Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

THE DESIGN KNOWLEDGE COMPANY 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

1. DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General -

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is effective as of January 1, 2015 and further amended in 2016, 2017 and again on December 11, 2019, and qualifies under the Internal Revenue Code as a 401(k) Pension Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

The Plan includes a pre-tax and roth salary deferral arrangement and eligible participants are permitted to elect to have a percentage of their compensation contributed to the Plan, subject to annual IRS limitations. Participants age 50 or older are allowed to make catch-up contributions.

The Plan sponsor will make a safe harbor matching contribution equal to 3% of the employees eligible compensation.

Additionally, the employer may, at its sole discretion, elect to make profit sharing contributions to the Plan. The employer elected to contribute 7.00% and 8.86% profit sharing for the Plan years ended December 31, 2020 and 2019, respectively.

Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

Vesting -

Participants are fully vested in their elective deferral contributions, employer safe harbor and profit sharing contributions, as well as employee rollover contributions plus actual earnings thereon.

Participant accounts -

Each participant's account is credited with (a) the employee's contributions, (b) employer contributions, (c) investment earnings and losses and is charged with an allocation of administrative expenses. Allocations of investment earnings and losses, and administrative expenses, are based on account balances as defined in the Plan document.

Investments option -

Contributions to the Plan are invested by the Trustee and Custodian, Voya Retirement Insurance and Annuity Company and Ameriprise Financial Services, Inc., respectively, according to participant instructions. The Plan Administrator will provide participants with current copies of the prospectus describing each investment option.

Payment of benefits -

Participants are entitled to receive a distribution of their vested account in the Plan upon termination of their employment; retirement; death or disability and termination of the Plan without the establishment of a successor plan.

A participant may elect to receive a lump sum amount equal to the value of his or her account, or a series of cash payments, in substantially equal installments.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New accounting pronouncements (not yet adopted) -

In 2019, the Accounting Standards Board issued SAS No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. The standard is effective for plan years ending on or after December 15, 2021. The standard addresses the auditor's responsibility to form an opinion on the financial statements of employee benefit plans (EBPs) subject to the Employee Retirement Income Security Act of 1974 (ERISA). It also addresses the form and content of the auditor's report issued as a result of an audit of ERISA plan financial statements. Early implementation is permitted. The Plan will implement the required standard at the effective date.

Basis of accounting -

The financial statements are prepared on the accrual basis of accounting and in accordance with FASB ASC 962, *Plan Accounting Defined Contribution Pension Plans*.

Use of estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair value measurement -

The Plan adopted the provisions of FASB ASC 820, *Fair Value Measurement*. FASB ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs (assumptions that market participants would use in pricing assets and liabilities, including assumptions about risk) used to measure fair value, and enhances disclosure requirements for fair value measurements.

The Plan accounts for its financial instruments at fair value or considers fair value in their measurement.

Valuation of investments -

Investments are stated at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion on fair value measurement.

Certain Plan assets are invested in pooled accounts. Under the pooled concept, the investment advisors account for the Plan's share of the total portfolio on a unit basis and are the custodians of the investments (at net asset value). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Administrative expenses -

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and some are paid out of the Plan, which are included in these financial statements.

THE DESIGN KNOWLEDGE COMPANY 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative expenses (continued) -

Investment-related expenses are included as a reduction in the net appreciation of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Plan benefits -

Payments of plan benefits are recorded when paid.

3. INCOME TAX STATUS

The Plan was established as a qualified plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. PLAN TERMINATION

As discussed in Note 10, subsequent to year-end, the Plan was merged with the Centauri, LLC 401(k) Plan and all assets were transferred out of the Plan.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of investment vehicles managed by Voya Retirement Insurance and Annuity Company and Ameriprise Financial Services, Inc., the Trustee and Custodian, respectively, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

THE DESIGN KNOWLEDGE COMPANY 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

7. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements for the years ended December 31, 2020 and 2019, to Schedule H of Form 5500:

The following is a reconciliation of the increase in net assets available for plan benefits per the financial statements at December 31, 2020 and 2019, to Schedule H of Form 5500:

	<u>2020</u>	<u>2019</u>
Total increase per the financial statements	\$ 2,197,183	\$ 2,920,108
Employer profit sharing contribution receivable, beginning of year	743,085	904,694
Employer profit sharing contribution receivable, end of year	<u>-</u>	<u>(743,085)</u>
TOTAL INCREASE PER SCHEDULE H TO FORM 5500	<u>\$ 2,940,268</u>	<u>\$ 3,081,717</u>

8. BENEFIT RESPONSIVE INVESTMENT CONTRACT

As of December 31, 2020 and 2019, certain Plan assets were held in a guaranteed investment contract related investment option, the Voya Fixed Account. The contract underlying the Voya Fixed Account is considered to be fully benefit responsive in accordance with FASB ASC 962.

As of December 31, 2020 and 2019, the contract value of the investment in the Voya Fixed Account was \$712,078 and \$230,752, respectively, which approximates fair value. The contract is issued by Voya Retirement Insurance and Annuity Company (VRIAC), the Plan's Trustee. The account is an obligation of VRIAC's general account, which supports all of VRIAC's insurance and annuity commitments. The Voya Fixed Account guarantees principal and a minimum guaranteed interest rate for the life of the contract, as well as two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period, currently one calendar year.

VRIAC's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

THE DESIGN KNOWLEDGE COMPANY 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

8. BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

9. FAIR VALUE MEASUREMENT

In accordance with FASB ASC 820, *Fair Value Measurement*, the Plan has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Investments recorded in the Statements of Net Assets Available for Benefits are categorized based on the inputs to valuation techniques as follows:

Level 1. These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Plan has the ability to access.

Level 2. These are investments where values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

Level 3. These are investments where inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019

- *Pooled Separate Accounts* - Valued at the number of participation units held at year-end multiplied by the current participation-unit value. Investments in pooled separate accounts represent ownership of units of participation in various funds, and not ownership of specific assets. The value of a unit of participation is the total value of each fund within the separate accounts divided by the number of units outstanding. Net asset values of pooled separate accounts are not publicly quoted.

FASB ASC 820 allows net asset value to serve as an estimate of fair value of pooled separate accounts. ASC 820 goes on to state that where NAV is allowed to be used as an estimate of fair value, if the reporting entity has the ability to redeem its investment at NAV as of the measurement date, the investment shall be categorized as a Level 2 fair value measurement. The Trustee has determined that these pooled separate accounts can be redeemed at net asset value.

- *Registered Investment Companies* - Valued at quoted market prices. These funds calculate net asset value per share, and are marked to market at the close of each trading day.
- *Fully Benefit-Responsive Investment Contract* - The fully benefit-responsive investment contract is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

THE DESIGN KNOWLEDGE COMPANY 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

9. FAIR VALUE MEASUREMENT (Continued)

- Fully Benefit-Responsive Investment Contract* (continued) - The contract value of the fully benefit-responsive investment contract represents contributions plus earnings, less participant withdrawals and administrative expenses. In determining the reasonableness of the methodology, a number of factors are considered, such as economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data.

Certain investments that are measured at net asset value and contract value have not been categorized in the fair value hierarchy; however, the net asset value and contract value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The table below summarizes, by level within the fair value hierarchy and those invested and measured at NAV for practical expedient, and at contract value, as of December 31, 2020.

10. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2021, the date the financial statements were issued.

Effective January 13, 2021, the Plan merged with the Centauri, LLC 401(k) Plan.
