Report of Independent Auditors

To the Plan Administrator and Participants
GEP Administrative Services, Inc. Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of GEP Administrative Services, Inc. Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019 (liquidation basis), and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 (liquidation basis), and the related notes to the financial statements (liquidation basis).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020 and 2019 (liquidation basis), and the changes in net assets available for benefits for the year ended December 31, 2020 (liquidation basis), in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Plan Termination

As discussed in Notes 1 and 2 of the financial statements, those charged with governance made a decision to terminate the Plan effective March 31, 2019. As a result, the Plan's 2020 and 2019 financial statements are presented on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and Schedule H, Part IV, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2020, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Note 1 – Description of the Plan

The following description of the GEP Administrative Services, Inc. Employee Stock Ownership Plan (the "Plan") provides general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is an employee stock ownership plan (ESOP) covering substantially all employees of GEP Administrative Services, Inc. ("GEP" or the "Company"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 25, 2019, GEP entered into a Stock Purchase Agreement (the "Acquisition") to sell all of the outstanding stock, 275,500 shares of the Company to Texas Pacific Group VIII Elf Purchaser, LLC ("TPG"). In conjunction with the closing of the Acquisition, all unvested ESOP shares became fully vested and redeemed. The Acquisition closed on May 10, 2019, with a final price of $3,868 per share. The Plan received $1,065,641,663 to fully redeem the 275,500 shares.

Pursuant to the Acquisition, the Company voted to approve the termination of the Plan effective March 31, 2019 ("Termination Date"), as well as provide definitions for eligibility, eligible compensation, allocations, and distributions during the period from January 1, 2019 through March 31, 2019 ("Short Plan Year"). Upon the Termination Date, the Plan is no longer considered an ESOP as defined by the Internal Revenue Code (IRC). Assets of the Plan are no longer invested in the Company's stock or any securities of the Company.

On May 6, 2019, the Plan was amended to clarify and revise certain distribution provisions for the limited window period from May 14, 2019, through June 28, 2019.

Eligibility – Due to the termination of the Plan, no new employees were allowed to participate subsequent to the Termination Date. Effective January 1, 2019, the service requirement for the Short Plan Year was amended to be 3 months ending on or before the Termination Date with at least 250 hours of credited service. The Plan excludes employees of controlled group members who have not adopted the Plan, employees covered by a collective bargaining agreement, production worker employees, leased employees, and nonresident aliens.

Participant accounts – The Plan is a defined contribution plan under which a separate individual account is established for each participant. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Contributions – Due to the termination of the Plan, there were no discretionary contributions to the Plan for the year ended December 31, 2020.

Vesting – Due to the termination of the Plan, all participants who were terminated by the Company without cause on or after January 1, 2019, and participants with balances as of the Termination Date, which have not been previously forfeited, are considered affected participants and became 100% vested in their account balances.

Note 1 – Description of the Plan (continued)

Payment of benefits – The Company approved an in-service distribution to all Plan participants and their beneficiaries of 98% of vested account balances for Plan year 2020. The net amount of the distribution for the year ended December 31, 2020, amounted to $213,938,237 in the accompanying statement of changes in net assets available for benefits (liquidation basis). Benefits were paid in one lump sum or by a direct transfer to a trustee of another qualified retirement plan, or the trustee or custodian of an individual retirement account or annuity, as directed by the participant.

Participant loans – The Plan does not make loans to participants and beneficiaries.

Plan costs and expenses – Certain expenses of maintaining the Plan are paid by GEP and thus excluded from these financial statements. Due to the termination of the Plan, administrative expenses such as legal and professional fees in the amount of $386,853 was paid by the Plan for the year ended December 31, 2020, and included in the accompanying statement of changes in net assets available for benefits (liquidation basis).

Note 2 – Summary of Significant Accounting Principles

Basis of accounting – Effective March 31, 2019, the Company adopted a resolution to terminate the Plan. As a result, the Plan's financial statements as of December 31, 2020 and 2019, and for the year ended December 31, 2020, have been prepared on the liquidation basis, in accordance with accounting principles generally accepted in the United States of America. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable, and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2020 and 2019, is the fair value.

Investment valuation – Investments are stated at fair value**.** See Note 4 for discussion of fair value measurements.

Income recognition – Purchases and sales are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Use of estimates – The preparation of financial statements in conformity with the liquidation basis of accounting requires the use of estimates and assumptions that may affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Risks and uncertainties – Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the Plan's investment, it is reasonably possible that changes in the values of this investment could occur in the near term and those changes could materially affect the amounts in the statements of net assets available for benefits (liquidation basis).

Note 2 – Summary of Significant Accounting Principles (continued)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 4, 2021, which is the date the financial statements were available to be issued.

Note 3 – Federal Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 27, 2016, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Due to the termination of the Plan, the Company applied for a determination letter with the IRS on July 5, 2019. The Plan received a favorable determination letter dated February 20, 2020, where the IRS indicated the termination does not affect the Plan's qualifications for federal tax purposes.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements as of December 31, 2020 and 2019. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurement (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund – Valued at the daily closing price as reported by the fund. The fund is required to publish its daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded and classified under Level 1 of the fair value hierarchy.

Treasury bill – The treasury bill held by the Plan is a short-term government obligation with maturity of less than six months. Due to the face value of $1 and short-term nature of the investment, we have classified this investment under Level 1 of the fair value hierarchy.

Interest-bearing cash – Valued at cost, which approximates fair value. We have classified this investment under Level 1 of the fair value hierarchy.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2020:

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 6,878,967	$ -	$ -	$ 6,878,967
