1. Description of the Plan

Picarro, Inc. (the Company) established the Picarro, Inc. 401(k) Plan (the Plan), effective January 1, 1999, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan was last amended and restated in August 2015 and was last amended June 2020.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by Company employees. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and record keeper. Fidelity holds, invests and reinvests Plan assets in the interest and direction of the participants and their beneficiaries. The Company has engaged Pensionmark Financial Group, LLC (Pensionmark), as an investment advisor. Pensionmark assists the Company in selecting investment options offered under the Plan and monitoring investment performance.

Eligible Participants:

Eligible employees, as defined by the Plan, age 21 or older may participate in the Plan on the first day of the month coinciding with or following their date of hire.

Contributions:

Participants are permitted to make voluntary salary deferral contributions up to 75% of their annual compensation, as defined in the Plan. Participants who have reached the age of 50 may also elect to withhold additional catch-up contributions under the Code. The Plan also allows participants to make after-tax contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Company may make discretionary non-elective or matching contributions, as determined by the Company's Board of Directors. No Company contributions have been made to the Plan through December 31, 2020.

Contributions are subject to certain limitations under the Code.

1. Description of the Plan (continued)

Participant Accounts:

Participant accounts are credited with participant pre-tax salary deferral and post-tax contributions, Company contributions, if any, rollovers and an allocation of the Plan's net earnings or losses. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings (less any losses) thereon. Vesting in Company discretionary contributions, if any, is based on years of service. A participant would vest in Company contributions at the rate of 20% after two years of service and becomes fully vested after six years or upon retirement, disability or death.

Forfeitures:

The non-vested portion of a terminated participant's account balance if any, would be forfeited upon distribution of the vested account balance. Forfeitures are retained in the Plan and could be first be used to pay Plan administrative expenses, after which any remaining amounts could be used to reduce Company contributions. There have been no Company contributions, and therefore, no forfeitures through December 31, 2020.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance up to $50,000 for a period not to exceed five years, except for notes used to purchase a primary residence for which terms of up to thirty years are permitted. Participant notes are evidenced by a written note, secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator under the Plan's note policy. Interest rates on notes outstanding as of December 31, 2020 range from 4.25% to 6.50%. Repayment of principal and interest is generally made through payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits:

On termination of service for any reason, benefits are paid upon request in a lump-sum cash distribution equal to the value of the participant's account balance. The Plan may elect to distribute a terminated participant's account balance without participant consent if the balance is $5,000 or less. Any account balance greater than $1,000 distributed to a participant without participant consent and before the participant's normal retirement age, as defined by the Plan, will be automatically rolled over to an individual retirement account.

In April 2020, the Plan implemented certain provisions under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), allowing eligible participants to take COVID-19 related distributions. Through December 30, 2020, qualified participants were permitted to take a CARES Act distribution of up to $100,000 due to adverse financial consequences experienced from the COVID-19 pandemic. The Plan also waived its requirement for minimum required distributions to be made in 2020.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. Advisory services, as well as certain investment, account maintenance and note fees may be by the Plan and charged to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in these financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus continues to materially and adversely impact global commercial activity and contribute to volatility in financial markets. The outbreak is having, and will likely continue to have, a material adverse impact on economic and market conditions for the foreseeable future. This potential impact presents uncertainty and risk with respect to the Plan, its future performance, and its future financial results.

1. Description of the Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a plan termination, participants will remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of mutual funds, a money market fund and a common/collective trust. These investments are reported at fair value and accounted for as follows:

> Mutual Funds and Money Market Fund: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted prices on active markets. It is not probable that the funds will be sold at amounts that differ materially from the NAV of shares held.

2. Summary of Significant Accounting Policies (continued)

Investments (continued)

Common/Collective Trust (CCT): The Plan invests in the Morley Stable Value Fund Class 50 – I (the MSVF), a CCT, comprised primarily of fully benefit-responsive investment contracts valued based on the NAV provided by Fidelity. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities, which represents contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The MSVF offers low-risk and competitive yields and guarantees a return in principal and accumulated interest that is directly proportionate to the investor's capital preservation objective. The MSVF seeks to achieve this objective by investing primarily in a variety of high-quality stable value investment contracts (the performance of which may be predicted on underlying fixed income securities), as well as cash and cash equivalents. The MSVF can be redeemed daily by participants subject to limitations on noncompeting options. Were the Plan to initiate a full redemption of the MSVF, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that security liquidations will be carried out in an orderly business manner.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement (continued)

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The Plan's investments in mutual funds and the money market fund valued at fair value are classified as Level I within the fair value hierarchy.

In accordance with GAAP, the Plan's investment in the MSVF is measured at fair value using the NAV value per share as a practical expedient, and, therefore, it is not classified within the fair value hierarchy.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold or held during the year.

3. Information Prepared and Certified by Fidelity

Fidelity, as the Plan's trustee, has certified the current value of the following assets held at December 31, 2020 and 2019, and the net income for the year ended December 31, 2020 that were used in the preparation of the accompanying financial statements and supplemental schedule.

	December 31, 2020	December 31, 2019
Investments, at fair value	$ 14,484,409	$ 11,256,340
Investment, at contract value	407,311	329,958
Notes receivable from participants	155,055	224,202
Total certified assets	$ 15,046,775	$ 11,810,500
Certified net income for the year ended December 31, 2020:	$ 2,426,359	

4. Party-In-Interest Transactions

Certain of the Plan's investments are offered by Fidelity, the Plan's trustee. Purchases and sales of these investments qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

5. Income Tax Status

The Plan is a prototype plan offered by Fidelity. The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated March 31, 2014, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since receipt of the letter. However, the Plan and the Plan sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2020, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

6. Subsequent Events

Subsequent events have been evaluated through October 5, 2021, which is the date the financial statements were approved by the Plan administrator and available to be issued.
