Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Morton Buildings, Inc. 401(k) and ESOP, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company and Argent Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Argent Trust Company holds the Plan's investments in Morton Buildings, Inc. common stock and Federated Investors Treasury Obligations Instl Money Market fund and executes investment transactions for these investments. We have also been informed by the Plan administrator that Vanguard Fiduciary Trust Company holds all other Plan investment assets and notes receivable from participants and executes transactions related to these assets. The Plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan administrator by the custodians is complete and accurate.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan's custodian for the investments in Morton Buildings, Inc. common stock and Federated Investors Treasury Obligations Instl Money Market fund is Argent Trust Company. The Plan's recordkeeper for these investments is Crowe LLP. The Plan's custodian and recordkeeper for all other assets is Vanguard Fiduciary Trust Company.

Contributions

Participants may contribute up to 50 percent of their annual eligible compensation, as defined by the Plan. Contributions are subject to certain limitations, as set by the Internal Revenue Code (IRC). Participant elective contributions are made via payroll deductions and are recorded in the period the deductions are made. The Plan also allows after-tax Roth elective deferral and rollover contributions.

The Plan includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant makes an affirmative election otherwise. The automatic deferral feature starts at 2 percent and provides for an annual increase of 1 percent, which is ultimately capped at 4 percent.

The Company can make two types of contributions, consisting of non-elective matching contributions and elective profit sharing contributions. For non-elective matching contributions, the Company matches 50 percent of participant contributions to the Plan, up to 2 percent of the participant's annual eligible compensation. See Note 11 for a Plan amendment during 2020 regarding these matching contributions, which are now at the discretion of the Company. Elective profit sharing contributions are at the discretion of the Company. If a profit sharing contribution is made, it is allocated to all eligible participants based on the Company's allocation of compensation criteria relative to the total. To be eligible for the profit sharing contribution, an employee must be eligible for the Plan, have worked at least 1,000 hours during the Plan year, and be employed on the last day of the Plan year. The profit sharing contribution is made in common stock of the Company. For the years ended December 31, 2020 and 2019, the Company did not make an elective profit sharing contribution.

Participant Investment Account Options

Participants direct the investment of their contributions, as well as the Company's non-elective matching contributions, into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a common collective trust fund as investment options for participants. Each participant has the option of directing the participant and non-elective matching contributions into any of the separate investment accounts and may change the allocation daily.

Company profit sharing contributions are made in Company stock. Participants are not permitted to change investments of Company stock until they are eligible for diversification. Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. To be eligible for this, participants must have attained the age of 55 and completed 10 years of service as a participant. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the shares allocated to their account. In the sixth year, the percentage changes to 50 percent.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of service. A participant is fully vested after three years of service. The nonvested balance is forfeited upon termination of service and a five-year break in service or at the time of distribution, whichever is sooner.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Pursuant to certain provisions of the Company's leveraged ESOP transaction that was executed on May 8, 2017, certain shares held by certain participants of the Plan may be redeemed at a value per share higher than the current fair market value per share. These provisions expire in May 2022.

Voting Rights

On general corporate matters, the trustee exercises the voting rights of the Company stock held in the Plan. However, on significant corporate matters, such as a Company merger or sale, each participant is entitled to vote the shares allocated to their account.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of their account or a joint and survivor annuity. At December 31, 2020 and 2019, no Plan assets were allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Under the provisions of the Plan, the Company is obligated to repurchase participant Company common stock shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2020 and 2019, the Plan distributed and the Company repurchased from participants 23,530 and 61,049 shares, respectively, at the current appraised value or at a higher value per the Company Leveraged ESOP transaction provision, as more fully described in Note 1, *Put Option*.

In April 2020, the Company implemented CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Dividends on Company Stock

Cash dividends on any share of Company stock held by the Plan are received by the Plan and distributed in cash directly to the participants.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $70,031 and $35,782, respectively. These accounts will be used to reduce future employer non-elective matching or profit sharing contributions or administrative expenses. In 2020 and 2019, employer non-elective matching contributions were reduced by $130,451 and $163,270, respectively, from forfeited nonvested accounts.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the

participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan administrator.

In April 2020, the Company adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of $100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds and money market funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan holds an interest in a common collective trust fund, which invests in investments that pursue multiple strategies to exceed the performance of certain industrial averages. The net asset value of the fund is determined as of the end of each day or month utilizing the values of the underlying assets. The Plan's investment in Company stock is valued at its fair value as determined by annual independent appraisals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants before March 15, 2021 and 2020, respectively.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Net Assets by Participant and Nonparticipant-Directed Investments

The fund referred to in the nonparticipant-directed column in the table above is the Federated Investors Treasury Obligations Instl Money Market fund.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total investments at fair value	$ 159,292,618			

(A) In accordance with Subtopic 820-10, the common collective trust fund measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Activity

Activity is as follows:

	Common Stock - Company
2020	
Sales	$ 1,799,713
2019	
Sales	$ 1,142,154

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2020 and 2019:

	Fair Value at 12/31/20	Valuation Technique	Unobservable Inputs	Factor or Range (Weighted Average)
Common stock - Company	$ 6,587,232	Discounted cash flow	Weighted-average cost of capital	13.8%
			Sales growth rate	3.1% to 8.6%
			EBITDA multiple	5.5
			Discount for lack of marketability	5.0%
		Guideline on public company comparables	Sales growth rate	3.1%
			EBITDA multiple	6.5 to 8.0
			Discount for lack of marketability	5.0%

	Fair Value at 12/31/19	Valuation Technique	Unobservable Inputs	Factor or Range (Weighted Average)
Common stock - Company	$ -	Discounted cash flow	Weighted-average cost of capital	13.0%
			Sales growth rate	(1.5%) to 6.6%
			EBITDA multiple	6.3
			Discount for lack of marketability	5.0%
		Guideline on public company comparables	Sales growth rate	6.6%
			EBITDA multiple	6.0 to 7.5
			Discount for lack of marketability	5.0%

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the common collective trust fund for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for the common collective trust fund; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2020				
Common collective trust fund	$ 3,971,195	N/A	Daily	None
December 31, 2019				
Common collective trust fund	$ 2,352,663	N/A	Daily	None

Note 5: Certification of Plan Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019
- Investment income and interest income from notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019
- Investment information and notes receivable from participants included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2020

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50 percent or more of such an employer, or relatives of such persons.

The Plan invests in certain funds managed by Vanguard Fiduciary Trust Company, a custodian of the Plan. Fees paid by the Plan to this custodian for administrative services amounted to $114,764 and $118,605 for the years ended December 31, 2020 and 2019, respectively. The Plan also invests in common stock of the Company, who is the Plan sponsor. The Company also provides certain administrative services at no cost to the Plan.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8: Tax Status

The IRS has determined and informed the Company by a letter dated April 28, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Effective December 1, 2017, for the portion of the Plan administered by Vanguard Fiduciary Trust Company, as more fully described in Note 1, the Plan operates under a nonstandardized adoption agreement in connection with a prototype plan and trust/custodial document sponsored by Vanguard Fiduciary Trust Company. This prototype plan document has been filed with the appropriate agency and obtained a determination letter from the Internal Revenue Service (IRS) stating that the prototype constitutes a qualified plan under section 401 of the IRC, and that the related trust was tax exempt. The Plan has been amended since adopting this prototype plan. However, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC, and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 9: Prohibited (Nonexempt) Transactions

In December 2017, the Company contributed $3,979,000 in non-elective contributions to the Plan to correct Plan administration errors that were not in accordance with ERISA. The Plan administration errors related to ERISA prohibited (nonexempt) transactions in regards to the fair market value of the Company's stock in various prior years before 2017. In July 2018, the IRS approved the corrective actions taken for these prohibited transactions; however, in December 2018, the IRS determined additional interest was owed by the Company to the Plan for these prohibited transactions totaling $631,735, which the Company contributed to the Plan in December 2018. During 2020, the Plan began distributing these funds, including earnings, to eligible participants, which totaled $1,913,612, and are included within benefits paid to participants on the statement of changes in net assets available for benefits. At December 31, 2020 and 2019, these funds totaled $3,005,322 and $4,770,206, which are included in the Federated Investors Treasury Obligations Instl Money Market fund. The remaining funds will be distributed to the remaining participants when they become eligible for a distribution, which is typically upon termination of service.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 11: Plan Amendments

Effective January 1, 2019, the Plan was amended to increase the automatic distribution provision from $1,000 to $5,000 and lump-sum distribution provision from $5,000 to $30,000.

Effective January 25, 2019, the Plan was amended to exclude compensation paid after termination from eligible compensation.

Effective January 1, 2020, the Plan was amended related to various arbitration provisions.

Effective July 1, 2020, the Plan was amended to change the employer matching contribution from 50 percent of the participant's contribution up to 2 percent, to a percentage as determined by the Company.

Note 12: Subsequent Events

Subsequent events have been evaluated through October 8, 2021, which is the date the financial statements were available to be issued.
