INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants
Barrington Residential, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Barrington Residential, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2020, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Barrington Residential, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Tel: 585-454-4161 · Fax: 585-454-2273 · www.daviekaplan.com

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined to meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Barrington Residential, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Barrington Residential, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements and are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Barrington Residential, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Barrington Residential, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following brief description of the Barrington Residential, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2018 and is a defined contribution 401(k) and profit sharing plan pursuant to Section 401(k) of the Internal Revenue Code. It covers substantially all employees of Barrington Residential, Inc. (the Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Each employee, excluding seasonal, temporary and contract employees, shall be entitled to make his or her own contributions (elective deferrals) to the Plan upon the 1st of the month following the completion of three months of service with the Company. Seasonal, temporary and contract employees shall be eligible for participation into the Plan upon the completion of 1,000 hours of service during an eligibility computation period.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make in each year is subject to federal limits.

Eligible participants may also elect to defer a portion of their total annual compensation into the Plan as elective after-tax Roth contributions. During 2020 and 2019, the qualified pre-tax employee traditional contributions totaled $126,752 and $103,516, respectively. During 2020 and 2019, the elective after-tax employee Roth contributions totaled $16,932 and $24,017, respectively.

The Company may make discretionary matching contributions on behalf of each participant equal to a percentage of the participant's elective deferrals, including any elective deferrals contributed as catch-up contributions. For the years ended December 31, 2020 and 2019, the Company elected to make matching contributions equal to 100% of the participant's elective deferrals up to 4% of the participant's elective deferrals. The Company's discretionary matching contributions are made after each payroll period for participants who have completed at least three months of service. During the years ended December 31, 2020 and 2019, matching contributions, net of forfeitures used to reduce the employer matching contributions, totaled $75,278 and $70,872, respectively.

1. **Description of Plan** (Continued)

Contributions (Continued)

The Company may also make a discretionary non-elective profit sharing contribution to all eligible participants based on the relationship of their individual annual compensation, up to maximum amounts allowed under the Code, to the total adjusted annual compensation for all participants. Participants are eligible to receive employer discretionary profit sharing contributions upon completion of twelve consecutive months of service with at least 1,000 hours of service completed during this period.

During both of the years ended December 31, 2020 and 2019, the Company elected not to make any discretionary non-elective profit sharing contributions. Participants may also transfer (or rollover) funds from other qualified plans, with the consent of the Plan administrators.

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions and allocations of the Company's discretionary matching and discretionary non-elective profit sharing contribution and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals, rollover contributions, and Roth contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary non-elective profit sharing contributions is based on years of continuous service. A year of service is defined as a minimum of 1,000 hours worked during a Plan year.

A vested percentage for employer matching and discretionary non-elective profit sharing contributions is determined in accordance with the following vesting schedule:

Years of Service	Percentage
Less than three	0%
Three or more	100%

1. **Description of Plan** (Continued)

Forfeited accounts

Non-vested employer contributions arising under the Plan are used to reduce future employer discretionary matching contributions or to reduce Plan administrative expenses. Forfeiture activity during 2020 and 2019 consisted of the following:

	2020	2019
Forfeitures available for use, beginning of year	$ 11	$ 10
Forfeitures generated	10,201	4,602
Forfeitures used to reduce employer matching contribution	(8,289)	(4,603)
Earnings on forfeitures	4	2
Forfeitures available for use, end of year	$ 1,927	$ 11

Payment of benefits

Upon retirement, death or disability, a participant may elect to receive the entire vested account balance, if greater than $5,000, in the form of a lump-sum distribution, a direct rollover to another qualified plan under the Code, or may elect to keep their investments in the Plan. If the vested account balance is less than $5,000, the balance will be distributed to the participant as soon as administratively feasible. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: separation from service; upon participant's attainment of age 59½; and upon the hardship of a participant as provided for in the Plan and in government regulations. Hardship distributions can be distributed only from elective deferrals.

Notes receivable from participants

The Plan does not allow for participants to borrow against amounts from their participant accounts in the form of loans.

Administrative expenses

Certain expenses of maintaining the Plan, including trustee, recordkeeping, investment advisory and audit fees are paid directly by the Plan Sponsor and are excluded from these financial statements. Participants are charged administrative expenses for specific transactions within the Plan, such as distribution or termination fees and withdrawal fees, and are allocated to the related participant accounts and paid out through Plan assets. For the years ended December 31, 2020 and 2019, administrative expenses paid through Plan participant accounts totaled $2,159 and $1,126, respectively. For the years ended December 31, 2020 and 2019, administrative expenses paid by the Plan Sponsor totaled $11,555 and $10,083, respectively.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and present the net assets available for plan benefits and changes in those net assets.

Fair value measurements

FASB ASC Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common collective trust: Valued at contract value of the underlying investments, which approximates fair value.

Mutual funds: Values are determined based on quoted market prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2017.

2. Summary of Significant Accounting Policies (Continued)

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and October 5, 2021, the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

As of and for the years ended December 31, 2020 and 2019, the Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of The Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits and the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The fair value of investments determined to be level 1 assets as of December 31, 2020 and 2019 consisted of:

	2020	2019
Mutual funds	$ 614,828	$ 435,825

The value of other investments not included in the fair value hierarchy as of December 31, 2020 and 2019 consisted of:

	2020	2019
Common collective trust	$ 17,492	$ 9,729

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Company adopted a prototype non-standardized profit sharing plan sponsored by ADP, LLC that received its latest determination letter dated July 16, 2014 in which the Internal Revenue Service state that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

7. Related Party Transactions

Reliance Trust Company acts as trustee and custodian of the Plan's assets. All transactions between the Plan and the Trustee qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Administrative fees paid to Reliance Trust Company by the plan sponsor amounted to $7,555 and $6,083 for the years ended December 31, 2020 and 2019, respectively.
