MVE + PARTNERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

1. Description of Plan

The following description of the MVE + Partners 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan and was adopted on March 1, 1976.

- General

The Plan is a defined contribution plan with a Cash Deferred Arrangement (CODA) covering substantially all employees of MVE + Partners, Inc. (The Company) Pursuant to an amendment dated April 1, 2017, the asset Custodian changed to Reliance Trust Company.

Plan is qualified in accordance with Internal Revenue Code Section 401(k)

The Trustee for the Plan is Reliance Trust Company. Administrative expenses consist of investment advisory fees and other administration fees that may be paid by either the Employer or the Plan.

- Eligibility

The plan provides for different eligibility criteria for participant contributions, employer discretionary matching contributions, employer discretionary contributions, and the special employer contribution – Qualified Non-Elective Contribution (QNEC).

Participant Contributions – Employees become eligible to participate in the Plan upon the date of hire.

Employer Non-Elective Profit Sharing Contributions – Pursuant to the amendment and the restatement of the plan on July 1, 2010, the Employer may make a discretionary profit sharing contribution. A participant is eligible to receive a discretionary uniform percentage based on a participant compensation divided by total compensation of all eligible participants in the form of a non-elective profit sharing contribution upon completing one year of service (1,000 hours within a 12 month period immediately following the participant's hire date) and upon reaching age 21. After satisfying the eligibility requirements, the employee is entitled to share in the discretionary non-elective profit sharing contribution provided the employee has satisfied the allocations conditions as follows: the employee was employed on the last day of the Plan year and has completed at least 1,000 hours of service during the plan year.

Entry dates are the first date of the first and seventh month of the Plan year that coincides with, or next follows, the date on which such requirements are satisfied.

An employee will remain eligible to receive an allocation of the profit-sharing contribution even if the employee was not employed on the last day of the Plan year regardless of the amount of service if the employee's termination happened in the year of their death, disability, termination of employment after Normal Retirement Age or termination of employment after Early Retirement Date occurs. This waiver of allocation conditions will only apply once during a participant's employment history with the employer.

1. Description of Plan (Continued)

- Contributions

Each participant may contribute up to the lesser of 90% of eligible compensation or the maximum amount allowed under Internal Revenue Service ("IRS") regulation limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Currently the Plan offers various mutual funds. The Employer may make a profit sharing contribution based upon your compensation divided by total compensation of all eligible. This is a discretionary percentage and may change from year to year. Pursuant to the amendment and restatement of the Plan on July 1, 2010, the profit sharing contribution is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. The employer made a contribution of \$100,000 for the year ended December 31, 2020. For the year ended December 31, 2019 the employer made a contribution of \$75,000.

The plan allows participants to designate all or a portion of their deferrals as Roth elective deferrals.

- Participants Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's contribution (as described above), and (b) Plan earnings, and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested portion of his account.

- Vesting

Participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the employer's non-elective profit sharing and matching contributions are based on the number of years of service according to the following schedule:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Each participant's vested interest becomes distributable upon retirement, attainment of age 59.5, financial hardship, termination of employment, disability, or death. Participants become fully vested in the Employer's contribution in the event of death or disability while employed by the Employer or upon normal retirement at the age of 65. Upon termination of the Plan, the accounts of all participants become fully vested.

1. Description of Plan (Continued)

- Payment of Benefits

On termination of employment due to disability, retirement or any other reason, the participant may elect to receive either a lump-sum distribution or certain cases, in the form of a joint or survivor annuity.

Participants may request an in-service withdrawal or a hardship withdrawal under the following circumstances:

In-service Withdrawal –

For non-hardship withdrawals, a participant under the age of 59.5 can request a withdrawal of all or a portion of the participant's after-tax employee contributions, rollovers, and company matching contributions (including earnings). A participant who under the age of 59.5 is not limited to a number of in-service non-hardship withdrawals in any calendar year. A participant who attained age 59.5 may request a withdrawal of all or any portion of their vested balance, and are not limited to a number of in-service non-hardship withdrawals in any calendar year.

Hardship withdrawal –

A participant who has not attained age 59.5 may request a hardship withdrawal from all employee-contributed balances, including rollovers, Company matching contributions and qualified non-elective contributions. A participant may not make more than total of two hardship withdrawals in any calendar year.

These withdrawals may be subject to a 19% federal income tax penalty, and participants or beneficiaries failing to receive a minimum distribution during a calendar year are subject to an additional tax equal to 50% of the difference between the minimum distribution and the amount the recipient actually received. Each withdrawal shall be made ratably from the investment funds in which the applicable account is invested.

- Participant Loans

The Employer in accordance with a written loan procedure may permit loans to be made from the Trust Fund to Participants and Beneficiaries on a non-discriminatory basis. Participants may borrow from their fund accounts up to an aggregate maximum equal to the lesser of \$50,000 or 50% of their vested account balance and a minimum of \$1,000. Participants may have only one loan outstanding at a time. Loan terms range up to five years except in the case of the purchase of a principal residence where the Plan permits the loan to be payable within a reasonable time commensurate with repayment period permitted by commercial lenders of similar loans. The loans are secured by the balance in the participant's account attributable to elective and rollover contributions. Loans shall bear a reasonable rate of interest. Generally, the interest rate is charged at the prime rate plus 1%. The Plan permits special rules if a participant is in military service while he/she has an outstanding loan.

- Forfeitures

Upon termination of employment of a participant, the non-vested portion of the Employer contributions are forfeited. The forfeitures are first used to pay administrative expenses and then to reduce any future Employer contributions.

MVE + PARTNERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

2. Summary of Accounting Policies

- Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.
- Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- Investment Values
Investments are stated at fair value determined by quoted market prices. Mutual funds shares are valued at the net asset value of shares held by the Employees' 401(K) Plan at year end. Participant loans are valued at the balance due which approximates fair value. Guaranteed interest accounts approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
- Payment of Benefits
Benefits are recorded when paid.
- Expenses
Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.
- Receivables due from Employer
When applicable, these receivables are comprised of contributions withheld or made prior to year end but not received by the Employees' 401(K) Plan's trustee until after year end.
- Plan Risks and Uncertainties
Employees' 401(K) Plan allows for various investment options. The investments are subject to risks from interest rates, market conditions and credit issues. Due to the level of risk associated with certain investments it is at least reasonably possible that changes in the value of investments, in the near term, could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
- Other Policies
Interest and dividend income are recorded on an accrual basis. Participant benefits are recorded when paid.
- Management subsequent event evaluation
The Company has evaluated events and transactions that occurred through October 12, 2021, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

2. Summary of Accounting Policies (Continued)

- Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

3. Forfeitures

During 2020, forfeitures of non-vested employer contributions of approximately \$10,452 were transferred from terminated participants' accounts to the forfeiture account. In addition, 2020 employer contributions were reduced by approximately \$3,305 from forfeited non-vested accounts.

4. Related Party Transactions

The Plan's investments are managed by the Custodians and, therefore, these transactions qualify as party-in interest transactions, which are exempt from the prohibited transaction rules. No fees were paid by the Plan for investment management services for the year ended December 31, 2020. As discussed in Note 1, Administrative Expenses, investment advisor, management and recordkeeping fees are paid indirectly through revenue sharing.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust was adopted as a version of a prototype plan and is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter for the prototype plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

8. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the

Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of participant loans receivable and participant contributions due from the employer are recorded at their cash value.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

		Fair Value Measurements at the End of the Reporting Period Using:
	Fair Value	Quoted prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2020</u>		
Mutual Funds	9,426,559	9,426,559
Total Investments at fair value	\$ 9,426,559	\$ 9,426,559
<u>December 31, 2019</u>		
Mutual Funds	7,717,171	7,717,171

8. Fair Value Measurement (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 at the end of the reporting period. For the years ended December 31, 2020 and 2019, there were no significant transfers between Level 1 and Level 2 and no transfers into or out of Level 3.

9. Plan Changes

Effective July 1, 2011 the Plan changed eligibility conditions for Employee Salary deferrals to be allowable upon the date of hire.

On April 1, 2017 the Plan Custodian changed from Deutsche Asset & Wealth Management Company to Reliance Trust Company.

On January 1, 2018 McLarand, Vasquez, Emsiek, & Partners, Inc. completed an official name change to MVE + Partners, Inc. Accordingly, the Plan name changed to MVE + Partners, Inc. Profit Sharing 401(k) Plan. The amendment also changed compensation to exclude bonuses and commissions.

10. Subsequent Event

The Plan's operations may be affected by the recent and ongoing outbreaks of the coronavirus disease 2019 (Covid-19) which was declared a pandemic by the World Health Organization in March 2020. The ultimate disruption which may be caused by the outbreak is

uncertain; however, it may result in a material adverse impact on the Plan's financial position, operations and Plan Assets. Possible effects may include, but not limited to, disruption to the Plan Assets investments, through the volatility of the market. The Company's operations could be affected by the absenteeism of its employees, or disruptions in their supply chains.

The recent outbreak of the novel coronavirus ("COVID-19") pandemic and certain developments in the global oil markets are negatively impacting worldwide economic and commercial activity and financial markets, as well as global demand for petroleum and petrochemical products. The COVID-19 pandemic and related governmental responses have also resulted in significant business and operational disruptions, including business closures, supply chain disruptions, travel restrictions, stay-at-home orders and limitations on the availability of workforces and has resulted in significantly lower demand for refined petroleum products. The overall impact of the COVID-19 pandemic on the global economy and business operations has significantly affected the market values of many types of investments over a wide range of industries and investment types and has also caused

10. Subsequent Event (Continued)

unprecedented market volatility. This heightened market risk and volatility could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Plan management is unable to estimate the total impact the pandemic will have on the Plan and the complete impact of COVID-19 on the Plan's net assets available for benefits, and changes in net assets available for benefits, is unknown and is dependent on the duration of the pandemic and the effectiveness of the actions undertaken by national, regional, state and local governments and health officials to contain the virus or treat its effects, and how quickly and to what extent economic conditions improve and normal business and operating conditions resume.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was passed by Congress. The CARES Act contains several provisions that temporarily impact retirement savings plans. These provisions include waiver of required minimum distributions for 2020, a new hardship withdrawal option related to the COVID-19 pandemic, certain increased loan limits and suspension of certain loan repayments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.
