NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Hirshleifers, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Hirshleifers, Inc. (the "Company"). All full-time employees who have attained age twenty-one and completed two months of service are eligible for participation. Hirshleifers, Inc. is the plan sponsor (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - For each plan year participants may contribute up to 90% of annual compensation, as defined in the Plan. Participants may elect to defer eligible compensation on a pretax, an after tax (Roth) basis, or a combination of both. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Unless they affirmatively elect otherwise, newly eligible participants that do not enter into a salary deferral election are automatically enrolled at a 3% deferral rate of eligible pay effective on their entry date to the Plan.

Effective June 1, 2020, the Plan was amended for the employer match to be discretionary. Prior to the amendment, the Plan called for a matching contribution equal to 50% of elective deferrals up to a maximum of 6% of compensation. Additional profit sharing contributions may also be contributed at the sole discretion of the Company. To receive an allocation of employer profit sharing contributions a participant must have completed 1,000 hours of service during the year and be employed by the Company on the last day of the Plan year, except upon death, disability or normal retirement.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. All contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. Participants are entitled to their vested account balance as benefits.

Vesting - Participants are vested immediately in their contributions plus earnings thereon. The Company's contributions vest ratably over years of service. A participant is 100% vested after six years of service, or upon death, disability or normal retirement.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 4.25% - 6.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are repaid ratably through regular payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (CONT'D)

Payment of Benefits - Upon termination of service due to termination of employment, death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of not more than the assumed life expectancy of the participant and/or designated beneficiary. The plan permits for hardship withdrawals of the participant's vested account balance, subject to certain conditions contained in the Plan document.

The Setting Every Community Up for Retirement Enhancement (the "SECURE Act") became law on December 20, 2019, and became effective on January 1, 2020, bringing about certain changes to IRS regulations that allow retirees to delay taking required minimum distributions ("RMD's) until age 72, up from the previously required age of 70 1/2. As such, participants who turned 70 1/2 before December 31, 2019 would be required to be paid a RMD by April 1 of 2020 and any subsequent years, while a participant who turned 70 1/2 after December 31, 2019, would not be required to be paid an RMD until April 1 of the year after they reach the age of 72.

Forfeited Accounts - Forfeited non-vested account balances may be used to pay for plan expenses and/or to reduce future matching employer contributions. Forfeitures in the amount of $1,606 were used to reduce the employer's matching contribution for the year ended December 31, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Date of Management's Review - Management has evaluated subsequent events through October 12, 2021, the date on which the financial statements were available to be issued.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the delinquent participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Expenses - The Company, at its discretion, may pay all expenses of maintaining the Plan.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Current economic conditions - The Plan's investments are subject to changes in value from the impact of social and natural catastrophic events that are beyond its control, such as health epidemics, natural disasters and other catastrophes, which may materially and adversely affect their respective values. The Plan is currently monitoring the global pandemic of the coronavirus disease known as COVID-19 and is assessing the impact that it could have on the values of its investments, including a potential decline in the fair value of investments due to the disruption of financial markets. Future developments with respect to COVID-19 remain highly uncertain and difficult to forecast. Accordingly, the Plan is unable to quantify the full impact of COVID-19 and it is at least reasonably possible that changes in the fair values of investments will materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits in the near term.

In April 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief and Economic Security Act that was signed into law on March 27, 2020 (the "CARES Act"). The CARES Act offers relief options for participants of 401(k) retirement plans. The Plan adopted the following such provisions:

- The maximum loan amounts for loans issued between March 27, 2020 and September 23, 2020 was increased to the lesser of 100% of participant's vested account balance or $100,000 (less any outstanding loan balance);

- Qualifying participants with loan balances can now defer loan repayments for up to one year, however the loans will continue to accrue interest during this delayed timeframe; and

- Qualifying participants can take distributions of up to $100,000 between January 1, 2020 and December 31, 2020 with no tax withholdings, no 10% early withdrawal penalties (where applicable) and a three year deferral of the tax liability on such distributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Recently Adopted Accounting Pronouncement - In August 2018, the Financial Accounting Standards Board (FASB) issued ASU 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement," which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan has adopted the updated guidance as of January 1, 2020 for the year ended December 31, 2020. The adoption had no significant impact on the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Valuations are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Primarily owns investment contracts that invest in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. Collective trust funds are valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets of the fund, less liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the collective trust funds will sell the investment for an amount different than the reported NAV.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONT'D)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2020:	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,765,622	$ -	$ -	$ 7,765,622
Total assets in the fair value hierarchy	$ 7,765,622	$ -	$ -	7,765,622
Collective trust funds				143,123
Total assets measured at fair value				$ 7,908,745

December 31, 2019:	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,752,476	$ -	$ -	$ 6,752,476
Total assets in the fair value hierarchy	$ 6,752,476	$ -	$ -	6,752,476
Collective trust funds				221,367
Total assets measured at fair value				$ 6,973,843

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels 1 and 2 during the years ended December 31, 2020 and 2019.

The Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554, through its investment in the group annuity contract and other investments, simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate and portfolio of financial instruments that are owned by the issuer. The Plan also has investments in collective trust funds managed by State Street Global Advisors Trust Company.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONT'D)

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated July 16, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - INFORMATION CERTIFIED BY THE CUSTODIAN
