INDEPENDENT AUDITOR'S REPORT

To the Plan Administration of the
Pacific Paper Tube, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pacific Paper Tube, Inc. 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN

The following description of the Pacific Paper Tube, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan sponsored by Pacific Paper Tube, Inc. (the "Company"). The Plan was established in January 1996, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and provides for participant-directed fund options.

Plan Administration. The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Recordkeeping services are provided by ADP Retirement Services ("ADP") while a third-party has been contracted to assist with certain administrative responsibilities. Custodian and trustee responsibilities have been contracted with Reliance Trust Company ("Reliance Trust").

Participation. All employees who are both at least age 21 and have completed 12 consecutive months of service in which they have also provided at least 1,000 hours of service are eligible to participate in the Plan beginning on the first day of the following month after having met both criteria.

Participant Accounts. Each participant's account is credited with the participant's contributions and matching contributions from the Company and allocations of (a) the Company's non-elective contributions (if any) and, (b) Plan earnings less an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Contributions. Each year, participants may contribute a minimum of 1% of compensation and a maximum of 50% of their eligible pre-tax and Roth after-tax compensation, as defined in the Plan Document, but not to exceed annual contribution amounts as defined in the Internal Revenue Code ("IRC"). Participants who are at least age 50 before December 31, 2020 may defer an additional $6,500 to the Plan.

Participants may also make rollover contributions of amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions. Pacific Paper Tube, Inc. 401(k) Retirement Plan is referred to as a "safe harbor 401(k) plan". The Company makes a safe harbor matching contribution equal to 100% of the participant's elective deferrals that do not exceed 4% of participant's compensation. This safe harbor matching contribution is fully vested and is referred to as an Enhanced Matching Contribution. For purposes of calculating the safe harbor matching contribution, participant's deferrals are determined on a payroll period basis and a true-up may be calculated at year end. In addition, the Company may decide to make a non-elective contribution. A non-elective contribution is discretionary, with the amount to be determined by the Company each year. Any profit-sharing contribution will be "allocated" among participants eligible to share in the contribution and is determined by a percentage of participant's compensation to total compensation of all eligible participants. No non-elective contributions have been made to the Plan as of December 31, 2020.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting. Participants are 100% vested in their elective deferral, safe harbor matching, and rollover contribution accounts, plus actual earnings thereon. For both non-safe harbor matching and non-elective contributions made by the Company, participants vest 20% after two years of eligible service and are fully vested after six years of service.

Any participant who terminates because of death, disability, or normal retirement age as defined in the Plan becomes immediately 100% vested in their total account balance.

Notes Receivable from Participants. Participants may borrow no less than $500 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within 5 years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer than 5 years but no more than 30 years. Participant loans are secured by the respective participant's vested interest in their account balance. Participant loans bear interest at a reasonable rate of interest as determined at the time the loan is issued.

Principal and interest is generally paid ratably through payroll deductions with payments made at least quarterly. Outstanding participant loans at December 31, 2020 bear annual interest rates between 5.25% and 7.5%.

Payment of Benefits. Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. If a participant's vested account balance is equal to or less than $1,000, the balance is distributed immediately as a lump-sum payment. Unless elected otherwise by participants, vested account balances between $1,000 and $5,000 will be rolled over to an individual retirement account designated by the Company.

For vested account balances greater than $5,000, participants may elect to receive a distribution of their vested account balance as either a lump-sum distribution, a direct rollover into another qualified plan, installment payments not longer than life expectancy or to postpone payment to a later time. Distributions to former participants must commence no later than April 1st following the close of the plan year in which the participant attains age 70 ½ and has retired. Participants who own 5% or more of the Company must begin taking distributions during the year in which the participant attains age 70 ½ regardless of the participants' retirement status.

New Implementations. The provisions of the CARES Act were implemented during 2020. The Act makes available special distribution and loan provisions for qualified individuals. A qualified individual is an individual who: is diagnosed with COVID-19; who spouse or dependent is diagnosed with COVID-19; or experiences adverse financial consequences as a result of COVID-19.

A Coronavirus Related Distribution (CRD) of up to $100,000 (or the participant’s vested account balance, if less) can be made between January 1 and December 31, 2020 to a participant who is a qualified individual. The 10% early withdrawal penalty and 20% mandatory withholding provisions do not apply. The CRD is includable in the participant’s income ratably over a three-year period unless the participant elects otherwise. The participant may also elect to repay the CRD amount to the Plan at any time during the three-year period after the date the CRD was made.

A qualified individual may request a loan up to the lesser of $100,000 or 100% of the participant’s vested balance; however, the $100,000 maximum must be reduced by the difference between the highest balance of all loans a participant had outstanding during the 12-month period prior to the date the new loan is made, and the outstanding balance of plan loans on the date the loan is made. The Act also allows participants with outstanding loans to suspend any loan payments due during the balance of 2020. Loan repayments will restart beginning in 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. All investments, other than participant loans, are carried at fair value. Participant loans are carried at the original amount of the loan less repayments received. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses and Fees. Administrative expenses for the Plan are paid by both the Company and the Plan and investment fees, which may vary according to individual funds selected, are paid out of the assets of the Plan.

Payment of Benefits. Benefit payments to participants are recorded upon distribution.

Date of Managements Review. Management has evaluated subsequent events and transactions that occurred after the balance sheet date up to October 11, 2021, the date that the financial statements were available to be issued.

3. PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company, the Plan's trustee, and Automatic Data Processing, Inc., the Plan's third-party administrator, are parties-in-interest according to Section 3(14) of ERISA. There are no transactions occurring between the Plan and these parties other than those specifically allowed such as investment transactions with investments managed by Reliance Trust Company and Automatic Data Processing, Inc.

4. INFORMATION CERTIFIED BY TRUSTEE

As of December 31, 2020 and 2019, the Plan's investments were held by the Plan's trustee, Reliance Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate.

	2020	2019
Mutual funds	$ 2,920,454	$ 3,031,099
Common/collective trusts	1,295,379	621,990
Notes receivable from participants	98,192	123,288
	$ 4,314,025	$ 3,776,377

The trustee also certified to the completeness and accuracy of $120,170 of dividend income, $7,203 of interest income on notes receivable from participants, $204,175 of net appreciation in the fair value of registered investment companies, and $18,539 of net appreciation in the fair value of common/collective trusts (including gains and losses on investments bought and sold) for the year ended December 31, 2020.

5. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. TAX STATUS

The Plan has adopted the Automatic Data Processing ("ADP") Prototype 401(k) and Profit-Sharing Plan-Base Plan Document No. 05. The Internal Revenue Service ("IRS") has informed ADP by a letter dated July 8, 2014, that its prototype plan is designed in accordance with applicable sections of the IRC, and any employer adopting this form of the prototype plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the Plan and related trust is tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in process.

7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common collective trusts ("CCT"). The relative interest of each participant is derived using the respective investments' NAV as a practical expedient to estimate its fair value. The Plan has no unfunded commitments for any CCT, all CCTs have a daily redemption frequency and only the Plan's investment in the Invesco Stable Asset Fund has a redemption notice period (12 months) which may or may not be required by the trustee of the investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of:

	Assets at fair value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$2,920,454	$ -	$ -	$2,920,454
Total assets in the fair value hierarchy	$2,920,454	$ -	$ -	$2,920,454
Investments measured at NAV (*)				1,295,379
Total investments measured at fair value				$4,215,833

	Assets at fair value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$3,031,099	$ -	$ -	$3,031,099
Total assets in the fair value hierarchy	$3,031,099	$ -	$ -	$3,031,099
Investments measured at NAV (*)				621,990
Total investments measured at fair value				$3,653,089

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any unvested assets allocated to their respective accounts.

9. COVID-19 PANDEMIC

In December 2019, a novel strain of coronavirus, known as COVID-19, was reported in Wuhan, China and has since extensively impacted the global health and economic environment. In March 2020, the World Health Organization characterized COVID-19 as a pandemic, and the President declared the COVID-19 outbreak in the United States as a national emergency.

The ongoing COVID-19 pandemic has caused an economic downturn on a global scale, disrupted global supply chains, and created significant uncertainty, volatility, and disruption across economies and financial markets.

The COVID-19 pandemic remains an evolving situation. The extent of the impact of COVID-19 on our company and financial markets will depend on future developments, including the duration and spread of the outbreak and the related impact on consumer confidence and spending, all of which are highly uncertain.
