NOTE 1 – DESCRIPTION OF PLAN

ALegacy Group Retirement Plan (the Plan) is a qualified retirement plan adopted by ALegacy Group (the Company) to help employees save for retirement. The Plan was originally adopted on January 1, 2015, and was most recently amended and restated April 1, 2019. The Plan was also amended effective May 14, 2020 to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The Plan is administered by the Company, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company who are at least 18 years of age are eligible to become a participant in the Plan. Employees will be immediately eligible to participate in the Plan and to defer a portion of their pay into the Plan as deferrals after they have met the eligibility requirements.

Contributions – Participants will be able to contribute a portion of their compensation as a pre-tax deferral or as a Roth deferral into the Plan, not to exceed the dollar limit set by law. Participants who turn age 50 before the end of any calendar year may defer extra amounts into the Plan as catch-up contributions. For new and existing employees who have satisfied the eligibility requirements and have not made a deferral election, the Company will automatically contribute 5% of their compensation from each payroll into the Plan. These contributions will be treated as pre-tax deferrals. Participants may change the amount they are deferring into the Plan or stop making deferrals altogether at any time.

The Company has elected to operate the Plan as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company shall contribute for each Plan year a Company required contribution in an amount equal to 100% of each participant's salary deferrals that do not exceed 3% of the participant's compensation, plus 50% of the participant's salary deferrals between 3% and 5% of the participant's compensation. This contribution will be fully vested at all times and cannot be forfeited, even if a participant terminates employment.

The Company may also make profit sharing contributions to the Plan. The profit sharing contributions will be allocated using a pro rata formula. For 2020, the Company did not make any profit sharing contributions.

Participants may rollover contributions from another qualified plan into the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are able to select the investments for their entire account under the Plan. The Plan currently offers a money market fund and various mutual funds as investment options for participants. Participants may change their investment selections, transfer existing account balances, and obtain information regarding their investments each business day.

Vesting – Participants are always fully vested in their contributions, rollovers, and safe harbor contributions plus actual earnings thereon. Profit sharing contributions are subject to a vesting schedule and could be forfeited if a participant terminates employment. Participants will become 100% vested in their profit sharing contributions after four years of vested service.

DRAFT

Notes Receivable From Participants – Prior to April 1, 2019, participants could take a loan from the Plan. The minimum loan amount was $1,000 up to a maximum of $50,000 or one-half of their vested account balance, whichever was less. The loans were adequately secured and bore a reasonable rate of interest. Principal and interest payments were paid ratably through payroll deductions over a term not to exceed five years, unless the loan was obtained to acquire a principal residence. Participants could only have one outstanding loan from the Plan at any time. Effective April 1, 2019, the Plan was amended and restated to disallow participant loans. Participants may still take a loan under the Plan as long as it is a coronavirus-related loan.

Coronavirus-Related Loans – A participant who satisfies the eligibility requirements for a coronavirus-related distribution may take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Payment of Benefits – Upon termination of employment, participants may take a payout of the vested portion of their account balance. Distributions from the Plan will be made in a lump sum payment, or periodic installment payments. If the vested balance at the time of termination is $1,000 or less, the participant must take it out of the Plan or the Company will distribute the participant's account as a lump sum. If the vested account balance is greater than $1,000, the participant is not required to take a distribution from the Plan until the required distribution rules apply. However, the participant's account balance may be immediately distributed to them if they have separated from service and reached the later of age 62 or normal retirement age.

Participants may take an in-service distribution when they reach age 59½ or have a qualifying financial hardship.

Coronavirus-Related Withdrawals – On March 27, 2020, the CARES Act was enacted and signed into law. Certain provisions of the CARES Act permits participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to the novel coronavirus (or COVID-19), or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

Forfeited Accounts – If a participant terminates employment, the nonvested portion of their Plan balance will be forfeited. Forfeitures may be used to pay the Plan's administrative expenses or to reduce future employer contributions to the Plan. Forfeited non-vested accounts totaled $31 and $21 at December 31, 2020 and 2019, respectively. No forfeitures were used in 2020.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

DRAFT

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants subsequent to March 15, 2020, but prior to the 12-month period following the close of the Plan year in which the mistake occurred. Management believes the timing of excess deferral refunds does not affect the tax status determination of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All reasonable Plan administration expenses, including those involved in retaining necessary professional assistance, may be paid from the assets of the Plan. These expenses may be allocated among all Plan participants or, for expenses directly related to a participant, paid from their account balance. The Company may, in its discretion, pay any or all of these expenses.

Subsequent Events – The Plan has evaluated subsequent events through October XX, 2021, the date the financial statements were available to be issued.

DRAFT

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Fund – Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Money market fund	**$ 166,620**	**$ -**	**$ -**	**$ 166,620**

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

All investments and investment activities included in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, have been certified as complete and accurate by Ascensus Trust Company, the trustee, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to certified information, except for comparing the information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested. The Company will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable.

As a result of a reduction of the Company's workforce in 2020, the Plan incurred a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Company. If a partial plan termination occurs, full vesting is required for the terminated participants. As a result, amounts of previously unvested account balances became fully vested in the Plan. The Company is in the process of ensuring all terminated employees who were participants in the Plan were fully vested in their account balances, if they were not already fully vested. Management does not believe this will affect the tax status determination of the Plan.

DRAFT

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 8 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA sponsored by Ascensus LLC. The prototype plan obtained its latest opinion letter on January 1, 2018, in which the IRS stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2020, 2019, and 2018, the Company failed to remit to the trustee certain participants' contributions and loan repayments totaling $31,348, $3,832, and $2,650, respectively, within a timeframe called for within the DOL's regulations. Delays in remitting participants' contributions to the trustee were due to unintentional administrative errors. The Company will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. As of December 31, 2020, certain lost earnings on profits on such delinquent contributions had not yet been remitted to the Plan. Management believes these nonexempt transactions do not affect the tax status determination of the Plan.
