Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We have been informed by the plan administrator that the insurer holds the Plan's investment assets and executes investment transactions. NOTE 1 - DESCRIPTION OF PLAN

The following description of Defenders, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2009, as a defined contribution retirement savings plan covering all eligible employees of Defenders, Inc. (the "Employer") who are age 18 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer was responsible for oversight of the Plan. The 401(k) Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Board of Directors.

Merger: Effective January 6, 2020, the Employer was acquired by and became an indirect wholly owned subsidiary of ADT Inc. In connection with the acquisition, a resolution dated April 15, 2020 was approved appointing ADT LLC Administrative Committee as the named fiduciary and administrator of the Plan, effective as of the acquisition date. Employees of the Employer become employees of ADT LLC effective January 1, 2021. The Plan was merged into the ADT Security Corporation Retirement Savings and Investment Plan (the "ADT Plan") effective December 31, 2020. Accordingly, Plan net assets in the amount of $39,101,899 were transferred to the ADT Plan at which time the Plan and its related trust ceased to exist.

Plan Amendments: Plan management has elected to implement certain provisions under the Coronavirus Aid Relief, and Economic Security Act (the "CARES Act") of 2020 and the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") of 2019. The Plan was amended to include CARES Act relief provisions as follows: a) loan repayment suspension for qualified participants through the end of 2020; b) increased loan amounts from $50,000 to $100,000 and from 50% of vested account to 100% of vested account; c) in-service distributions by qualified participants up to $100,000 permitted for Coronavirus-Related Distributions; d) added in-service qualified birth or adoption distributions up to $5,000; e) required minimum distribution relief granted by suspending 2020 required minimum distributions unless a participant or beneficiary elects otherwise. The Plan was also amended to include SECURE Act provisions as follows: a) the required beginning date is now based on attainment of age 72 (rather than age 70.5); b) required minimum distributions to most designated beneficiaries are to be made over a period not exceeding 10 years.

Participant Accounts: Each participant's account was credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts could also be charged with an allocation of certain administrative expenses of the Plan. Allocations were based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions: Each year, participants could authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer could elect to make discretionary matching and profit-sharing contributions to the Plan. In 2020, the Employer made matching contributions equal to 50% of the first 6% of compensation that each participant contributed to the Plan. No Employer profit-sharing contributions were made to the Plan in 2020.

Participants directed the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Vesting and Forfeitures: Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account was based on years of service. A participant becomes 20% vested after two years of service, increasing by 20% per additional year, with full vesting after six years of credited service.

At December 31, 2020 and 2019, forfeited nonvested accounts of terminated participants totaled zero and $1,172, respectively. These accounts could be used to pay Plan expenses or to reduce future Employer contributions. In 2020, forfeited nonvested accounts of $345,705 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants could borrow from their account a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Effective in October 2020, the CARES Act plan amendment increased the loan amount to $100,000 or 100% of the vested account balance for participants affected by COVID-19 Pandemic (as discussed in Note 8). The repayment terms of the notes could not exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes were secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest were paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant could elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, substantially equal installments or partial withdrawals. Hardship and in-service withdrawals, as defined in the Plan Agreement, were also permitted from a participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except a fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and insurer. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and require significant management judgement or estimate for the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2020, there have been no changes in the methodologies used since the year ended December 31, 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts: Valued at the unit price reported by the sponsoring insurance company. The underlying investments owned can include money market funds, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other pooled separate accounts, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no significant redemption restrictions on these investments.

The methodologies described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no investments held at fair value at December 31, 2020.

Investments measured at fair value at December 31, 2019 are summarized below:

	Fair Value Measurements at December 31, 2019 Using			
	Total	Level 1	Level 2	Level 3
'estments:				
Pooled separate accounts	$ 33,033,581	$ -	$ 33,033,581	$ -
Investments, at fair value	$ 33,033,581	$ -	$ 33,033,581	$ -

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S INSURER (UNAUDITED INFORMATION)

All Plan information related to investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Transamerica Life Insurance Company, the Plan's insurer, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held a traditional investment contract. The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed periodically for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could have been affected by future economic and regulatory developments. The fully benefit-responsive investment contract was liquidated and transferred to the ADT Plan as part of the Plan merger, see Note 1. The investment was able to transact at contract value as of December 31, 2020.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions includes those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Plan investments were managed by Transamerica Life Insurance Company, the Insurer of the Plan; therefore, transactions in these investments qualified as exempt party-in-interest transactions under ERISA. The Insurer also received indirect fees from investments which were deducted from investment returns. Direct fees paid by the Plan to the Insurer and/or its affiliate totaled $30,171 in 2020. The Employer provided certain accounting, administrative and investment management services to the Plan for which it received no compensation. Notes receivable from participants were permitted party-in-interest transactions.

NOTE 7 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions (and participant loan repayments) to the Plan as soon as they can be segregated from the Employer's general assets. While the Employer remitted all participant contributions (and participant loan repayments) to the Plan, contributions (and loan repayments) totaling $143,601 were not remitted within the required time period for the year ended December 31, 2020 as reported on the attached Schedule of Delinquent Participant Contributions. The Employer corrected the delinquent contributions and loan repayments, including remitting the lost earnings related to the delinquent contributions and loan repayments to the Plan for the year ended December 31, 2020. In addition, the Employer corrected the late remittances related to the December 31, 2019 Plan year during 2020, as reported on the supplemental schedule.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan held various investments. Investments were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health organization (the "COVID-19 Pandemic"). The COVID-19 Pandemic has also led to extreme volatility in financial markets and has affected the Plan's assets. While the potential economic impact and the duration of the COVID-19 Pandemic may be difficult to assess or predict, the COVID-19 Pandemic could result in significant disruption of global financial markets. The extent to which the COVID-19 Pandemic impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.
