable contributions up to the next 2% of compensation. The annual compensation taken into account for each participant shall not exceed \$285,000 for 2020 and \$280,000 for 2019, with a maximum allowable total contribution of the lesser of \$57,000 for 2020 and \$56,000 for 2019 or 100% of the participant's compensation. These amounts are scheduled to be adjusted annually to reflect changes in the cost of living.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contribution, plan earnings, and an allocation of administrative expenses. Allocations are based on participant's earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions is based upon years of continuous service. Participants are 100% vested in all Company contributions after six full years of service.

Payment of Benefits

Upon termination of service due to death, disability or retirement of a participant, all amounts credited to that participant's account become distributable. Participants may elect to receive either a lump-sum amount or installments for a specified period of time. For termination of service due to other reasons, a participant may receive the value of the vested portion of his or her account as a lump-sum distribution.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested portion of their account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25-6.50%, which is a reasonable rate commensurate with current interest rates charged for loans under similar circumstances. Principal and interest are paid through payroll deductions. Effective November 30, 2011 a plan amendment limited the number of outstanding loans to one per person and disallows refinancing of loans.

Note 1. Description of Plan (Continued)

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$214 and \$16, respectively. These accounts will be reallocated to participants in the same manner as employer contributions.

Investments

The Plan investments are held in a Trust Fund invested in mutual funds managed by American Funds. The plan provides for participant directed investments up to the extent of allocated account balances. Fair market values of investments as determined by the Custodian are presented in Note 3.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Administrative expenses charged by American Funds for providing certain accounting and investment services are paid by the Plan. The Company also provides administrative services related to the operation of the Plan for which no fees are charged. Administrative expenses incurred by the Plan (paid for by the Company) totaled \$71,615 and \$86,605 for the years ending December 31, 2020 and 2019, respectively.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities; disclosure of contingent assets and liabilities at the date of the financial statements; and, the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities which represent financial instruments (none of which are held for trading purposes) approximate the carrying values of such amounts. This is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Reclassifications

Certain reclassifications were made to 2019 balances to be consistent with the classification used in 2020. These reclassifications had no effect on the presented net increase (decrease) in net assets.

Note 3. Information Certified By Trustee

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Custodian that such information is complete and accurate:

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the new asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See accompanying independent auditors' report

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

Assets at Fair Value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$13,055,359			\$ 13,055,359
Money market	<u>653,035</u>			<u>653,035</u>
Total assets at fair value	<u>\$13,708,394</u>			<u>\$ 13,708,394</u>

Assets at Fair Value as of December 31, 2019				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$10,856,522			\$ 10,856,522
Money market	<u>606,195</u>			<u>606,195</u>
Total assets at fair value	<u>\$11,462,717</u>			<u>\$ 11,462,717</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6. Tax Status

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Funds of the Plan

The allocation of participant funds among the investment options is made at the election of the participants. Investments, at fair value, held in the various funds approximate the net assets available for benefits of those funds.

Note 8. Related Party Transaction

Certain Plan investments are shares of mutual funds managed by American Funds Service Company (AFS). AFS is an affiliate of the Plan's trustee, Capital Bank and Trust Company; therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Covid-19

In January 2020, the World Health Organization ("WHO") announced a global health emergency due to a new strain of coronavirus ("COVID-19") originating in Wuhan, China and the risk to the international community as the virus spread beyond its point of origin. In March 2020, the WHO classified COVID-19 as a pandemic, due to its rapid spread and severity.

Remaining impacts of the COVID-19 pandemic on market conditions are difficult to predict. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the ultimate impact of the pandemic on the Plan's net assets available for benefits, and changes in net assets available for benefits are uncertain.

In response to the COVID-19 pandemic, in March 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allow defined contribution plans to waive mandatory distributions otherwise required to be paid in calendar year 2020. The CARES Act also permits tax-advantaged withdrawals and the suspension of certain loan repayments by certain participants affected by COVID-19. The Plan's administration has complied with the COVID-19 provisions of the CARES Act by allowing tax advantaged withdrawals, mandatory distribution waivers for 2020 and loan repayment suspensions.

Note 11. Subsequent Events

Events subsequent to December 31, 2020 have been evaluated through October 8, 2021, the date these financial statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading. Management found no subsequent events that should need disclosed.
