Independent Auditor's Report

To the 401(k) Plan Administrative Committee
Scot Forge Company 401(k) Plan
Spring Grove, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the Scot Forge Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2020 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report.

- The amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- The certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of December 31, 2020 are presented for purposes of additional analysis and is not a required part of the 2020 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 29, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements; and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Scot Forge Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement benefits to the employees of Scot Forge Company (the "Company"), as defined in the Plan. Generally, employees become eligible to participate in the Plan after 30 continuous days of employment in which the employee completes at least one hour of service. If such requirement is not met within the first 30 days of employment, the employee must be credited with a year of service to participate in the Plan. Effective October 1, 2019, the Plan was amended to allow for auto-enrollment on initial pre-tax deferral contribution of 3% for newly eligible employees on each employee's entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The 401(k) Plan Administrative Committee is responsible for the administration and oversight of the Plan. BMO Harris Bank N.A. is the trustee of the Plan.

Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows participants to designate all or a portion of their deferrals as Roth contributions to the Plan on an after-tax basis.

The Company may elect to make discretionary matching contributions to participants who are employed on the last day of the Plan year at the option of the Board of Directors. For the year ended December 31, 2020, the Company provided a dollar for dollar match of participant deferrals, up to $1,200 per participant.

Additionally, the Board of Directors may elect to make additional discretionary contributions to the Plan for any participants who complete 1,000 hours of service in the Plan year and are employed on the last day of the Plan year. The Company did not elect to make any additional discretionary contributions for the Plan year ended December 31, 2020.

Contributions are subject to certain IRC limitations.

Participants may direct the investment of all their contributions among one or more funds available in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions and any Company discretionary matching contributions, as well as allocations of (a) any additional discretionary Company contributions; and (b) Plan earnings or losses. Participant accounts are charged with an

allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the greater of prime rate or at the rate of a five-year certificate of deposit, as established by the Company's principal banking institution plus two percent. Interest rates on loans outstanding range from 3.25% to 5.50%. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years. Any loans taken for the purpose of the purchase of a primary residence may not exceed a repayment period of fifteen years, and bear interest at the Company's principal banking institution's 15-year mortgage note rates.

Payment of Benefits

On termination of service due to retirement, death, disability, separation from service or attainment of age 59½, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount or installment payment arrangements. If the participant's vested interest in the Plan is less than $1,000, a mandatory lump-sum distribution may be made to the participant. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution and additional discretionary Company contribution portion of their accounts plus actual earnings thereon is based on the following:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $16,290 and $6,173, respectively. Forfeited non-vested accounts may be used to pay for Plan expenses or used to reduce Company contributions. During 2020, forfeitures of $16,482 were used to reduce Company contributions.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants, which are as follows:

- Special coronavirus distributions up to $100,000.
- Increase the available loan amount to the lesser of $100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

Plan management has not elected any of these provisions available to the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and requested distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 7, 2021, which is the date the financial statements were available to be issued.

During August 2021, The Company changed its trustee from BMO to Broadridge Matrix Trust Company.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

For the years ending December 31, 2020 and 2019, there were no transfers in or out of Level 3.

Shares of Registered Investment Companies – Valued at the daily closing prices as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common/Collective Trust – Valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets held by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies, measured at fair value	**$ 35,701,080**	**$ -**	**$ -**	**$ 35,701,080**
Common/collective trust, measured at NAV*				**5,479,366**
Total Investments				**$ 41,180,446**

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 35,638,702	$ -	$ -	$ 35,638,702
Common/collective trust, measured at NAV*				5,277,859
Total Investments				$ 40,916,561

* *The common/collective trust, which is measured at fair value using the NAV per share (or its equivalent) practical expedient, has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.*

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The common/collective trust does not have a finite life or unfunded commitments related to this type of investment.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2020 and 2019, and for the year ended December 31, 2020. Accordingly, the Plan's trustee, BMO Harris Bank N.A., has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments, pending trades, notes receivable from participants, and accrued interest income as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.

b. Investment income and interest income on notes receivable from participants as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

c. The Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter, dated September 24, 2015, stating that the Plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of this letter, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Included in investments are the investments in T. Rowe Price's TRP Blue Chip Growth and Putnam Fiduciary Trust Company's Putnam Stable Value Fund, each of which represent 10% or more of total investments at December 31, 2020 and 2019.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and greatly contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

8. Related-Party and Party-in-Interest Transactions

Certain employees of the Company provide administrative services to the Plan. Employees are not paid by the Plan for their services.

Certain administrative services are provided to the Plan pursuant to a service agreement between the trustee and the Company. The trustee receives revenue from registered investment companies and the common/collective trust for services provided to the funds by the trustee. This revenue is used to offset certain amounts owed to the trustee for its administrative services to the Plan. If the revenue received by the trustee exceeds the amount owed under the agreement, the excess is remitted to the Plan, and such excess amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020, $6,038 was reimbursed to the Plan by BMO Harris Bank N.A., which is recorded as other income on the statement of changes in net assets available for benefits. The Plan or Company makes payments to the Trustee for administrative expenses not covered by revenue sharing.

Notes receivable from participants also qualify as party-in-interest transactions.

The diversification payments from the Scot Forge Company Employee Stock Ownership Plan ("ESOP") that are transfers into the Plan, as further described in Note 9, also qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

9. Transfers From Other Qualified Plan

The Plan permits participants who are also participants in the ESOP to transfer certain assets from the ESOP to the Plan. Permissible transfers include ESOP balances of participants or beneficiaries who are in pay status in the ESOP, any S Corporation distributions of participants or beneficiaries and any amounts subject to diversification under the terms of the ESOP. During 2020, $1,249,037 was transferred from the ESOP to be remitted into the Plan. As of December 31, 2020, $1,103,181 had been remitted into the Plan, while the remaining $145,856 was not remitted into the Plan until the subsequent year and was recorded as a receivable as a transfer from other qualified plans on the Statement of Net Assets Available for Benefits.
