Independent Auditors' Report

To the Trustees and Plan Administrator of the
Custom Bilt Holdings Profit Sharing 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements Custom Bilt Holdings Profit Sharing 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits of as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 the related notes to the financial statements and the accompanying supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian of Plan assets as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of Schedule H, Line 4d - Schedule of Non-Exempt Prohibited Transactions and Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of the year ended December 31, 2020 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter—2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan. Their report, dated October 1, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Custom Bilt Holdings Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended, and *Summary Plan Description,* which are available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan was established on May 23, 1977, restated effective January 1, 2009. The Plan is a defined contribution plan wherein eligible employees of Custom Bilt Holdings, LLC (the "Company", "Employer" or the "Sponsor") are permitted to make contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

Eligibility

All employees, including part-time, seasonal or temporary employees, who have reached the age of 21 and who have completed one year of service, defined as 1,000 hours of service are eligible for entry into the Plan and may make salary deferrals upon entry. All investments are participant-directed.

During the year ended December 31, 2020, Congress passed the CARES Act, which created a new distribution event for retirement plans called a Coronavirus-Related Distribution ("CRD"). Participants in 401(k) profit sharing plans may take a CRD if they are qualified individuals.

A CRD distribution:

- must be requested before December 15, 2020;
- cannot be more than $100,000 in total for each participant, which includes distributions from all eligible retirement plans and IRAs combined;
- is subject to 10% withholding instead of the normal 20% mandatory withholding;
- will not be subject to the 10% early distribution penalty when participants file their 2020 income tax returns;
- for personal income taxes, can be taxed ratably over a 3-year period or all in 2020; and
- can be repaid to an eligible retirement plan or to an IRA as a rollover contribution, if repaid within 3 years of the distribution.

Under the CARES Act, under certain circumstances, participants may be able to receive a distribution similar to a CRD, in the event that the participant:

- meets the age, service, or other requirements for an in-service distribution; or
- qualifies for a hardship distribution,
- terminates employment, and the plan allows for distributions after termination of employment.

Under the terms of the CARES act, required minimum distributions were not required in 2020.

NOTE 1 - DESCRIPTION OF THE PLAN, (continued)

Contributions

Each year, participant contributions to the Plan on a pretax basis are subject to an annual limitation ($19,500 and $19,000 for the years ended 2020 and 2019, respectively). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,500 and $6,000 for the years ended December 31, 2020 and 2019, respectively Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Compensation for IRS Code section 415 and 416 purposes is defined as wages, tips and other compensation reported on Form W-2. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trusts and targeted retirement accounts as investment options for participants.

The Company may make discretionary profit sharing contributions. During the year ended December 31, 2020, the Company made no discretionary profit sharing contribution. Forfeitures may be applied to Plan administrative costs or to future employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's discretionary profit sharing contributions, and Plan earnings and losses. Each participant's earnings are invested separately according to the individual's investment direction so that each participant's account realizes appreciation or depreciation based on related investment performance. Allocations are based on participant earnings or account balances, as defined. Plan earnings are calculated and credited to each participant's account on daily basis. An allocation of administrative and investment management fees is charged to each participant account based upon participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and related earnings thereon. Vesting in the Company's discretionary contributions and related earnings thereon is based on years of continuous service which occurs at a rate of 20% per year of employment after an initial vesting of 20% at the end of the second year. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate commensurate with local prevailing rates as determined by the Plan trustee at the time the loan is made. Principal and interest are collected ratably through payroll deduction each payroll period. Notes receivable from participants may be from all sources. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

NOTE 1 - DESCRIPTION OF THE PLAN, (continued)

Notes Receivable From Participants (continued)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits may be paid under the Plan, subject to limitations and conditions imposed by the IRC, upon a participant's termination of employment, retirement, disability, death or hardship due to an immediate and heavy financial need. The Plan specifies lump sum distributions. Benefits are generally 100% vested upon retirement, death or disability. The value of the distribution is determined on the date as soon as practicable following the date of termination and is based upon the preceding valuation date. For participants subject to death, retirement, or disability, the distribution must be distributed with a reasonable period following the distribution determination date.

Forfeited Accounts

In the event of an employee termination, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures of Employer contributions may be used to supplement employer discretionary contributions. Forfeitures of Employer discretionary contributions may be used to supplement non-elective contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $34,171 and $33,691, respectively. No forfeitures were applied for the year ended December 31, 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Distributions

The value of the distribution is determined on the date as soon as practicable following the date of termination and is based upon the preceding valuation date. For participants subject to death, retirement, or disability, the distribution must be distributed with a reasonable period following the distribution determination date. Hardship distributions of pre-tax elective deferrals are permitted under the Plan. In service distributions are permitted for participants who have reached the age of 59 ½ provided that non-elective amounts have been allocated for at least 2 years, hardship, or the participant has contributed to the Plan for at least five years. Required minimum distributions are required at age 70 1/2 or April 1st of the calendar year following the participant's retirement. Under the terms of the Setting Every Community Up for Retirement Enhancement ("SECURE") act, required minimum distributions are required at age 72 or April 1st of the calendar year following the participant's retirement for participants born after June 30, 1949. Under the terms of the CARES act, required minimum distributions were not required in 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition (see Notes 3 and 4)

Investments are reported at fair value, with the exception of fully benefit-responsive contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This price, known as an exit price, is based upon market quotes of net asset values ("NAV") at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recognized as income on the ex-dividend date and interest is accrued as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are shown as a reduction of net appreciation of fair value of investments. For the year ended December 31, 2020, Plan maintenance fees of $11,156 were paid by the Plan Sponsor.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements

In accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, fair value is defined as a market-based measurement, not an entity-specific measurement. The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the assets or owes the liability).

A fair value measurement assumes that the transaction to sell the asset or transfer the liability either occurs in the principal market (or in its absence, the most advantageous market) for the asset or liability. For some assets and liabilities, observable market transactions or market information may be available. For other assets and liabilities, observable market transactions and market information might not be available. When a price for an identical asset or liability is not observable, a reporting entity measures fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or settle or otherwise fulfill a liability is not relevant when measuring fair value.

Subsequent Events

Subsequent events were evaluated by management through October 7, 2021, the date of the audit report, which was also the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED FINANCIAL INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation and depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan). The custodian of Plan assets has certified that the investment value at December 31, 2020 and 2019 and the change in investment value for the year ended December 31, 2020 is complete and accurate.

The investment balance at December 31, 2020 was $1,361,665 and consisted of mutual funds, targeted retirement accounts, and common collective trusts.. The investment balance at December 31, 2019 was $1,336,609, and consisted of mutual funds, targeted retirement accounts, and common collective trusts.

The Plan's investments (including investments bought, sold, as well as those held during the year) appreciated in fair value by $92,987 during the year ended December 31, 2020, which was due to appreciation of $42,414 of the mutual funds, appreciation of $48,792 of the targeted retirement accounts and appreciation of $1,781 of the common collective trusts.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value utilizes a hierarchy which prioritizes inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell an asset or paid to transfer a liability regardless of whether an observable liquid market price exists (exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements), The three levels of the fair value hierarchy under FASB ASC 820 as follows-

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

1) Quoted prices for similar assets or liabilities in active markets;
2) Quoted prices for identical or similar assets or liabilities in inactive markets;
3) Inputs other than quoted prices that are observable for the asset or liability;
4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable, but significant to the fair value of the asset or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Targeted Retirement Funds: Held at the estimated value based upon fund population demographics and risk profile.

NOTE 4 – FAIR VALUE MEASUREMENTS(continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Plan's investments and the amounts reported in the statement of net assets and the statement of changes in net assets.

The credit and liquidity crisis in the United States and throughout the global financial systems has resulted in substantial volatility in financial markets and the banking system. These and other economic events may have caused significant volatility to the Plan's investment portfolio subsequent to year-end.

Management reviews for other than temporary decline in accordance with the requirements of fair value measurements. The Plan's investments in mutual funds consist primarily of investments in exchange-traded debt and equity securities. Within the fund balance certain individual investments may have fair values measured below cost. The severity of any impairment and the duration of any impairment correlate with current market conditions. Based upon the near-term prospects of the issuer of any of those securities in relation to the severity and duration of the impairment, and based upon the Plan's ability and intent to hold those investments for a reasonable period of time sufficient for a forecasted recovery of fair value, the Plan does not consider those investments to be other-than-temporary impaired at December 31, 2020.

The accounting and financial reporting principles currently being used by the plan which affect reported amounts, presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standard setting bodies and government regulatory agencies. Recently-adopted pronouncements which have effective dates subsequent to December 31, 2020, are not expected to have a material effect on the plan's future financial statements.

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Investments at fair value	Level 1	Level 2	Fair Value	Unlevelled

NOTE 6 - PLAN TAX STATUS

The Company has adopted a prototype defined contribution plan. In a letter dated July 8, 2014, the Internal Revenue Service ("IRS") has determined and informed the Company that the prototype plan and the related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Trustee and Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Trustee and Plan administrator have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2017.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer association or relatives of such persons.

Certain Plan investments are in funds managed by the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were $15,374 for 2020.

NOTE 9 – SIGNIFICANT ESTIMATES AND CONCENTRATIONS

Due to the current and ongoing instability of financial markets, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the participant account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits.

NOTE 10 – REGULATORY RISK

The accounting and financial reporting principles currently being used by the plan which affect reported amounts, presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standard setting bodies and government regulatory agencies. Recently-adopted pronouncements which have effective dates subsequent to December 31, 2020, are not expected to have a material effect on the plan's future financial statements.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation net assets available for benefits per the financial statements to Form 5500:

Net assets available for benefits per the financial statements at December 31, 2019	$ 1,348,740

Net increase per Form 5500 at December 31, 2020	$ 27,558

NOTE 12 – SUBSEQUENT EVENT

The effect of the ongoing COVID-19 pandemic (the "pandemic") on the US economy overall and on Plan sponsor operations is unknown. The pandemic has affected U.S. and world financial markets with a concurrent effect on Plan investments. Management does not consider the effect of the pandemic on the value of Plan investments to be other than temporary.

Since December 31, 2019, the spread of COVID-19 has severely impacted many local economies around the globe. In many countries, businesses are being forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Global stock markets have also experienced great volatility and a significant weakening. Governments and banks have responded with monetary and fiscal interventions to stabilize economic conditions. The effect of the ongoing COVID-19 pandemic on the US economy overall and on Plan sponsor business is unknown. The Company has instituted certain protocols to address the effects on Plan sponsor management, customers and employees, including adjusting offsite staffing and reallocating onsite workforce where appropriate.
