NORTHERN OHIO PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2020 and 2019

1. Description of the plan

The following description of the Northern Ohio Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution retirement savings plan in accordance with Internal Revenue Code Section 401(k) covering all eligible employees of the adopting employers employed on or after March 6, 2014. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following companies are adopting employers of the restated Plan (the Companies): Lake Erie Construction Company, Hobart Holdings Company, Maple City Development Company, Firelands Supply Company and American Highway Safety, LLC.

Contributions

Each year participants may elect to make deferred or non-deferred (Roth) salary contributions to the Plan in amounts up to the maximum percentage allowed by the Internal Revenue Code of their total pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven age-based investment options, nineteen mutual funds, and one common collective trust (CCT). The Companies may make employer contributions at the discretion of their Boards of Directors to six separate groups of participants in proportion to all participants within each group. Participants must be employed on the last day of the year to receive an allocation of the Companies' contributions.

Participant accounts

Each participant's account is credited with their own contributions and allocations of the Companies' contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, and in the Companies' contribution portion of their account also.

Forfeited accounts

Forfeitures are allocated to administration expenses of the Plan and then as additional employer contributions. Forfeitures of terminated participants' non-vested accounts amounted to \$23 and \$0 for 2020 and 2019, respectively.

1. Description of the plan – continued

Notes receivable from participants

Participants may borrow from their fund accounts up to an annual maximum of the lesser of \$50,000 or 50% of their vested account balance and a cumulative maximum of 50% of their vested account balance. The notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate. Principal and interest is paid ratably through payroll deductions. Notes receivable are valued at their outstanding balances.

Payment of benefits

On termination of service, a participant may elect to receive a lump sum, a qualified joint and survivor annuity, a series of installment payments or an annuity. In all cases, the participant will receive an amount equal to the vested balance of his or her account. The Plan Administrator may direct the trustee to make a lump-sum distribution to a terminated participant whose vested account balance is less than \$1,000.

2. Summary of significant accounting policies

Basis of accounting

Accounting records are maintained by the custodian on the cash basis. The financial statements herein include all material adjustments necessary to place the financial statements on the accrual basis of accounting. The Annual Return/Report of Employee Benefit Plan is filed on the cash basis.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Financial instruments - concentration of credit risk

The Plan places its temporary cash investments with financial institutions in amounts which may exceed the federally insured deposit limits.

Investment valuation and income recognition

Investment transactions are recorded by the custodian on the trade-date basis. Shares of mutual funds are reflected in the statement of net assets available for plan benefits at fair value based on quoted market prices. The common collective trust (CCT) is measured using the net asset value (NAV) practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, less its liabilities, and divided by the number of units outstanding. See financial schedules for a list of investments held at December 31, 2020, and any reportable transactions required to be disclosed.

Changes in unrealized appreciation (depreciation) of investments are reflected currently in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits. Realized gains and losses are determined based on the original cost of the assets and are also included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

2. Summary of significant accounting policies - continued

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, no allowance for credit losses has been recorded. If a participant does not make repayments and the plan administrator considers the note receivable to be in default, the balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Companies.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.

3. Information certified by Reliance Trust Company and Massachusetts Mutual Life Insurance Company and Fidelity Management Trust Company

In 2016, the Plan sponsor entered into an agreement with Reliance Trust Company which established Reliance Trust Company as the trustee of the Plan. In addition, Massachusetts Mutual Life Insurance Company (Mass Mutual) was the insurance company of the plan. Both companies served the Plan through July 15, 2020. Effective July 15, 2020, the Plan sponsor entered into an agreement with Fidelity Management Trust Company which established Fidelity Management Trust Company as the trustee of the Plan. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Accordingly, as permitted under this election, no audit procedures were performed on the 2020 and 2019 financial statements and accompanying supplementary information (other than with respect to contributions, benefits paid to participants, administrative expenses, and notes receivable from participants), except for comparing such information to the information certified by the trustees and insurance company.

4. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that a change could occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

5. Tax status

Effective March 6, 2014 the Plan adopted a volume submitter 401(k) plan from Massachusetts Mutual Life Insurance Company (Mass Mutual). As a volume submitter, Mass Mutual has obtained an advisory letter dated May 11, 2009 in which the Internal Revenue Service stated that the plan, as then designed, was acceptable under the applicable requirements of the Internal Revenue Code.

The plan has been amended since Mass Mutual received the favorable advisory letter, including a transfer of the assets to Fidelity Management Trust Company. Upon transfer, the Plan adopted a pre-approved defined contribution plan from Fidelity. Fidelity has obtained a favorable opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the plan, as then designed, was acceptable under the applicable requirements of the Internal Revenue Code.

The Plan has been amended since Fidelity received the favorable advisory letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress.

6. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts and each participant and beneficiary will be paid the amount of his or her account balance in the Plan in a lump sum.

7. Fair value measurements

FASB ASC 820 establishes that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and establishes a fair value hierarchy based upon the inputs used to measure fair value. The three levels of the fair value hierarchy defined by FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 – Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

7. Fair value measurements – continued

As required by FASB ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels. The Plan's investments accounted for at fair value as of December 31, 2020 and 2019 are summarized below.

	2020		
	Level 1	Level 2	Total
Fair value hierarchy:			
Mutual funds	<u>\$ 36,735,551</u>	<u>\$ -</u>	<u>\$ 36,735,551</u>
Total assets in fair value hierarchy	<u>\$36,735,551</u>	<u>\$ -</u>	36,735,551
Investments measured at NAV practical expedient			<u>6,132,133</u>
Total participant directed investments, at fair value			<u>\$42,867,684</u>
	2019		
	Level 1	Level 2	Total

Mutual funds	\$ 28,973,323	\$ -	\$ 28,973,323
Guaranteed interest contracts	<u>\$ -</u>	<u>8,425,418</u>	<u>8,425,418</u>
Total assets in fair value hierarchy	28,973,323	<u>\$ 8,425,418</u>	37,398,741
Investments measured at NAV practical expedient			<u>-</u>
Total participant directed investments, at fair value			<u>\$ 37,398,741</u>

The Plan's NAV fund is composed of a CCT invested in Putnam Stable Value Fund, which is measured daily and may be redeemed daily, subject to certain restrictions.

In 2014, the Plan entered into fully benefit-responsive guaranteed interest contracts with Mass Mutual. Mass Mutual maintains the contributions in separate account guaranteed interest contracts (SAGIC). SAGIC's maintain a Book Value Account (BVA) and a Market Value Account (MVA). The BVA is credited a guaranteed rate that is reset semi-annually. The rates established are unique to each contract and take into account contributions, withdrawal, and expense activity and the value of the MVA relative to the BVA within each contract. Since the guaranteed crediting rate will not be reset below zero percent, at a minimum, participant's principal is guaranteed while the contract is in force. The BVA's rate is reset periodically to reflect the yield to maturity of the underlying asset portfolio and also to amortize the difference between the contract's BVA and MVA balance while taking into consideration fees and expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

7. Fair value measurements – continued

Because the guaranteed interest contract is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Upon transfer of assets to Fidelity Management Trust Company, the contract value was adjusted to market value pursuant to a formula specified in the contract.

8. Estimated benefits paid in 2021

The amount of estimated benefits applied for prior to December 31, 2020 and that are to be paid by December 31, 2021 is \$0.

9. Transactions with parties-in-interest

Due to the nature of the investment contract under the restated plan, all investment transactions, administrative expenses and investment assets held after March 6, 2014 through July 14, 2020 were considered to be party-in-interest transactions with Mass Mutual. Fees paid by the Plan to Mass Mutual for the year ended December 31, 2020 were \$1,938.

From July 15, 2020 through December 31, 2020, Fidelity Management Trust Company was the trustee as defined by the Plan and, therefore, is a party-interest. Fees paid by the Plan to Fidelity for the year ended December 31, 2020 were \$25,258.

10. Reconciliation to Form 5500

As discussed in Note 2, the Plan's financial statements are presented on the accrual basis of accounting and the Annual Report (Form 5500) is prepared and filed on the cash basis of accounting. The following schedule reconciles the differences and for the year ended December 31, 2020 and the differences in classifications of investment income, gains and losses for the
