NOTE A - DESCRIPTION OF THE PLAN

The following description of the Forrest Machining, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1999, Forrest Machining, Inc. (the "Employer") established the Plan as a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC), subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

An employee is eligible to make deferral contributions to the Plan upon completion of one year of service and attainment of age 21, subject to quarterly entry dates. Employees who have attained age 21 are eligible for discretionary Employer contributions upon completion of one year of service during which at least 1,000 hours are worked, if employed on the last day of the plan year. Employees who are non-resident aliens, leased employees, or independent contractors are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis and/or make Roth contributions up to 100% of their eligible compensation not to exceed the maximum deferral limit per Section 402(g)(1) of the IRC. Additional "catch-up" contributions may be made beginning in the plan year in which a participant will be at least age 50 by the end of the plan year.

For the year ended December 31, 2020, the Employer made safe harbor matching contributions equal to 100% of deferrals (including Roth contributions) up to 3% of compensation plus 50% of deferrals in excess of 3% of compensation, not to exceed 5% of compensation.

In addition, the Employer may make discretionary matching, qualified non-elective and profit sharing contributions to the Plan. There were no Employer discretionary matching, qualified non-elective or profit sharing contributions during the year ended December 31, 2020.

4. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options offered by John Hancock Life Insurance Company (USA) ("John Hancock"). Participants may change their investment options daily.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

Each participant's account is credited with the participant's contribution, Employer safe harbor matching contributions, Employer discretionary matching contributions, and allocations of Employer profit sharing contributions, qualified non-elective contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance (not to exceed $50,000, less the highest outstanding loan balance during the prior twelve month period). All loans shall bear interest at a rate equivalent to the prime rate plus 2%. Loans must be paid back within five years of the date of issuance in accordance with terms established by the plan administrator. Loans for the purchase of a principal residence may be paid back over a longer period of time, as determined by the Plan administrator, but not to exceed thirty years. Loans are due and payable upon the participant's termination of employment with the Employer. Participants may only have one loan outstanding at any given time.

7. Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses of the Plan and any remaining forfeitures shall be used to reduce the Employer contributions for the plan year following the plan year in which the forfeitures occur. Forfeitures available as of December 31, 2020 and 2019 were not significant.

8. Vesting

Employee contributions, employee rollovers, Employer safe harbor matching contributions, Employer qualified non-elective contributions, and actual earnings thereon are fully vested at all times. Vesting of discretionary Employer matching contributions and Employer profit sharing contributions and actual earnings thereon, is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Benefit Payments

Upon termination of employment with the Employer, a participant will automatically receive a lump sum disbursement if his or her vested account balance is $5,000 or less. If the vested account balance is greater than $5,000, the participant may elect to receive a lump sum disbursement at any date subsequent to termination. In the event of death, attainment of normal retirement age, or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account. In-service and hardship distributions are permitted if certain criteria are met.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right, at any time, to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their discretionary Employer matching and profit sharing contributions and the assets of the Plan would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019, and was adopted by the Plan on January 1, 2020. The adoption of ASU 2018-13 had no impact on the financial statements.

3. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Administrative Expenses

For the year ended December 31, 2020, administrative expenses incurred by John Hancock have been paid directly out of plan assets. Audit fees and third party administration fees are paid directly by the Employer as a benefit to the employees. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

5. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

6. Payment of Benefits

Benefits are recorded when paid.

7. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note D for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, the custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020
- Investments and notes receivable from participants reflected on the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts (except the John Hancock Stable Value Fund): The net asset value ("NAV") of these accounts is based on the market value of its underlying investments. The NAV is not a publicly quoted price in an active market.

John Hancock Stable Value Fund pooled separate account: Included in pooled separate accounts is the John Hancock Stable Value Fund which invests in the John Hancock Stable Value Fund Collective Investment Trust (the "Trust"). The Trust invests primarily in fully benefit-responsive investment contracts and is valued at the NAV of participation units in the Trust. The NAV is based on the market value of the underlying investments. The John Hancock Stable Value Fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				6,364,906
Investments at fair value				$ 6,364,906

Assets at Fair Value as of December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				5,557,953
Investments at fair value				$ 5,557,953

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. Participant-directed transfers to other investment options are generally limited to two per calendar month.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 6,364,906	None	Daily[(b)]	None[(b)]

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 5,557,953	None	Daily[(b)]	None[(b)]

(b) Although participant transactions may generally occur daily, participant withdrawals from the John Hancock Stable Value Fund pooled separate account may be subject to a delay of up to 7 or 30 additional calendar days if it is determined that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, the fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a market value adjustment, or without a market value adjustment effected no later than 12 months. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs, additional investment options are established that constitute a competing fund, or other events within the control of the plan sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by John Hancock, the custodian and record keeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. Exemptions exist for these party-in-interest transactions.

NOTE F - TAX STATUS

The Employer adopted a volume submitter profit sharing plan ("volume submitter plan") which received its latest favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the most recent opinion letter. However, the plan administrator and the Plan's advisor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. In December 2020, the U.S. Food and Drug Administration approved the distribution of COVID-19 vaccines that, once widely adopted and utilized, may materially reduce the impact of COVID-19 going forward, although the impact of the virus including certain new strains remain uncertain. The impact, scope and duration of any new strains of the virus, and the ability to successfully distribute the vaccines, remain largely unknown. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the full impact of the COVID-19 outbreak that will be recognized in subsequent periods cannot be determined at this time.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 21, 2021, the date the financial statements were available to be issued.
