NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Mavis Tire Supply LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents, the summary plan description and other publications previously distributed to them for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers all employees of Mavis Tire Supply LLC (the "Sponsor"), who are age eighteen or older and who have completed twelve months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective January 1, 1995.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The outbreak of COVID-19 is still on-going and the extent of the impact of COVID-19 on the Plan's net assets available for benefits and changes in net assets available is uncertain. The financial impact and duration cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. Plans were permitted to adopt these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022. Plan management elected to implement the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of $100,000. Active employees who receive a coronavirus-related distribution from the Plan may repay all or any portion of the distribution to the Plan within the three-year period beginning on the day after the distribution.

- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments through December 31, 2020 be deferred. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

General (Continued)

- The normal loan limits were increased from $50,000 to $100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

The Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") became law in December 2019. In February 2020, the required Minimum Distributions ("RMD") age was amended from age 70 ½ to age 72 under the provisions of the SECURE Act. In addition, following the CARES Act, the required minimum distributions that would have been due in 2020 were waived.

Contributions

Participant Contributions:

If participants elect, they can contribute into their account on a pretax basis no less than 1% nor more than 90% of their annual compensation subject to Internal Revenue Code ("IRC") limitations.

Eligible participants will be automatically enrolled in the Plan as a participant unless they opt out. Compensation will be deferred as pretax elective deferral on the participant's behalf at an amount of 2% of eligible compensation.

Employer Contributions:

Each year, the Sponsor contributes to the Plan an amount equal to 25% of the first 4% of each participant's pretax contributions. Additional amounts may be contributed at the discretion of the Sponsor. No additional amounts were contributed for the year ended December 31, 2020.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's employer matching account plus investment income earned thereon is based on years of service. A participant that reaches the early retirement date, as defined, becomes fully vested. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (Continued)

All participants who transferred in from the subsidiary of the Sponsor in connection with the asset transfers during the previous years, will carry-over their respective years of service from their former plan sponsor for purposes of vesting, and shall continue to vest according to their prior plan with respect to their transferring plan assets. These participants will vest in all future employer matching contributions according to the Plan's normal vesting provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Sponsor's matching contribution, and (b) the participant's share of realized and unrealized gains (losses) on both Sponsor and employee contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their contribution as well as employer contributions in investment accounts with common/collective trust funds, maintained by Reliance Trust Company ("Reliance", a subsidiary of State Street and Trust Company), and registered investment companies as identified in Note 3. Participants may change their investment options at any time.

Notes Receivable from Participants

Except for the provisions temporarily amended under the terms of the CARES Act, the Plan makes loans to participants of amounts no less than $500 that do not exceed the lesser of $50,000 or 50% of the participant's vested individual account balance. Loan repayment terms range from one to five years, although a longer repayment period is allowed if loan proceeds are used for the purchase of a primary residence. Principal and interest are paid back to the Plan through weekly payroll deductions. At December 31, 2020 interest rates range from 4.25% to 7.50%.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants must receive their benefit in the form of a lump sum payment unless elected with their spouses' consent to receive installments over a certain period of time, not extending beyond the life expectancy of the participant or the joint life expectancy of the participant and the named beneficiary.

Except for the provisions temporarily amended under the terms of the CARES Act, active participants who have attained age 59-1/2 may withdraw any portion of their vested account from the Plan. Participants who have not attained age 59-1/2 may only withdraw a portion of their employee contributions in the case of financial hardship as defined under the Plan.

In general, the payment of Plan benefits will be made as soon as practicable after the last day of the Plan year coinciding with the later of the date on which an employee attains retirement age or actually retires. Participants may however request the payment of benefits at any time after their termination of employment in which case payment will be made as soon as administratively feasible, provided the applicable consents are obtained.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to April 15, 2021.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Sponsor determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are valued based on the methodologies described in Note 4.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Forfeitures

Forfeitures of non-vested accounts are used to reduce employer contributions on a per pay period basis. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $7,706 and $1,716, respectively. Also, in 2020, employer contributions were reduced by $260,717 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Sponsor without charge to the Plan.

NOTE 3 - UNAUDITED INFORMATION

Reliance, the trustee of the Plan, holds the Plan's participant notes receivable and investment assets and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information provided by the trustee. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2020 and 2019, and investment income for the year ended December 31, 2020. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, based on published market quotations on active markets.

Common/collective trust: Valued based on the NAV of the collective trust. The NAV, as reported by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment in common/collective trust consist of a stable value fund and equity index funds.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The fund generally provides for daily redemptions by the Plan reported at NAV per share, without any advance notification. However, withdrawal prompted by certain events (e.g., exposure to additional credit risk, insolvency, bankruptcy, or other reorganization) may restrict a participant's ability to redeem the investment. The plan administrator does not believe that the occurrence of any such event is probable. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019, excluding investments in common/collective trust fund (a):

Assets at Fair Value at December 31, 2020:

Description	Total	Level 1	Level 2	Level 3
Mutual funds	**$ 72,471,934**	**$ 72,471,934**	**$ -**	**$ -**
Common/collective trust fund measured at net asset value (a)	**5,216,568**	**-**	**-**	**-**
Total investments at Fair Value	**$ 77,688,502**	**$ 72,471,934**	**$ -**	**$ -**

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Assets at Fair Value at December 31, 2019:

Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 65,266,118	$ 65,266,118	$ -	$ -
Common/collective trust fund measured at net asset value (a)	5,286,431	-	-	-
Total investments at Fair Value	$ 70,552,549	$ 65,266,118	$ -	$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated July 16, 2014, that the form of the prototype plan adopted by the Company is acceptable under the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving this letter. However, the plan administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of common/collective trust managed by Reliance, the trustee of the Plan. Accordingly, these transactions qualify as party in interest transactions.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 and the net decrease in net assets available for benefits for the year ended December 31, 2020 to the Form 5500:
