Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2020 Financial Statements

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Auditor's Responsibility for the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion of the 2019 financial statements.

Basis for Disclaimer of Opinion on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, assets held by Great-West Trust Company, LLC, the trustee of the Plan as of December 31, 2020, and transactions in those assets from October 1, 2020 through December 31, 2020, were excluded from the scope of our audit of the Plan's financial statements, except for comparing the information provided by the trustee which is summarized in Note 3, with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's assets as of December 31, 2020 and executed transactions for the period October 1, 2020 through December 31, 2020. The Plan Administrator has obtained a certification from the trustee as of December 31, 2020 and for the period October 1, 2020 through December 31, 2020, that the information provided to the Plan Administrator is complete and accurate.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters-Report on Supplementary Information and Report on 2019 Financial Statements

The supplemental schedules, Schedule H, Part IV, Line 4(j) – Schedule of reportable transactions, and Schedule H, Part IV, Line 4(i) – Schedule of assets (held at end of year), as of and for the year ended December 31, 2020, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

We have audited the accompanying financial statement of JTM Provisions Company, Inc. Profit Sharing Plan, which comprise the statement of net assets available for benefits as of December 31, 2019, and in our report dated October 12, 2020, we expressed our opinion that such financial statement presents fairly, in all material respects, net assets available for benefits of the Plan as of December 31, 2019, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

JTM Provisions Company, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the JTM Provisions Company, Inc. (the Company) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of JTM Provisions Company, Inc. Employees are eligible to participate in the Plan upon attainment of age twenty-one and completion of six months of service during which the employee works at least 500 hours in a Plan year. Effective October 1, 2020 the eligibility requirements were amended to attainment of age of twenty-one and two months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's profit-sharing committee and Plan Administrator controlled and managed the operation and administration of the Plan for the period January 1, 2020 through September 30, 2020. The profit-sharing plan committee has all the powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Robert W. Baird & Co. Incorporated (Baird) (investment) and Key Bank (cash) served as the custodians of the Plan's assets for the period January 1, 2020 through September 30, 2020. Effective October 1, 2020 the plan became participant directed and Great-West Trust Company, LLC became the trustee of the plan. Latitude Retirement is the record keeper.

Contributions: Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company directed the investment of the participants' contributions into various investments for the time period January 1, 2020 through September 30, 2020. Effective October 1, 2020 investments became participant directed. The Company's contribution is at the discretion of the Company's management. For 2020, the Company contributed 25% of the first 5% of compensation that a participant contributed to the Plan. In addition, for 2020 a profit-sharing contribution of \$1,000,000 was made. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and forfeitures. Allocations are based on participant earnings or account balances, as defined. Accounts were valued on June 30, 2020 and then monthly from July 1, 2020 through September 30, 2020 to reflect earnings, expenses, forfeitures, distributions and any other activity occurring since the previous valuation date. Effective October 1, 2020 allocations are based on daily valuation accounting. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service or upon attaining age 59½ prior to any separation of service from the Company.

Notes receivable from participants: Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance. The minimum amount for any single loan is \$1,000. Loan terms do not exceed 5 years, except if the funds are for certain home-related loans. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is repaid through payroll withholding. Interest on participant loans is at a rate of prime plus 1%. The interest rate on outstanding loans was 4.25% as of December 31, 2020.

Note 1. Description of the Plan (Continued)

Payment of benefits: On termination of service due to death, disability, retirement or termination of service for other reasons, participants will receive a lump-sum amount equal to the value of the vested interest in their account. In-service distributions are permitted once a participant has attained age 59½. The Plan provides for benefit distributions as soon as administratively feasible based on the participant's account balance determined as of the valuation date immediately preceding the date on which the Company receives the participant's written request for distributions.

Forfeitures: Funds that are forfeited by participants are transferred to a forfeiture holding account. The forfeiture holding account is used to offset employer contributions or Plan expenses. Forfeited, non-vested accounts as of December 31, 2020 and 2019 totaled \$14,929 and \$0, respectively. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Profit-Sharing Committee determined the Plan's valuation policies utilizing information provided by the investment custodian for the period January 1, 2020 through September 30, 2020. See Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with employee contributions, and employer profit-sharing contribution is recognized on an annual basis at the Company's discretion.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. There were no delinquent loans that were not distributed as of December 31, 2020.

Subsequent events: The Plan Administrator has evaluated subsequent events October 11, 2021, the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified By Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedules as of December 31, 2020 and for the period October 1, 2020 through December 31, 2020, was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator was obtained certification from the trustee that information provided to the Plan Administrator by the trustee related to these assets for the period October 1, 2020 through December 31, 2020 is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 10 for the period October 1, 2020 to December 31, 2020 related to the Plan's assets.

The trustee, Great-West Trust Company, LLC, also certified the completeness and accuracy of \$2,328,003 of net appreciation in fair value of investments, \$282,825 of interest and dividend income related to investments, and \$830 of interest income from notes receivable from participants for the period October 1, 2020 through December 31, 2020.

Note 4. Nonparticipant-Directed Investments

Information about the net assets relating to the nonparticipant-directed investments is as follows at December 31:

Net assets:		
Common stocks	\$ -	\$ 25,838,695
Preferred stocks	-	2,017,790

Municipal bonds	-	20,821
Money market accounts	-	2,021,870
	<u>\$ -</u>	<u>\$ 33,744,998</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

JTM Provisions Company, Inc. Profit Sharing Plan

Notes to Financial Statements

Note 6. Income Tax Status

The Plan is an adopter of a prototype plan sponsored by Graydon Head & Ritchey LLP. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the prototype's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. For the period January 1, 2020 to September 30, 2020, third-party administrator's fees were paid directly by the Company. Effective October 1, 2020, third-party administrator's fees were paid by the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Great-West Trust Company, LLC, trustee of the Plan, at December 31, 2020. Great-West Trust Company, LLC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rates are based on an agreed-upon formula with the issuer, and are guaranteed for an agreed upon period, usually quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, the contract issuer may terminate the contract with 75 days advance notice to the contract owner for reasonable cause, which includes the contract owner's failure to render performance necessary to comply with the terms of the contract, failure to maintain contract value of at least \$20,000, plan disqualification or termination, the determination that amended terms of the Plan may have an adverse effect on obligations under the contract, or knowledge of a competing allocation option included in the Plan. Upon termination by the contract issuer, a market value adjustment or other withdrawal restrictions may apply.

Note 10. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common stocks, preferred stocks, mutual funds, and exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Insured deposit account: Valued at cost, which approximates fair value.

Certificates of deposit: Valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Corporate bonds, municipal bonds, and U.S. treasury notes: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 10. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2020 and 2019, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

Note 13. Coronavirus Pandemic

On January 30, 2020, The World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020 declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted amongst other provisions, to provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. During 2020, the Plan did not implement any of the CARES Act provisions.
