1. Description of Plan

The following description of the Saroyan 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Saroyan Lumber Company, Inc. (the "Company"). Employees are eligible to participate in the Plan if they are age 21 or older and have completed one year of service in which at least 1,000 hours were worked. The Plan was established by the Plan Sponsor on January 1, 1996 to provide retirement benefits for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

In July 2018, the plan was amended to change eligibility requirements. If employed on or before July 27, 2018, the employee does not have to satisfy any minimum conditions prior to making deferrals or receiving contributions under the Plan. In this case, they will become a participant on the latest of 1) the effective date 2) the restated effective date 3) their hire date or 4) on the date they attain the age of 21. After the transition date, employees are eligible on the first day of the following month after fulfilling 90 days of service.

In July 2018, all assets of the Plan were transferred from Transamerica Life Insurance Company ("Transamerica"), to Great-West Life and Annuity ("Great-West").

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for the loan payments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Company has adopted certain relief provisions included in the CARES Act, which generally expired on or about December 31, 2020.

Contributions

The Plan is a contributory plan whereby participants may contribute up to a maximum of 100% of pre-tax annual compensation not to exceed the dollar limit set by law of $19,500 for 2020. Participants age 50 or older may elect to defer an additional $6,500 of "catch up" contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor makes a mandatory contribution to the Plan: 25% of the first 6% of elective contributions, not to exceed 1.5% of total compensation. For the 2020 plan year, the Plan Sponsor contributed $42,093 to the Plan.

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Plan Sponsor's matching contribution is based on years of continuous service as follows:

Years of Service	Vested Percentage
1	20
2	40
3	60
4	80
5 or more	100

Participant Accounts

Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions and Plan investment earnings. Participants may choose to have their account balance deposited in various investment programs. Allocation of Plan investment earnings is based on the participant's account balance, as defined.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 year to a maximum of 5 years (a maximum of 30 years if used to purchase participant's principal residence). A participant can only have two new loans per Plan Year. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 1%. Principal and interest is paid ratably through payroll deductions or participant payments. As of December 31, 2020 and 2019, notes receivable from participants were $137,220 and $185,854, respectively. Interest rates on participant loans range between 4.25% to 6.50% as of December 31, 2020.

Payments of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive (a) a lump sum distribution equal to the value of his/her account, (b) installments over a period not more than the assumed life expectancy of the participant or the beneficiary, (c) partial withdrawals, or (d) a rollover to another eligible retirement plan, provided the distribution is an eligible rollover distribution. Vested account balances that are less than $5,000 will be distributed as a lump sum distribution as directed by the Plan administrator.

Between January 1, 2020 and December 30, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a coronavirus-related distribution ("CRD") from his or her vested account in the Plan, up to a maximum of $100,000. A CRD is not subject to the 10% additional tax that generally applies to distributions made before an individual reaches 59 ½. Active employees who receive a CRD from the Plan may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

1. Description of Plan (Continued)

Forfeitures

Forfeitures will first be used to pay any administrative expenses, and any remaining forfeitures will be used to reduce any Plan Sponsor matching contributions. During 2020, $3,020 was deposited into the forfeiture account. Of the accumulated outstanding forfeitures, $2,932 was used to reduce employer contributions. As of December 31, 2020 and 2019, there was $753 and $665 forfeiture account balance in the Plan, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. The Plan's investments are stated at fair market value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sale of investments are computed using the participant's cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represent the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Investment options

Participants may self-direct employee and employer contributions into various investment options available. If participants do not direct the investment of applicable Plan accounts, their accounts will be invested in accordance with the default investment alternatives established under the Plan.

2. Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions owed to participants. As of December 31, 2020 and 2019, excess contributions owed to participants were $20,711 and $17,506, respectively.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan administrative expenses are paid by either the Plan Sponsor or the Plan, as provided in the Plan agreement. Fees paid by the Plan for certain administrative expenses amounted to $23,226 for the year ended December 31, 2020. There were no fees paid by the Plan Sponsor for administrative fees and trustee services for the year ended December 31, 2020.

Subsequent Events

The Plan evaluated subsequent events through October 11, 2021, the date these financial statements were issued. There were no subsequent events that required recognition or additional disclosure in these financial statements.

3. Fair Value Measurements

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the following fair value measurement.

3. Fair Value Measurements (Continued)

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Registered investment companies (mutual funds):* Valued based on quoted market prices (Level 1 inputs)

The table below sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31, 2020.

Investments	Level 1	Level 2	Level 3	Total
Registered investment companies:				
Mutual funds	$ 4,599,228	$ -	$ -	$ 4,599,228
Investment at fair value				$ 4,599,228

The table below sets forth by level, within the fair value hierarchy, the Plan's assets and fair value as of December 31, 2019.

Investments	Level 1	Level 2	Level 3	Total
Registered investment companies:				
Mutual funds	$ 4,389,159	$ -	$ -	$ 4,389,159
Investment at fair value				$ 4,389,159

4. Group Annuity Contract

The Plan offers a group annuity contract with Great-West by investing in Key Guaranteed Portfolio Fund. The contract is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

4. Group Annuity Contract (Continued)

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under section 501(a) of the IRC; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Party-in-interest Transactions

Certain Plan investments are shares of mutual funds managed by Great-West. Great-West is the Recordkeeper under contract arrangements with the Plan's Trustees. The Plan allows participants to borrow from their vested balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

6. Information Certified by the Custodian

The Plan Sponsor elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 (the Act). Under this provision of the Act, certain information certified need not be subject to independent audit.

The Plan Sponsor has obtained certification from the Custodian that the following information included in the Plan's financial statements is complete and accurate:

a. Investments as of December 31, 2020 and 2019.
b. Custodian transactions, investment income and investment transactions for the year ended December 31, 2020.

7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 5,260,853	5,054,025
Participant and employer contributions receivable	(2,935)	(2,490)
Excess contribution payable	20,711	17,506
Net assets per Schedule H of Form 5500	$ 5,278,629	$ 5,069,041

The following is a reconciliation of contributions by the participants and employer per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2020:

Total contributions per the financial statements	$ 291,525
Less: Current year participant and employer contributions receivable	(2,935)
Add: Prior year participant and employer contributions receivable	2,490
Schedule H of Form 5500	$ 291,808

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19

The Plan may be adversely affected by health epidemics including the recent coronavirus outbreak. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, several states in the U.S., including California, where the Plan's Sponsor is, have declared a state of emergency. Due to the pandemic, the equity and bond markets, in which Plan assets are invested, are experiencing unusually high volatility and uncertainty. Although the Plan Sponsor is continuing to monitor and assess the effects of the pandemic on the Plan and its investments, the ultimate impact of the outbreak or a similar health epidemic is highly uncertain and subject to change.

9. Delinquent Participant Contributions

As reported on Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Plan Sponsor for the year ended December 31, 2020. Late remittances related to the 2019 and 2018 plan year amounted to $5,287 and $17,418, respectively. The Plan Sponsor remitted lost earnings related to these late remittances in October 2020.

10. Plan Termination

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Plan Sponsor subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

11. Prohibited Transactions

Except for the late remittances described in note 9, there were no prohibited party-in-interest transactions during the year ended December 31, 2020.

12. Tax Status

The Internal Revenue Service has informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. Although the plan has been amended and restated since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.
