NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crate and Barrel Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) plan covering eligible employees of Euromarket Designs, Inc. and Hudson Grace, doing business as Crate and Barrel (the "Company"). Full-time and part-time employees are eligible to participate upon hire. Seasonal employees are eligible to participate upon completing one year of service and 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

2. Contributions

The Plan is funded by voluntary traditional and Roth contributions of participants, required employer matching contributions and discretionary employer profit sharing contributions. Participants may contribute to the Plan, through regular payroll deductions, an amount equal to 1% to 75% of compensation, subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued employer matching contributions of $6,786,063 and discretionary employer profit sharing contributions of $1,919,400 to the Plan for the year ended December 31, 2020.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at a rate of 1% per year up to a maximum of 10% of eligible compensation, unless otherwise elected by the participant.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Trustees. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contribution, an allocation of the Company's discretionary profit sharing contributions, and an allocation of plan earnings. The Company's matching contributions were allocated based on 50% of the participant's contribution, up to 6% of the participant's eligible compensation. Employees are grouped into categories based on employer and years of service. The Company's discretionary profit sharing contributions are allocated based on each participant's eligible compensation to total eligible compensation within each participant's respective group. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in all contributions plus the actual earnings thereon.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals are also permitted by the Plan.

Under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), participants who self-certify that they meet certain criteria of the CARES Act are eligible for in-service distributions up to $100,000 without penalty. These distributions are taxed ratably over a three year period, but may be repaid by the participant over the same three year period to avoid such taxes. Under the CARES Act, provisions may be implemented prior to a formal amendment being executed. The Plan has until the last day of the Plan year in 2022 to amend the Plan for the provisions of the CARES Act.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at the prime rate in effect at the loan's inception (3.25% to 6.75%). Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Under the CARES Act, participants who self-certify that they meet certain criteria of the CARES Act are permitted to take loans up to a maximum equal to the lessor of $100,000 or 100% of their vested account. Self-certifying individuals may also elect to defer payments on outstanding loans until January 1, 2021.

8. Accrued Investment Consulting Fees

Accrued investment consulting fees represent fees payable for certain investment services provided by a party-in-interest. Accrued investment consulting fees totaled $60,000 at December 31, 2020 and 2019.

9. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

10. Forfeitures

At December 31, 2020 and 2019, unallocated plan assets resulting from forfeited nonvested accounts totaled $170,381 and $203,988, respectively. These accounts will be used to pay the Plan's administrative expenses. Approximately $54,000 of forfeitures were used to pay administrative expenses during 2020.

11. Revenue Credit Account

At December 31, 2020 and 2019, unallocated plan assets resulting from amounts earned from revenue sharing investments totaled $72,336 and $50,109, respectively. These accounts will be used to pay the Plan's administrative expenses. Revenue credits of $393,305 were used to pay administrative expenses during 2020.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of government agency securities, corporate debt instruments, and other fixed income securities that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled investment funds: Accounted for under the equity method, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Pooled Investment Funds
Balance, beginning of year	$ 1,085
Realized and unrealized losses on investments	(1,085)
Balance, end of year	$ -

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY GREAT TRUST COMPANY, LLC AND GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY, THE CURRENT TRUSTEE, AND FIDELITY MANAGEMENT TRUST COMPANY, THE FORMER TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current trustee as of December 31, 2020 and for the period February 3, 2020 through December 31, 2020 and from the former trustee as of December 31, 2019 and for the period January 1, 2020 through February 3, 2020, that the information provided to the Plan Administrator by the current and former trustee is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2020	2019
Investments, at fair value		
Mutual funds	$ 233,010,881	$ 200,080,175
Stable value collective trust fund	-	26,444,922
Pooled investment funds	-	1,085
Investments, at contract value		
Guaranteed investment contract	16,002,118	-
Notes receivable from participants	4,493,104	6,484,911
	$ 253,506,103	$ 233,011,093

NOTE C - INFORMATION CERTIFIED BY GREAT TRUST COMPANY, LLC AND GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY, THE CURRENT TRUSTEE, AND FIDELITY MANAGEMENT TRUST COMPANY, THE FORMER TRUSTEE (Continued)

The trustees also certified the completeness and accuracy of $26,013,441 of net appreciation in fair value of investments and $6,705,252 of interest and dividend income related to the aforementioned investments, and $265,040 of interest from notes receivable from participants for the year ended December 31, 2020.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company through the Select Guaranteed Fund which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Great-West Life & Annuity Insurance Company maintains the contributions in its general account. Great-West Life & Annuity Insurance Company guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated quarterly based upon contract provisions, and it may not be less than 1.98%. Great-West Life & Annuity Insurance Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

NOTE E - INCOME TAX STATUS

Prior to February 3, 2020, the Plan adopted a volume submitter plan by Fidelity. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The plan has been amended since receiving the determination letter.

Effective February 3, 2020, the Plan adopted a volume submitter plan sponsored by Great Trust Company, LLC and Great-West Life & Annuity Insurance Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The direct and indirect future impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the future effects on the Plan.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Great Trust Company, LLC and Great-West Life & Annuity Insurance Company. Great Trust Company, LLC and Great-West Life & Annuity Insurance Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, Plan investments were managed by Fidelity Management Trust Company, the former trustee of the Plan, and these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.
