Signature 4/Forty Nine Degrees/Visionary Partners Ltd 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Signature 4/Forty Nine Degrees/Visionary Partners Ltd 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering all employees of Signature Partners, Inc. and subsidiaries (“the Company”) who have completed three months of service and are age twenty-one years or older. The Plan was adopted on January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the plan was amended and restated for the merger of a subsidiary plan into the parent company plan. As a result, assets from the subsidiary plan were transferred into the plan during the year ended December 31, 2020.

Contributions

Participants may contribute up to the maximum limit of their compensation, as defined in the Plan, on a pre- or after-tax basis through payroll deductions as permitted by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Company made a Safe Harbor matching contribution equal to 100% of participant deferrals that do not exceed 3% of participant’s compensation plus 50% of salary deferrals in excess of 3% but not in excess of 5% of participant’s compensation. The company may elect to make a discretionary nonelective contribution and a discretionary additional matching contribution. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with (a) contributions and (b) an allocation of Plan earnings and losses and charged with any Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Investment Options

Upon enrollment in the Plan, participants may direct their contributions in various investment options. Participants may change their investment options daily. Employer contributions follow the same investment options elected. The investment options are diversified in conformity with the ERISA diversification requirement.

Notes Receivable from Participants

Notes receivable from participants were transferred into the Plan from a subsidiary plan upon the merger noted above. These notes will be administered according to the terms of the relevant loan documentation. Otherwise, the Plan does not allow for loans and no new loans will be allowed to be taken.

Vesting

Participants are immediately 100% vested in their participant and rollover accounts plus earnings thereon and in their employer qualified non-elective contribution and safe harbor matching contribution accounts.

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan (Continued)

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his or her account, including earnings. The benefit will be paid in a lump-sum amount, or partial withdrawals in amounts necessary to satisfy the required minimum distribution rules of the Code. If the benefit is less than \$1,000, a participant may automatically receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship and in-service distributions are permitted if certain criteria are met.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make certain estimates and assumptions that could affect reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

The Plan presents in the Statement of Changes in Net Assets Available for Benefits net investment gain, which consists of realized gains and losses, and unrealized appreciation and depreciation on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Expenses

All expenses of administration may be paid out of the Plan. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Employer paid a portion of the administrative expenses for the year ended December 31, 2020.

Payment of Benefits

Benefits are recorded when paid.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their employer contributions.

4. Tax Status

The Plan has adopted a volume submitter plan from its administrator, which received an advisory letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Certified Investments

Certain information disclosed in the accompanying financial statements, including investments held at December 31, 2020 and net gain (loss) in fair value of investments, interest and dividends for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust Company (the Trustee of the Plan).

6. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other meansIf the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs that are unobservable inputs for the asset or liability.

7. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust (stable value fund): Valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the reported net asset value. Transactions may occur daily. There are no unfunded commitments or significant redemption restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 10,743,189</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$ 10,743,189
Investments measured at net asset value				<u>642,926</u>
Total investments at fair value				<u>\$ 11,386,115</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 6,933,298</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$ 6,933,298
Investments measured at net asset value				<u>0</u>
Total investments at fair value				<u>\$ 6,933,298</u>

8. Party-In-Interest Transactions

Certain Plan investments are funds managed by American Capital. Capital Bank and Trust Company is the Trustee of the Plan and, therefore, these transactions qualified as party-in-interest transactions. The Plan has a number of other service providers. Such parties are parties-in-interest under ERISA.

9. COVID-19 Outbreak

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Company's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Company is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

The Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participant to take up to a \$100,000 COVID-19 related distribution from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

10. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 11, 2021 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
