NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Delafield Corporation 401(k) Profit Sharing Plan & Trust (the "Plan") is intended to give a general summary of its principal provisions. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a salary deferral plan which was established in 1997 to permit employees to make pre-tax savings contributions to the Plan; thereby providing employees with an opportunity to accumulate funds for their retirement.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law and, among other things, included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act maybe effective and operationalized immediately, prior to amending the Plan document. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to $100,000 beginning on or after January 1, 2020, and before December 31, 2020
- Increased the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance through September 23, 2020
- Extended the period for loan repayments, if applicable, up to one year
- Temporary waiver in processing Required Minimum Distributions for 2020

Plan administration

Delafield Corporation (the "Employer") is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees who have attained age 18 become eligible for participation upon being employed and can commence contributing to the Plan on the first of the month following three months of employment.

Contributions

Under the terms of the Plan, all eligible employees, as defined in the Plan, may contribute from 0% per pay period to 100% of their annual compensation up to a maximum contribution of $19,500 for the year ended December 31, 2020, which is subject to annual adjustment. In addition, participants who have attained age 50 before the Plan year close may make an additional contribution of $6,500 in 2020, which is subject to annual adjustment.

The Plan has elected to include an automatic enrollment feature. The initial automatic deferral amount (3%) shall increase by 1% of compensation per year up to a maximum of 8%.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Each year, the Employer may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's salary reduction contributions. For the Plan year ended December 31, 2020, the Company made matching contributions of 25% of the first 5% of salary reduction contributions.

In addition, the Company can make a discretionary Employer profit sharing contribution. No discretionary Employer profit sharing contributions were made for the Plan years ended December 31, 2020 and 2019.

Investment options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Principal Trust Company, as chosen by the Employer. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer discretionary matching and profit-sharing contributions (if applicable), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferral contributions and vest in the Company contributions as follows:

Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six and more years	100%

Any amounts of Employer contribution forfeited by an employee terminating from the Plan before becoming 100% vested are allocated to the individual accounts of qualifying participants.

Participant forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan. Any remaining forfeitures may be used to reduce future Employer matching contributions or profit-sharing contributions. There were no forfeitures of terminated non-vested account balances available as of December 31, 2020 and 2019.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes receivable from participants

Participants may obtain cash loans against their respective accounts with the written consent of the Company. Loan amounts are limited to 50% of the participant's account balance up to a maximum of $50,000. Promissory notes must be signed by the participant and are secured by all accounts of the participant. Loans bear interest at a rate reasonable at the time of application and are payable on or before the earlier of the participant's termination or within five years (ten years if the loan is used to acquire a principal residence). As of December 31, 2020 and 2019 approximately $129,364 and $188,302, respectively principal value of notes receivable was outstanding, at annual interest rates ranging from 4.50% to 6.50%. Interest income resulting from notes receivable amounted to $8,239 during the Plan year ended December 31, 2020. In addition, under certain circumstances participants may obtain loans and defer loan repayments under the CARES Act (see Note 1).

Distributions to participants

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance.

Plan termination

While the Employer has not expressed any intent to terminate the Plan, the Employer reserves the right to terminate the Plan at any time. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America necessarily requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. Excess contributions payable as of December 31, 2020 and 2019 totaled $14,115 and $35,555 respectively.

Benefit payments

Benefits are recorded when paid.

Administrative expenses

Administrative expenses incurred by the custodian in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Plan sponsor.

New Accounting Standards

During 2020, the Plan adopted Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the elimination, modification to, and addition of certain disclosures. This standard was adopted retrospectively and had no impact on the Plan's financial statements.

NOTE 3. INVESTMENTS AND INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by Principal Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020
- Investments reflected in the Schedule of Assets (Held at End of Year)

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: The fair value is based on the market value of its underlying investments. Because benefit plans own units of the fund, not the underlying investments, the unit of account would be at the fund level, not at the underlying investment level. NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth be level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy				
Mutual funds	$ 2,322,351	$ -	$ -	$ 2,322,351
Investments measured at net asset value (a)				5,942,053
Investments at fair value				$ 8,264,404

Assets at Fair Value as of December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy				
Mutual funds	$ 1,548,400	$ -	$ -	1,548,400
Investments measured at net asset value (a)				6,149,512
Investments at fair value				$ 7,697,912

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	$ 5,881,803	None	Daily	None

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	$ 6,149,512	None	Daily	None

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The custodian is party-in-interest with respect to the Plan. All investments are held with the custodian. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions. As described in Note 2, the Plan made direct payments to the third-party administrator totaling $2,376. The Company pays directly any other fees related to the Plan's operations.

The Plan administrator authorized the Plan's custodian to establish a Service Provider Payment Agreement ("SPPA"). The SPPA is funded by custodian's shared revenues from certain investments and is netted against earnings. At the direction of the Employer, these funds may be used to pay reasonable expenses. Shared revenue was $0 for the year ended December 31, 2020 included in other income.

NOTE 6. TAX STATUS

The Company has adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Administration errors, if any, that are insignificant or operational in nature are handled by the Plan administrator in accordance with applicable IRS correction policies.

NOTE 6. TAX STATUS (Continued)

Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2017.

The Plan operates using a regional prototype plan document. The IRS has determined that the prototype plan document, if properly adopted, is designed in accordance with applicable sections of the IRC. The Plan Sponsor believes they have properly adopted the Plan; therefore, no provision for income taxes has been included in the accompanying financial statements.

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500, Schedule H at December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 8,379,653	$ 7,850,659
Accrued refundable excess contributions	14,115	35,555
Net assets available for benefits per the Form 5500	$ 8,393,768	$ 7,886,214

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500, Schedule H for the year ended December 31, 2020:

Net decrease in net assets available for benefits per the financial statements	$ 528,994
Excess refundable contributions payable at December 31, 2019	(35,555)
Excess refundable contributions payable at December 31, 2020	14,115
Net decrease in net assets available for benefits per the Form 5500	$ 507,554

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

NOTE 8. RISKS AND UNCERTAINTIES (Continued)

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management has adopted relief provisions related to hardship withdrawals and loans included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

NOTE 9. SUSBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.
