NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Laguna Tools Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined-contribution plan established April 1, 2012 by Laguna Tools Inc. (the "Employer"), under the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan provides for a qualified cash or deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Employer. The Plan is administered by the Employer and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Reliance Trust Company (the "trustee") is responsible for the management of the Plan's assets held in registered investment companies. ADP Retirement Services (the "custodian" or "ADP") is responsible for the management of the Plan's assets and is also the recordkeeper. LPL Financial is the investment advisor.

Eligibility

The Plan covers all employees of Laguna Tools, Inc. that are U.S. citizens, resident aliens, and are not members of a collective bargaining unit. Employees are eligible to enter the Plan after completion of three (3) months of service and are twenty-one (21) years of age.

Contributions

Participants may elect to contribute on a pretax basis, up to ninety percent (90%) of their eligible compensation, in an amount not in excess of the maximum allowed by the Internal Revenue Code (IRC) ($19,500 for 2020). Participants who have attained age fifty (50) before the end of the Plan year are eligible to make additional catch-up contributions ($6,500 for 2020). Participants may also make contributions to the Plan on an after-tax basis, as Roth deferrals, as defined in the Plan agreement and subject to the limitations under the IRC as listed above. Participants may also rollover amounts representing distributions from other qualified benefit or contribution plans.

Employer Contributions

The Employer makes non-elective safe harbor contributions of 100% of a participant's elective deferral not to exceed 4% of the participants eligible compensation. The Employer may also make additional discretionary profit-sharing contributions to the Plan. A participant must be employed on the last day of the Plan year or complete 500 hours of service during the Plan year to be eligible to receive an allocation of discretionary profit-sharing Employer contributions. No additional discretionary contributions were made for the Plan year ended December 31, 2020.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions and non-elective safe harbor contributions, plus actual earnings thereon. Vesting in the Employer's discretionary profit-sharing contribution portion of their accounts is based on years of continuous service. Vesting of employer profit-sharing contributions and earnings thereon are based upon the participant's years of service with the Employer as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Accounts

Each participant's account is credited with the participants contribution and allocations of the Employer's contribution and Plan earnings, and charged with an allocation of administrative expenses to the extent that were not paid by the Employer. Allocations are based on participant earnings or account balances, as defined.

Investment Options

Participants may direct participant and Employer contributions, as desired, in any of several investment options offered by the Plan. Participants may change their investment options any time throughout the year, via the Internet website, or by using the automated telephone system offered by the custodian.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or fifty percent (50%) of their account balance, whichever is less. Note terms range from one (1) to five (5) years, except for notes related to the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate that a bank or other professional lender would charge for a note in a similar circumstance. The outstanding notes bear interest at rates ranging from 4.25% to 6.50%, as of December 31, 2020 and 2019, respectively, and mature through February 2034. Interest income is recognized when earned. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination, or hardship, the participant or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 65 or in a lump sum payment. The Plan can distribute all participant balances under $5,000 without the request of the participant.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Forfeited non-vested accounts may be utilized to pay Plan expenses or reduce employer contributions. During the Plan year ended December 31, 2020, $3,527 of forfeitures were used to reduce employer contributions. As of December 31, 2020 and 2019, all forfeitures were fully allocated.

Administrative Expenses

The Plan pays substantially all administrative expenses. Expenses that are paid by the Employer are excluded from these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions by the participants are recognized in the period the participants' wages are earned. Withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the Plan trustee. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Certain management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions, based upon the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2020 and 2019.

Payment of Benefits
Benefits are recorded when paid. As of December 31, 2020 and 2019, there were no benefits payable to participants who elected to withdraw from the Plan.

NOTE 3 – CERTIFIED INFORMATION

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified the completeness and accuracy of assets and notes receivable from participants, reflected on the accompanying statements of net assets available for benefits and the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2020 and 2019, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies:	Valued at the daily closing price, as reported by the shares. Registered investment companies held by the Plan are open-ended shares that are registered with the Securities and Exchange Commission (SEC). These shares are required to publish the daily net asset value (NAV) and to transact at that price. The registered investment company shares held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,781,581	$ -	$ -	$ 2,781,581
Total investments measured at fair value				**$ 2,781,581**

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,187,205	$ -	$ -	$ 2,187,205
Total investments measured at fair value				**$ 2,187,205**

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by the trustee; therefore, these transactions qualify as exempt party-in-interest transactions permitted by the United States Department of Labor Rules and Regulations. The Employer and Plan administrator are also parties in interest with respect to the Plan. Fees paid by the Plan to the trustee amounted to $17,943 and fees paid to the investment advisor amounted to $11,730 for the year ended December 31, 2020. Notes from participants and the related interest income of $4,428 are also considered related party transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including registered investment companies. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons along with loans up to $100,000 or 100% of the participant's vested balance and have repayment dates be delayed for up to one year. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

NOTE 7 – PLAN TERMINATION

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan and all participants would become 100% vested in all contributions.

NOTE 8 – FEDERAL INCOME TAX STATUS

Effective July 16, 2014, the Plan adopted a non-standardized form of a prototype plan sponsored by ADP, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan, along with its amendments, is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements. The Plan's management will make any changes deemed necessary to ensure the Plan maintains tax-exempt status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – OPERATIONAL DEFECT

During the year ended December 31, 2020, it was discovered that the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant contributions as defined per the Plan document was not properly applied when calculating contribution amounts. The plan administrator determined the affected participants and will deposit $2,112 into the Plan as qualified nonelective employer contributions (QNEC) prior to December 31, 2021 to make the affected participants and the Plan whole, including interest.

NOTE 10 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated all activity through October 7, 2021 (the date the financial statements were available to be issued), and concluded that no subsequent events have occurred that would require recognition in the financial statements, or disclosure in the notes to the financial statements.
