Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Northern Trust Company and Fidelity Management Trust Company (collectively, the "Trustees"), except for comparing such information with the related information included in the financial statements. The benefits of the LNARP Plan will continue to be subject to the provisions of the LNARP Plan, which have been incorporated into the LHUSPP Plan. The LNARP Plan provides for pension and disability benefits, covering salaried and certain hourly employees of Lafarge North America Inc. who have completed one year of service and are age 21 or older. The LNARP Plan also provides for disability benefits and special death benefits before or after retirement.

Effective January 1, 2009, the LNARP Plan was frozen to prohibit new entrants. Effective June 30, 2015, the LNARP Plan was frozen to stop future benefit accruals.

Effective December 31, 2020, the Steelworkers Plan, Cement-Boilermakers Plan, Multi-Plant Plan, Presque Isle Plan, and Aggregates and Concrete Plan were merged into the LafargeHolcim US Pension Plan for Blue Circle Heritage Hourly Compensated Employees (Cement), and the plan was renamed LafargeHolcim US Consolidated Union Pension Plan (the "Consolidated Union Plan"). The benefits of each of the merged plans will continue to be subject to the provisions of the respective plans, which have been incorporated into the Consolidated Union Plan (see Note 9). The following provides descriptions of the plans prior to the mergers.

Note 1 - Plan Description (Continued)

The Consolidated Union Plan was established in 2002 and provides for pension and disability benefits to certain hourly compensated employees who work at specific plan locations or are covered by certain collective bargaining agreements. The Consolidated Union Plan consists of several supplements relating to certain locations and/or unions. Due to the sale of locations and merged plans, as of December 31, 2014, there are no participants accruing benefits in the Consolidated Union Plan.

The Steelworkers Plan was established on December 31, 2014. The Steelworkers Plan consists of a basic plan document and several supplements relating to certain locations and/or unions. The Steelworkers Plan provides for pension and disability benefits to hourly compensated employees who meet specific service and age requirements of the Company's facilities located at Ravena, New York (Ravena Supplement); Oswego, New York (Oswego Supplement); Detroit, Michigan (Great Lakes Supplement); Marblehead, Ohio (Marblehead Stone Supplement); Whitehall, Pennsylvania (Whitehall Supplement); Sparrows Point, Maryland (Newcem Supplement); and Grove, Kentucky (Grove Supplement) and are covered by certain collective bargaining agreements. Effective December 31, 2014, the Steelworkers Plan was frozen to prohibit new entrants of the Oswego Supplement and Ravena Supplement. Effective August 1, 2015, the Steelworkers Plan was frozen to prohibit new entrants of the Great Lakes Supplement and the Marblehead Stone Supplement. Effective January 1, 2016, the Steelworkers Plan was frozen to prohibit new entrants of the Grove Supplement, Whitehall Supplement, and Newcem Supplement. Effective December 31, 2017, the Steelworkers Plan was frozen to stop the accrual of benefits for Great Lakes Supplement, Grove Supplement, Newcem Supplement, Oswego Supplement, and Whitehall Supplement employees. The Steelworkers Plan was frozen to stop the accrual of benefits for Marblehead Stone Supplement and Ravena Supplement employees effective February 28, 2018 and December 31, 2018, respectively.

The Cement-Boilermakers Plan was adopted by the Company on May 23, 1983. The Cement-Boilermakers Plan provides for pension and disability benefits to certain hourly compensated employees covered by certain supplements, as defined in the plan document. The Cement-Boilermakers Plan was amended on December 30, 2015 to:

- 1) Clarify applicability of the Cement-Boilermakers Plan as of the restatement effective date, January 1, 2015
- 2) Fully vest those employees who terminated employment in the Davenport Purchase Agreement effective April 16, 2015
- 3) Freeze the plan for new entrants from the Seattle location effective January 1, 2016, increase the Seattle multipliers, and freeze accrued benefits effective December 31, 2017 for Seattle employees (effective February 15, 2016 for employees hired on or after August 1, 2015)

The Cement-Boilermakers Plan was frozen to stop future benefit accruals effective February 7, 2017 for Paulding employees and effective December 31, 2017 for Seattle employees.

The Multi-Plant Plan was established on May 1, 1963. The Multi-Plant Plan provides for pension benefits to certain employees who work at the Joppa, Illinois plant and members of the Local Union No. 3907 of the United Mineworkers of America and participants covered by the former Blue Circle Inc. Pension Plan (BCIPP). The accrual of benefits was frozen for participants at various dates, with all accruals being frozen by December 31, 2017.

The Presque Isle Plan was established by the Company on January 1, 2002. Effective January 1, 2015, the plan was frozen to prohibit new entrants hired on or after the effective date. The Presque Isle Plan provides for pension and disability benefits to certain hourly compensated employees who meet specified service requirements of certain aggregates facilities located in Presque Isle, Michigan. Effective April 8, 2018, the Presque Isle Plan was frozen to stop the accrual of benefits.

Note 1 - Plan Description (Continued)

The Aggregates and Concrete Plan was established by the Company on June 1, 1952. The Aggregates and Concrete Plan provides for pension and disability benefits to certain hourly compensated employees covered by various collective bargaining agreements. The accrual of benefits was frozen for participants at various dates depending on location, with all accruals of benefits being frozen by October 1, 2017.

Eligibility and Vesting

Eligibility and vesting differs between the Plans and various supplements. Participants should refer to the plan agreement for the specific eligibility and vesting requirements.

Pension Benefits

The normal monthly retirement benefit is calculated as set forth in the applicable attachments to the Plans. The normal benefit is adjusted for early or late retirement, disability, or upon the participant's death, as stated in the Plans.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested value of the participant's accumulated plan benefits if less than \$5,000 or in various installment annuities.

Funding

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA for the years ended December 31, 2020 and 2019.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by The Northern Trust Company and Aetna Life Insurance Company, the trustees and custodian of the Plans; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Plans prepare their financial statements on the modified cash basis of accounting. Revenue is recorded when received, rather than when earned; expenses are recorded when paid, rather than when the obligation is incurred; and investments are recognized at fair value. Accordingly, the financial statements are not intended to be in conformity with accounting principles generally accepted in the United States of America.

Memorandum-only Totals

The memorandum-only total column in the financial statements represents solely a total of the individual plans. This column is unaudited and is provided for information only.

Investment in Master Trust

The Plans' investments are held in the Holcim Participations (US) Inc. Master Retirement Trust, herein referred to as the "Master Trust," which was established for the investment of assets of the Plans. During the years ended December 31, 2020 and 2019, assets in the Master Trust were held by The Northern Trust Company (Northern Trust). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Notes to Modified Cash Basis Financial Statements

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

The fair value of the Plans' interest in the Master Trust is based on the beginning of the year value of the Plans' interest plus actual contributions and allocated investment income, less actual distributions and administrative expenses, as well as certain allocated administrative expenses. See Note 5 for additional information.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plans' provisions to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plans at December 31, 2019 are summarized as follows:

Actuarial cost method	Standard unit credit cost method
Retirement age	Various rates of retirement are assumed beginning at age 55. All participants are assumed to retire by age 65.
Assumed rate of return	4.75 percent per annum.
Mortality basis	Healthy: RP-2014 Table, with a 1.5 percent increase in mortality rates projected from base year 2006 with MP-2019 (except for the LHUSPP Plan and former BCIPP, which reflect a 2.9 percent decrease in mortality rates) Disabled: RP-2014 Table projected from base year 2006 with MP-2019 (except for the LHUSPP Plan, which reflects a 2.9 percent decrease in mortality rates)

The foregoing actuarial assumptions are based on the presumption that the Plans will continue. Were the Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The accumulated plan benefits as of December 31, 2019 do not reflect the purchase of the annuity contract (see discussion below) or the plan mergers (see Note 9).

The assumed rate of return changed from 5.75 percent at December 31, 2018 to 4.75 percent at December 31, 2019 for the LHUSPP Plan. The assumed rate of return changed from 6.00 percent at December 31, 2018 to 4.75 percent at December 31, 2019 for all other plans. The mortality improvement scale was changed from the MP-2018 scale at December 31, 2018 to the MP-2019 scale at December 31, 2019.

Benefit Payments

Benefits are recorded when paid.

Annuity Purchase

In October 2020, Holcim Participations (US) Inc. purchased an annuity contract for a total of \$128,448,148 through the New York Life Insurance Company (New York Life) to settle the benefit obligations of certain participants currently receiving benefits from the following plans in the following amounts:

- Steelworkers Plan in the amount of \$31,487,461
- Consolidated Union Plan in the amount of \$10,455,183
- Cement-Boilermakers Plan in the amount of \$35,995,203
- Multi-Plant Plan in the amount of \$16,445,882
- Presque Isle Plan in the amount of \$21,249,094
- Aggregates and Concrete Plan in the amount of \$12,815,325

Such amounts are reported in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2020. Under this agreement, New York Life assumed the obligation to pay future pension benefits for the covered participants starting January 1, 2021. Additionally, in June 2021, the Consolidated Union Plan received a refund of \$1,200,874 from New York Life related to the annuity contract purchase.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plans and the Plans' accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2021, which is the date the financial statements were available to be issued.

Subsequent to year end, the Plans entered into an agreement to purchase an annuity buy-in contract. Management believes there is no significant effect of the contract on the Plans' financial statements.

Note 3 - Unaudited Information

Northern Trust holds the Master Trust investments and executes all related investment transactions. The Master Trust investment balances and related income and losses included in the accompanying financial statements, including Master Trust information, are based solely on information certified by Northern Trust.

Fidelity Management Trust Company (Fidelity) held the assets of the LHUSPP Plan that were outside of the Master Trust, other than the unallocated contract, and executed all related investment transactions for the year ended December 31, 2018. During 2019, the assets held by Fidelity were transferred to the Master Trust. The investment results included in the accompanying financial statements other than the Master Trust investments and the unallocated contract, are based solely on information certified by Fidelity.

The LHUSPP Plan's investments in the unallocated contract totaling \$95,965 and \$97,992 at December 31, 2020 and 2019, respectively, and related investment income of \$4,905 and \$6,080 for the years ended December 31, 2020 and 2019, respectively, were not certified by Fidelity or Northern Trust.

Note 4 - Securities Lending

The Master Trust entered into a securities lending program with Northern Trust in 2020. This program allows Northern Trust to loan securities, which are assets of the Master Trust, to approved brokers (the "Borrowers"). Northern Trust requires the Borrowers, pursuant to a security loan agreement, to deliver collateral to secure each loan either in the form of cash or other securities. In the event of default by the Borrowers, Northern Trust shall indemnify the Master Trust by purchasing replacement securities equal to the number of unreturned loaned securities or, if replacement securities are not able to be purchased, Northern Trust shall credit the Master Trust for the fair market value of the loaned securities. In each case, Northern Trust would apply the proceeds from the collateral for such loans to make the Master Trust whole. The Master Trust had investment income of approximately \$81,000 from securities lending for the year ended December 31, 2020.

The cash collateral received pursuant to securities lending transactions is reflected as a liability on the statements of net assets available for benefits as of December 31, 2020. To the extent that a loan of securities is secured by cash collateral, such collateral is invested in a short-term investment fund managed by Northern Trust. The Master Trust bears the risk of loss (reward of gain) with respect to unfavorable (favorable) changes in the fair value of the invested collateral. If applicable, this difference in value of the investments purchased with the cash collateral received and the amount due to the Borrowers upon return of securities on loan is recorded as an unrealized gain (loss).

Although the Master Trust's securities lending activities are collateralized as described above, and although the terms of the securities lending agreement with the custodial bank require the bank to comply with government rules and regulations related to the lending of securities held by ERISA plans, the securities lending program involves both market and credit risk. In this context, market risk refers to the possibility that the borrower of securities will be unable to collateralize the loan upon a sudden material change in the fair value of the loaned securities or the collateral, or that the bank's investment of collateral received from the borrowers of the Master Trust's securities may be subject to unfavorable market fluctuations. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of their contracts.

Note 4 - Securities Lending (Continued)

The market value of securities on loan as of December 31, 2020 is shown in the following table by security type:

	Market Value of Loaned Securities
U.S. agencies	\$ 797,917
Fixed-income corporate securities	5,209,891
Fixed-income governmental securities	155,535,344
Total	<u>\$ 161,543,152</u>

The total value of the cash and noncash collateral received by the Master Trust at December 31, 2020 was \$160,284,863 and \$4,193,320, respectively. The noncash collateral is excluded from the net assets of the Master Trust as of December 31, 2020, as it is not permitted to be sold or repledged.

Note 5 - Investments

With the exception of the unallocated contract held by the LHUSPP Plan, the Plans' investments are in the Master Trust, which was established for the investment of assets of the Plans. The fair value of the Plans' interest in the Master Trust represents each plan's allocated portion. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

At December 31, 2020 and 2019, the Plans' respective interests in the Master Trust were as follows:

	2020	2019
LHUSPP	93.2 %	80.6 %
Steelworkers	-	5.1
Consolidated Union Plan	6.8	1.8
Cement-Boilermakers	-	4.4
Multi-Plant	-	2.6
Presque Isle	-	3.4
Aggregates and Concrete	-	2.1
Total	<u>100.0 %</u>	<u>100.0 %</u>

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Notes to Modified Cash Basis Financial Statements

December 31, 2020 and 2019

Note 5 - Investments (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Common/Collective Trust Funds

The common/collective trust funds are valued at net asset value (NAV) per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets.

Unallocated Contract

The unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Because the investment is valued at contract value as opposed to fair value, it has been excluded from the fair value disclosures below.

Real Estate Investment Trust

The investment in the real estate investment trust is valued at net asset value per share (or its equivalent) based on audited financial statements.

Interest-bearing Cash

The fair value of these investments is based on their outstanding balances.

Fixed-income Securities

The government securities and corporate fixed-income securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures.

Limited Partnerships

The investment in the limited partnerships is valued at net asset value per share (or its equivalent) of the fund based on audited financial statements of the funds, where available, with adjustments to account for partnership activity and other applicable valuation adjustments.

Investments in Entities that Calculate Net Asset Value per Share

The Master Trust holds shares or interests in investment companies at year end where the fair value of the investment held is estimated based on the net asset value per share (or its equivalent) of the investment company.

The unfunded commitments and redemption restrictions for investments at December 31, 2020 and 2019 are as follows:

- Common/collective trust fund investments with a fair value of \$38,436,305 and \$35,000,000 at December 31, 2020 and 2019, respectively, are restricted to investors withdrawing all or a portion of their units only twice each calendar month on each semimonthly valuation date. An investor will be permitted to withdraw units on a semimonthly valuation date upon at least 30 days' prior written notice to the fund. There are no restrictions on the remaining common/collective trust fund investments. There were no unfunded commitments for any common/collective trust funds.

- The limited partnership investment with American Strategic Realty with a fair value of \$1,371,304 and \$500,000 at December 31, 2020 and 2019, respectively, had unfunded commitments of \$8,640,000 and \$9,500,000 at December 31, 2020 and 2019, respectively. Requests for redemption of shares may be made at any time after the redemption lockout period with 30 days' notification by submitting a redemption notice form signed by a representative of the investor and are effective at the end of the calendar quarter in which the request is received. The redemption lockout period will be a period of one year from the date the investor's shares were issued. The shares that are subject to a redemption notice may be redeemed in full or in installments on a pro rata basis as funds become available for such purpose, and the redemption price will be the value per share based on the investment manager's estimate of the fair value of the investment fund's net assets as computed under generally accepted accounting principles at such time that each payment is made. Redemptions are subject to the availability of cash flow arising from investing transactions, sales, and other fund operations occurring in the normal course of business.
- The limited partnership investment with Barings Real Estate Property Fund had a fair value of \$39,324,291 at December 31, 2020 and no unfunded commitments. Requests for redemption of shares may be made quarterly with 60 days' written notice prior to the last business day of the quarter. Note 6 - Tax Status

The Plans have each received a determination letter from the Internal Revenue Service indicating that the Plans, as designed, are qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC) with the exception of the Steelworkers Plan. The Steelworkers Plan does not have a determination letter; however, the seven supplements that make up the plan (Great Lakes, Grove, Marblehead Stone, Newcem, Oswego, Ravena, and Whitehall) have all received determination letters. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 7 - Plan Termination

Although it has expressed no intent to do so, the Company has the right under each plan to terminate any of the Plans subject to the provisions set forth in ERISA. Should any of the Plans terminate at some future time, the plan's net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 8 - Nonexempt Transactions

During 2017, the LafargeHolcim US Pension Plan made an inadvertent loan to the Company. The inadvertent loan was repaid in 2018, and the Company paid lost earnings in 2019.

Note 9 - Plan Mergers

Effective December 31, 2020, the following five plans merged and combined with the LafargeHolcim US Pension Plan for Blue Circle Heritage Hourly Compensated Employees (Cement), which was then renamed to LafargeHolcim US Consolidated Union Pension Plan:

- LafargeHolcim US Hourly Pension Plan (Steelworkers)
- LafargeHolcim US Hourly Pension Plan (Cement-Boilermakers)
- LafargeHolcim US Pension Plan for Hourly Compensated Employees (Multi-Plant)
- LafargeHolcim US Pension Plan for Hourly Compensated Employees (Presque Isle)
- LafargeHolcim US Pension Plan for Hourly Compensated Employees (Aggregates and Concrete)

Accordingly, all participants, assets, and related accumulated plan benefits of the Plans were transferred to the LafargeHolcim US Consolidated Union Pension Plan in 2020. The asset transfers are reported in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2020. The accumulated plan benefits at December 31, 2019 do not reflect the impact of the plan mergers.

Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 75% of males and 75% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$230,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2018 Plan Year	6.50%, limited to 6.29%
2019 Plan Year	6.50%, limited to 6.11%
2020 Plan Year	5.25%
Trust Expenses Included in Target Normal Cost	Expenses are assumed to be equal to the prior year's actual administrative expenses paid from the trust (excluding PBGC premiums), plus expected PBGC premiums for the current year, rounded to the nearest \$1,000.
Actuarial Method	Standard unit credit cost method
Valuation Date	January 1, 2020

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. By default, this stabilization would have applied starting with the 2020 plan year. On September 24, 2021 Holcim Participations (US) Inc. made an explicit election not to apply the ARPA interest rate stabilization (for any purposes) to the LafargeHolcim US Pension Plan for Hourly Compensated Employees (Aggregates and Concrete) for the 2020 plan year. Therefore, this Schedule SB reflects stabilized 2020 minimum funding interest rates without regard to ARPA.
