Report on the Financial Statements

We were engaged to audit the accompanying financial statements of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the "Custodian" of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, December 31, 2020 is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of the Plan

D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan (the "Plan") is a defined contribution plan covering eligible employees of D.A. Schoggin, Inc. dba Techlight (the "Plan Sponsor" or the "Plan administrator"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit-sharing plan covering substantially all employees of the Plan Sponsor who have completed one year of service and are at least 21 years of age. Certain classes of employees as defined by the Plan are excluded from participating in the Plan. The Plan became effective January 1, 1998 and was amended and restated as of January 1, 2015. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which contains several provisions that temporarily impact qualified plans. Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt all of the provisions of the CARES Act. The following are the major provisions of the CARES Act affecting the Plan:

- For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or $100,000.

- Required minimum distributions are suspended in 2020.

- Loan repayments during the period March 27, 2020 through December 31, 2020 may be suspended for a 12-month period for qualified individuals with outstanding loans. The term of the loan will be extended by one year to accommodate the suspension period. Subsequent repayments will be adjusted to include accrued interest during the delay period.

Participant Contributions – Each year, participants may contribute up to 100% of their eligible compensation subject to certain Internal Revenue Code (the "IRC") limitations or the maximum amount allowed by law ($19,500 for 2020) of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. This Plan also allows for catch-up contributions for participants at least 50 years of age, ($6,500 for 2020) of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions – The Plan Sponsor will make a safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 5% of the participant's eligible earnings, as defined in the plan document. Additionally, the Plan allows the Plan Sponsor to make non-safe harbor matching, qualified non-elective, and profit-sharing contributions, although the Plan Sponsor is not required to do so. No non-safe harbor matching, qualified non-elective, or profit-sharing contributions were made by the Plan Sponsor during 2020. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. All notes must be repaid within a specified period of time, not to exceed 60 months, except those that are used for the purchase of a principal residence in which case the note can be extended for 20 years. Principal and interest is paid ratably through monthly payroll deductions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon, as well as the safe harbor matching contributions and the qualified non-elective contribution made by the Plan Sponsor.

Vesting in the Plan Sponsor's discretionary non-safe harbor matching and profit-sharing contributions is based on a participant's years of vesting service. A participant is 100% vested after six years of credited service as summarized as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 years or more	100%

Payment of Benefits – Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, (4) financial hardship, or (5) disability. Benefits are payable as lump sums or rollover distributions.

Terminating employees with vested account balances (including rollovers) below $1,000 will automatically be paid out.

If the participant is terminated and the vested balance exceeds $1,000, but is less than $5,000, the Plan Sponsor will direct the balance to be paid. If the participant has not provided distribution instructions, the balance will be distributed to an individual retirement account established in the participant's name.

If the participant's vested account balance exceeds $5,000, the participant's benefits will not be distributed until the participant requests payment from the Plan administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 72 or terminates employment, whichever is later.

Note 1—Description of the Plan (continued)

Distributions During Employment – As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan allows for in-service withdrawals at age 59½ and for certain immediate and heavy financial needs (hardship) as defined by the Plan document. The following are the only financial needs considered immediate and heavy:

- Medical expenses,
- Purchase of a principal residence,
- Amounts to prevent the eviction from or foreclosure on the participant's principal residence,
- Post-secondary education for participant or their dependents,
- Payments for burial or funeral expenses for a participant's parent, spouse, children, or other dependents or
- Expenses for repair to primary residence which qualify for the casualty deduction under the IRC.

Withdrawals in such circumstances are only allowed if all other withdrawals or loans available to the participant have been taken.

Forfeited Accounts – At December 31, 2020 and 2019, there were no forfeited non-vested accounts. Forfeited accounts may be used to reduce future Plan administrative expenses and employer contributions. In 2020, no forfeited non-vested account balances were utilized to reduce Plan employer contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

As a result of the spread of the coronavirus ("COVID-19"), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Income Recognition – The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 2—Summary of significant accounting policies (continued)

Investment Valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Benefit responsive investment contracts are presented at contract value (which represent contributions made under the contract, plus interest less withdrawals and administration expenses). While, the stable value collective trust fund itself is considered to be fully benefit-responsive, the overall group annuity contract under which all Plan investments are made, is not considered to be fully benefit-responsive. Accordingly, the stable value collective trust fund is carried at fair value on the statement of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. For the year ended December 31, 2020, $6,611 was recorded as interest income on notes receivable from participants.

Payment of Benefits – Benefits paid to the participants are recorded when paid.

Administrative Expenses – Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in the net appreciation or net depreciation of the fair value of investments.

Income Tax – U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan has not taken any uncertain tax positions as of December 31, 2020 and 2019. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events – The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

Note 3—Information certified by the Custodian (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the "Custodian" of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits, as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Note 4—Fair value measurements (continued)

The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") per share, as determined by the Custodian, as a practical expedient to estimate fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quotes prices of securities with similar characteristics.

Common / Collective Trust – The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes NAV provided by the Custodian as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There have been no changes in the methodologies used as of December 31, 2020. The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. As all fair values were determined using NAV as a practical expedient, which are not classified in the fair value hierarchy, no such hierarchy table is presented.

The following tables set forth additional disclosures of the Plan's investments, whose fair value is estimated using net asset value per share (or its equivalent) as of December 31:

	2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common / collective trusts [a]	$ 130,741	$ -	Daily	None
Pooled separate accounts [b]	3,454,666	-	Daily	None
Investments at fair value	$ 3,585,407	$ -		

	2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common / collective trusts [a]	$ 117,650	$ -	Daily	None
Pooled separate accounts [b]	3,798,264	-	Daily	None
Investments at fair value	$ 3,915,914	$ -		

[a] This common collective trust (CCT) invests in the John Hancock Stable Value Fund Collective Investment Trust, the objective of which is capital preservation.

[b] These pooled separate accounts (PSAs) invest mainly in domestic stocks and international stocks, although some invest in single mutual funds or fixed securities, the objective of which is to provide the Plan's participants with an appropriate mix of investment opportunities with various risk and returns profiles.

Note 5—Party-in-interest transactions

Certain Plan investments are shares of units of common collective trusts or separate accounts managed by the Custodian of the Plan's assets. Accordingly, these transactions qualify as exempt party-in-interest transactions. Certain members of the Company's management perform administrative and fiduciary duties for the Plan that qualify them as parties-in-interest and/or related parties of the Plan. Transactions between such members of management and the Plan were routine in nature and conducted pursuant to the Plan' provisions as of and during the year ended December 31, 2020. Notes receivable from participants also qualify as party-in-interest transactions but are exempt from the prohibited transaction rules.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 7—Tax status

The Plan has adopted a volume submitter profit sharing plan which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the prototype plan has been amended since receiving the opinion letter. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2020. The Plan Sponsor believes the Plan has no income subject to unrelated business income tax.

To the Plan Administrator
D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan
Dallas, Texas

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan (the "Plan") as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor ("DOL") limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We made the following observations which are not necessarily indicative of significant deficiencies but may present certain undue risks to the Plan:

During our testing of participant eligibility, we noted several instances of noncompliance with the Plan document with respect to eligibility requirements. Specifically, we noted employees who had not attained age 21, but were allowed to make contributions to the Plan during the year. We recommend procedures be put in place to ensure only employees who meet the eligibility criteria per the Plan document are allowed to participate in the Plan. Additionally, we recommend that you contact John Hancock Life Insurance Company (U.S.A.) regarding this issue and take the appropriate corrective actions, which may include distributions of previously contributed amounts back to the affected individuals.

During our testing of participant eligibility, we noted an instance where management was unable to provide support evidencing the participant declined to participate in the Plan upon becoming eligible. We recommend procedures be put in place to ensure all internal processes related to records collection and retention are being adhered to and complied with.

This communication is intended solely for the information and use of the Plan Administrator and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

To the Plan Administrator
D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan
Dallas, Texas

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of D.A. Schoggin, Inc. dba Techlight 401(k) P/S Retirement Plan (the "Plan") for the year ended December 31, 2020, and we have issued our report thereon dated October 11, 2021. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and will not, express an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by John Hancock Life Insurance Company (U.S.A.), the "Custodian", in accordance with auditing standard generally accepted in the United States of America and found them to be presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 5, 2021. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020 . We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's assessment for each of the Plan's investment input levels and fair values under Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. ASC 820 requires that the Plan assess and disclose in the financial statements the level of input for each Plan investment. We evaluated the key factors and assumptions used to make your assessments for each Plan investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

1) The disclosure of the measurement of fair value for each investment held by the Plan as of December 31, 2020. The Plan followed the guidance of ASC 820, which requires that the Plan disclose how it determined the fair value of its investments by three levels of inputs. The three levels of inputs are: 1) quoted prices in active markets, 2) significant observable inputs, and 3) significant unobservable inputs.

2) The information summarized in Note 3 regarding information certified to by the Plan Custodian which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule, Schedule of Assets (Held at End of Year).

3) Party-in-interest transactions described in Note 5, which describes the relationship between the Plan and the Custodian.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We wanted to inform you of a recently issued American Institute of Certified Public Accountants Statement on Auditing Standards 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* ("SAS 136"). SAS 136 prescribes certain new performance requirements for ERISA plan financial statement audits and changes the form and content of the related auditor's report. It includes new requirements in all phases of an audit of ERISA plan financial statements including engagement acceptance, risk assessment and response, communication with those charged with governance, performance procedures, and reporting. SAS 136 will be effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2021. We do not expect this to have a significant impact on Plan administration.

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
