To the Administrative Committee of the
Fullmer Construction 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Fullmer Construction 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule on pages 11 through 12 as of December 31, 2020, is required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Fullmer Construction 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Fullmer Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing benefits to all employees of Fullmer Construction (the Company) who have reached age eighteen or older. Employees of the Company who are ineligible to participate include union employees, nonresident aliens, or leased employees. Employees may begin contributing to the Plan on the first day of the calendar quarter coinciding with or the first day of the next calendar quarter following the satisfaction of the eligibility requirements.

Contributions

Under the provisions of the Plan, each active participant may enter into a salary deferral agreement with the Company and may defer up to 100 percent of compensation, up to the maximum allowable amount as determined yearly by the Internal Revenue Service (IRS). Participants are automatically enrolled in the Plan at a contribution rate of 2.5 percent of compensation upon meeting the eligibility requirements. Participants are given the opportunity to change this contribution rate within 14 days of their eligibility date. Participants age 50 and older may contribute catch-up contributions as allowed per IRS limitations. Participants are permitted to make Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company, at its discretion, may make Company matching contributions to the Plan. For the year ended December 31, 2020, the Company elected to match employee contributions up to 2.5 percent of their eligible compensation.

The Company, at its discretion, may make discretionary Company contributions to the Plan. For the year ended December 31, 2020, the Company elected not to make a discretionary Company contribution to the Plan.

Participant Account

An account is maintained for each participant. Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, Company discretionary contributions, and the participant's Plan earnings and losses.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company discretionary matching contributions and Company discretionary contributions is based on years of service. A year of service is given for each Plan year in which a participant performs 1,000 hours or more of service. After one year of service, a participant is 50 percent vested and after two years of service, a participant is 100 percent vested. In addition, a participant becomes fully vested upon reaching normal retirement age, death, or permanent disability.

1. Description of the Plan (Continued)

Investment Options

Each participant directs employee and Company contributions to his or her account through investment options offered by the Plan. The investment options are comprised of various mutual funds, collective investment trust funds, and pooled separate accounts.

Notes Receivable from Participants

Participants may borrow from their accounts for hardship purposes only and loan amounts are a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50 percent of the participant's vested account balance. A participant may only have one note receivable outstanding at any time. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with similar loans from commercial lending institutions. Interest rates on current notes receivable range from 4.25 percent to 5.75 percent. Principal and interest are repaid ratably through payroll deductions. Any outstanding note receivable balance will become due and payable in its entirety upon occurrence of a distributable event.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installment payments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan Administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Administrator may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

At December 31, 2020, forfeited nonvested accounts totaled $2,060. At December 31, 2019 there were no forfeited nonvested accounts. These funds are available to pay Plan expenses, reduce Company contributions, or allocate as additional Company contributions. During the year ended December 31, 2020, the Company used forfeited nonvested accounts of $10 to pay administrative expenses and $2,953 to reduce Company discretionary matching contributions.

2. Summary of Accounting Policies

The preparation of these financial statements requires Plan management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, net appreciation in fair value of investments, as well as disclosures of contingent assets and liabilities. Actual results could differ from those estimates. Plan management has considered events occurring through October 5, 2021 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the date of the statement of net assets available for benefits, which should be disclosed. The financial statements were available to be issued at this date.

2. Summary of Accounting Policies (Continued)

Plan management also determines the accounting principles to be used in the preparation of financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments, while other plan administration expenses are paid directly by the Plan.

3. Information Certified by the Trustee (Unaudited)

At December 31, 2020 and 2019, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Trustee, as complete and accurate in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

	2020	2019
Investments		
Mutual funds	$ 7,863,204	$ 7,186,163
Collective investment trust funds	3,356,712	2,957,537
Pooled separate accounts	2,817,972	2,589,746
Total investments	$ 14,037,888	$ 12,733,446
Notes receivable from participants	$ 26,558	$ 21,944
Investment income		
Dividend income	$ 240,751	
Net appreciation in fair value of investments	1,075,941	
	$ 1,316,692	
Interest income on notes receivable from participants	$ 3,154	

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Accounting Standards Codification Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund, which represents the net asset value (NAV) of shares held by the Plan at year end.

Collective investment trust funds: Valued at the NAV of units held by the Plan in the collective investment trust fund. The NAV is based on the fair value of the underlying investments held by the collective investment trust fund less its liabilities.

Pooled separate accounts: Valued at the NAV of the underlying assets held by the separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,863,204	$ –	$ –	$ 7,863,204
Collective investment trust funds	–	3,356,712	–	3,356,712
Pooled separate accounts	–	2,817,972	–	2,817,972
Total investments at fair value	$ 7,863,204	$ 6,174,684	$ –	$ 14,037,888

4. Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,186,163	$ –	$ –	$ 7,186,163
Collective investment trust funds	–	2,996,873	–	2,996,873
Pooled separate accounts	–	2,589,746	–	2,589,746
Total investments at fair value	$ 7,186,163	$ 5,586,619	$ –	$ 12,772,782

5. Related-Party and Party-in-Interest Transactions

The Plan invests in units of collective investment trust funds and pooled separate accounts managed by affiliates of Principal Trust Company. Principal Trust Company acts as Trustee for only those investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included as a reduction of the return earned on each investment, as the fees are paid through revenue sharing, rather than paid as a direct payment. As described in Note 2, the Plan made direct payments to service providers of $33,788 for services related to the Plan, which was not covered by revenue sharing. The Plan Sponsor directly pays any other fees related to the Plan's operations, other than those fees that may be paid through the use of forfeitures as allowed by the Plan.

6. Tax Status

The Plan adopted a prototype plan document, which received an opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company discretionary contributions and their Company discretionary matching contributions.
