Independent Auditors' Report

Administrative Committee
Selway Machine Tool Co., Inc.
Employee Stock Ownership Plan

We have audited the accompanying financial statements of Selway Machine Tool Co., Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and December 31, 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material aspects, the net assets available for benefits of Selway Machine Tool Co., Inc. Employee Stock Ownership Plan as of December 31, 2020 and December 31, 2019, and the changes in net assets available for benefits for the year ended December 31, 2020 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SELWAY MACHINE TOOL CO., INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2020 AND DECEMBER 31, 2019

Note 1. GENERAL DESCRIPTION OF PLAN:

Stock Ownership Plan:

On January 1, 2012, Selway Machine Tool Co., Inc., (the Company) established the Selway Machine Tool Co., Inc. Employee Stock Ownership Plan (the Plan). The Plan is qualified under Section 401(a) of the Internal Revenue Code of 1986 (Code), and as an employee stock ownership plan under Section 4975(e)(7) of the Code and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2012, the Plan borrowed $5,000,000 from Selway Machine Tool Co., Inc. to purchase 160.757 shares of the Company's common stock at $31,103 per share. During 2012, the Company completed a 100 for 1 reverse stock split. The purchase loan was paid off during 2014. On December 14, 2018, the Plan purchased 6,493.5 shares at a price of $308 per share.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan covers all of the employees of Selway Machine Tool Co., Inc. with the exception of (1) an employee covered by a collective bargaining agreement unless the terms of the agreement specifically provide coverage of such employee under the Plan, (2) a leased employee and (3) an employee who is a nonresident alien who does not receive any earned income from the Employer which constitutes United States source income. Each employee shall become eligible to participate in the Plan retroactively to the first day of the Plan year in which the employee first completes 1,000 hours of service.

Contributions and allocations:

The Plan is a defined contribution plan for which the Company may contribute annually an amount in cash and/or in shares of Selway Machine Tool Co., Inc. stock as determined by the Company's board of directors. Contributions to the Plan are limited to amounts deductible on the plan sponsor's federal income tax return.

Each participant's account is credited with an allocation of plan sponsor contributions, plan investment activity, forfeitures of terminated participants' non-vested account balances, and administrative expenses.

A participant will share in the allocation of contributions and forfeitures only if the participant has accumulated 1,000 or more hours of service during the plan year. Participants are allocated shares based on their covered compensation for that year in proportion to all participants covered compensation for the year.

Diversification:

Within 90 days after the close of each plan year in the qualified election period, each qualified participant is permitted to direct the Plan as to the investment of not more than 25% of the shares of employer securities allocated to the participant's company stock account. In the case of the sixth year of the qualified election period, the percentage increases to 50%. Participant's direction must be completed no later than 90 days after the close of the 90 day election period.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2020 AND DECEMBER 31, 2019

Note 1. GENERAL DESCRIPTION OF PLAN (Continued):

Vesting and forfeitures:

Participants become vested in their allocated account balances upon completion of years of service as follows:

Years of Service	Percentage of Account Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures of participant's non-vested account balances are reallocated to the remaining participants. Participants become 100% vested in the event of normal retirement, disability or death while employed with the plan sponsor. Forfeitures of terminated non-vested account balances allocated to participants during December 31, 2020 totaled $37,782.

Put option:

Participants who receive a distribution of Company stock (and if such Company stock is not immediately repurchased by the Company) are granted two option periods to put the shares to the Company. The first option period is the initial 60 days beginning on the date of distribution. The second option period is the 60 days in the following plan year. The put option is payable in either a lump sum cash payment or in up to 5 equal annual installments with interest.

Distributions:

The Plan provides for the distribution of the participant's stock and other investment account at retirement, disability, death, or termination of employment. For distributions other than termination of employment, a participants' account balance will be distributed no later than one year after the close of the plan year in which the participant's retirement, disability or death occurred. For distributions associated with termination of employment, account balances will be distributed during the sixth plan year following the plan year in which the participant's employment terminated. Distributions will be made in substantially equal annual installments over a period of five years. If the total value of a participant's account is $5,000 or less, distribution will be made in a lump sum.

Voting rights:

Shares of Selway Machine Tool Co., Inc. stock shall be voted in the manner as determined by the trustee of the Plan. The trustees of the Plan shall vote in accordance with the instructions from the Plan Committee. In the event of any corporate matter which would constitute a merger, consolidation, reclassification, liquidation or other related activity as specified under Section 409(e)(3) of the Code, each participant who has been allocated shares of stock may instruct the trustee as to the voting of those shares.

SELWAY MACHINE TOOL CO., INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2020 AND DECEMBER 31, 2019

Note 1. GENERAL DESCRIPTION OF PLAN (Continued):

Administrative expenses:

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Expenses paid by the Plan relate to investment advice and other administrative expenses of the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The Plan presents its financial statements on the accrual method of accounting with its assets reflected at fair value in accordance to accounting principles generally accepted in the United States of America and in accordance with ERISA.

Cash and cash equivalents:

Cash equivalents are considered to be short-term, highly liquid investments with original maturities of three months or less.

Investment valuation and income recognition:

All of the Plan's assets are stated at fair value. An independent appraiser appointed by the trustees of the Plan has determined the fair value of Selway Machine Tool Co., Inc. common stock using accepted investment, financial and valuation criteria. Changes in fair value are recognized currently and are recorded as unrealized appreciation or depreciation. When shares are transferred from "unallocated" to "allocated" they are transferred at the current year's fair value.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid

Subsequent events:

Management has evaluated events through October 5, 2021, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 4. CONCENTRATIONS OF CREDIT RISK:

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of plan sponsor's common stock and cash. The Plan places its cash with high credit quality financial institutions. At times, the account balances may exceed the institution's federally insured limits. The Plan has not experienced any losses in such accounts.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2020 AND DECEMBER 31, 2019

Note 4. CONCENTRATIONS OF CREDIT RISK (Continued):

The Company's common stock is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 5. INVESTMENTS:

The Plan's investments are held in a separate trust and invested in cash and Selway Machine Tool Co., Inc. common stock. The Plan assets at December 31, 2020 and December 31, 2019 are summarized as follows:

	2020	2019
	All Allocated	All Allocated
Selway Machine Tool Co., Inc. Common Shares:		
Number of shares	22,569.20	22,569.20
Fair value	$ 6,497,221	$ 7,250,355
Cost - tax basis	$ 7,797,671	$ 7,926,868
Cost - purchase price	$ 7,000,000	$ 7,000,000
Cash	$ 2,005,120	$ 1,477,915

Note 6. FAIR VALUE MEASUREMENTS:

Professional accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under professional accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and December 31, 2019.

The fair value of the Selway Machine Tool Co., Inc. common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The valuation process involves Plan management’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

Note 6. FAIR VALUE MEASUREMENTS (Continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and December 31, 2019:

	Level 3	
	2020	2019
Investment in plan sponsor:		
Common stock	$ 6,497,221	$ 7,250,355

Level 3 Gains and Losses:

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2020:

	Investment In Sponsor Common Stock
Balance, beginning of year	$ 7,250,355
Unrealized loss relating to Plan Sponsor common stock still held at the reporting date	(753,134)
Balance, end of year	$ 6,497,221
The loss for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ (753,134)

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The Plan’s policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020, there were no significant transfers into or out of Level 3.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2020 AND DECEMBER 31, 2019

Note 7. PLAN TERMINATION:

The Company has established the Plan with the express intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Capital Accumulations of all participants have been distributed.

Note 8. INCOME TAX STATUS:

The Plan has received a determination letter from the Internal Revenue Service dated June 2014, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan sponsor intends to maintain the Plan as a qualified plan.

Note 9. COVID-19:

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. The plan sponsor does not expect this matter to have a material impact on operating results or the value of Selway Machine Tool Co., Inc. stock, but the evolving nature of the outbreak results in uncertainty as to the final financial impact going forward.
