Notes to the Financial Statements

Note 1 - Plan Description

The following description of Rolling Plains Construction Employee Savings Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all eligible employees of Rolling Plains Construction, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and is responsible for oversight of the Plan. American United Life Insurance Company (AUL) is the custodian, recordkeeper and provides third party administration services. Management of the Company determines the appropriateness of the Plan's investment offerings and monitors investment performance utilizing information provided by the custodian of the Plan.

The Plan has adopted certain provisions of the Coronavirus Aid, Relief and Economic Security (CARES Act) that was signed into law on March 27, 2020, including coronavirus-related distributions, suspended participant loan payments and increased loan limits. The Plan has not been formally amended. Required Plan amendments for these provisions must be made by the last day of the plan year beginning on or after January 1, 2022.

Eligibility

The Plan covers all employees who are 18 years of age and older and have completed six months of service. The entry date is the first day of each calendar quarter. Leased employees, and non-resident aliens are excluded from the Plan.

Contributions

Each year, participants may contribute a percentage of pretax and after-tax annual compensation, as defined by the Plan. Deferral and after-tax Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service ("IRS") ($19,500 for 2020). Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions (up to $6,500 for 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company makes safe harbor matching contributions to eligible participants equal to 100% of the participant's elective contribution up to 5% of compensation. The Company may also make a discretionary profit sharing contribution subject to certain limitations. There were no profit sharing contributions in 2020. Contributions are subject to certain IRS limitations.

Note 1 - Plan Description (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution and profit sharing contribution (if any) and allocations of Plan earnings (losses) and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts which are invested in mutual funds and a fully benefit responsive investment contract as investment options for participants. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions and safe harbor matching contributions. Vesting in the Company's discretionary profit sharing contribution is based on years of continuous service. A year of service is credited for which 1,000 hours or more are worked in a plan year. A participant is fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, or the lessor of 1) 50% of their vested account balance, or 2) $50,000. Note terms range from one to five years, or up to 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate of 7%. A note will carry the same rate of interest throughout its term. Principal and interest are paid through payroll deductions.

Note 1 - Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefits will be paid as soon as administratively feasible following the date on which a distribution is requested or otherwise payable. Hardship withdrawals are available if the participant meets certain criteria. The Plan also allows for in-service distributions upon attaining the age 59 1/2.

Effective January 1, 2020, the Plan adopted the new hardship withdrawal provisions of the Bipartisan Budget Act of 2018 (the "Act"). The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust Plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. The Plan has not been formally amended to adopt these changes; however, management intends on formally amending the Plan prior to December 31, 2021, which is the deadline by which the Plan has to be formally amended to integrate the new provisions.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $0 for both years. These accounts, if any, will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the Plan document. For the year ended December 31, 2020, no forfeitures were used.

Note 2 - Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2 - Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Plan's fully benefit-responsive investment contract which is carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would normally receive if they were to initiate permitted investment transactions under the terms of the Plan. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are reclassified as benefits paid to participants based upon the terms of the Plan's participant loan policy.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 5, 2021, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

Note 3 - Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2020 and 2019.

Mutual Funds Held in Pooled Separate Accounts: Fair value is estimated using the Net Asset Value (NAV) per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of the underlying investments hold in the pooled separate account. The NAV is not a publicly-quoted price in an active market.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2020	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 5,771,291	$ -	$ 5,771,291

December 31, 2019	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 4,423,290	$ -	$ 4,423,290

Note 4 - Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the custodian of the Plan, has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Note 4 - Information Prepared and Certified by the Custodian (continued)

- Investments, non-interest bearing cash, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.

- Interest on the guaranteed investment contract, net appreciation in fair value of investments and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.

- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors.

Note 5 - Fully Benefit Responsive Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with AUL. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a traditional guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with AUL. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

Note 6 - Party in Interest Transactions

AUL is the custodian, recordkeeper and provides third party administration for the Plan including, the preparation of the Form 5500 and compliance testing, and RBC Capital Markets Corp provides investment advisory services, therefore transactions with these companies qualify as party-in-interest transactions. For the year ended December 31, 2020, the Plan made direct payments totaling $24,583 to these service providers, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations. Certain investment-related fees incurred by the Plan are included in investment income - net appreciation in fair value of investments, since they are paid through revenue sharing rather than by direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8 - Tax Status

The Plan utilizes a volume-submitter plan, which obtained a favorable determination letter from the IRS dated March 14, 2014, stating that the volume-submitter plan is qualified under the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
